- Warranty & Support

1. SAFETY INFORMATION

To ensure safe use and prevent damage, please adhere to the following guidelines:

- **Weight Limit:** Do not exceed the maximum weight capacity of **12.7 pounds (5.7 kg) per tier**. Overloading can cause the shelf to detach from the wall, leading to injury or damage.
- **Secure Mounting:** Ensure the shelf is securely mounted to a solid wall surface according to the provided assembly instructions. Using appropriate wall anchors for your wall type is crucial. Avoid mounting on drywall alone without proper stud or heavy-duty anchor support.
- **Stability:** Regularly check all connections and mounting hardware to ensure they remain tight and secure. Loose connections can compromise stability.
- **Children and Pets:** Keep children and pets away from the shelf during assembly. Do not allow them to climb on or hang from the installed shelf.
- **LED Lights:** Use the LED lights as intended. Do not attempt to modify the wiring or power source. Keep the remote control away from liquids.

2. PRODUCT OVERVIEW

The HOOBRO Floating Shelves with LED Lights (Model BF21DBJ01) is a versatile 3-tier wall-mounted display and storage solution. It features a rustic brown and black design, suitable for various room types including living rooms, bedrooms, and gaming areas. The integrated LED lights offer customizable ambiance, and the bottom hanging rod with S-hooks provides additional utility.

Product Features:

- **LED Lighting:** Equipped with LED lights offering 16 colors, 4 modes, and 5 brightness levels, controllable via a

remote.

- **Space Maximization:** Dimensions of 29.5"L x 7.9"W x 30.7"H provide ample storage across three tiers.
- **Integrated Hanging Rod:** A bottom towel bar with 4 S-hooks for hanging items like cups, keys, or towels.
- **Durable Construction:** Made from quality engineered wood (particleboard) and reinforced with sturdy S-shaped metal supports.
- **Versatile Application:** Ideal for displaying decor, organizing gaming accessories, or storing household items in various rooms.

Product Dimensions:

Image: Product dimensions including length (29.5" / 75cm), width (7.9" / 20cm), and height (30.7" / 78cm). Shelf spacing is 9.6" / 24.5cm.

The shelf measures 29.5 inches (75 cm) in length, 7.9 inches (20 cm) in depth, and 30.7 inches (78 cm) in height. The spacing between shelves is approximately 9.6 inches (24.5 cm), allowing for easy access to stored items.

3. ASSEMBLY INSTRUCTIONS

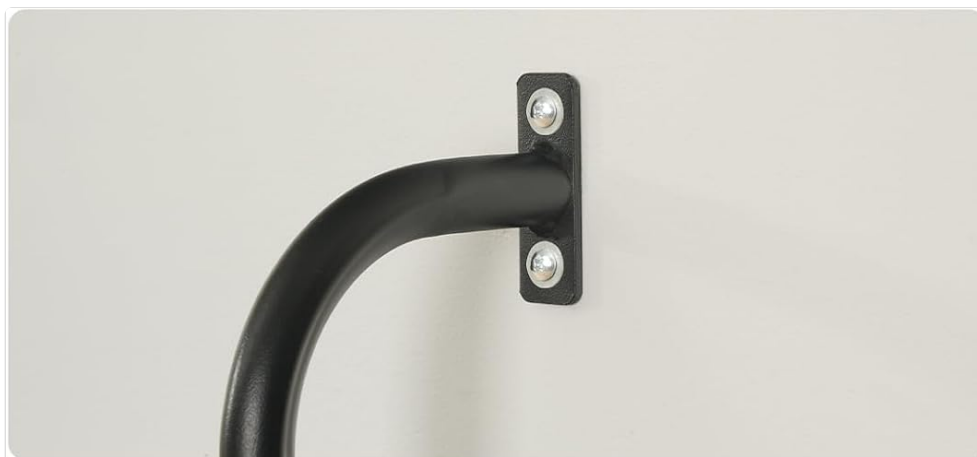

This product requires assembly. All necessary hardware and clear instructions are included to facilitate quick setup. It is recommended to assemble the unit in the desired location or a spacious area.

Included Components:

- 1 x Wall Mounted Display Rack (disassembled)
- 1 x Accessory Kit (screws, anchors, etc.)
- 1 x Instructions Manual

Assembly Steps:

1. **Unpack and Verify:** Carefully unpack all components and compare them against the parts list in the included instruction manual. Ensure all pieces are present and undamaged.
2. **Prepare Tools:** Gather necessary tools, typically a screwdriver and a drill for wall mounting (not included).
3. **Assemble Shelf Sections:** Follow the step-by-step diagrams in the manual to connect the engineered wood shelf panels and metal support frames. The shelves are split in half and attach with a 6-bolt bracket.
4. **Attach Hanging Rod:** Secure the bottom hanging rod to the assembled frame.
5. **Identify Mounting Location:** Choose a solid wall for mounting. Use a stud finder to locate wall studs for optimal security. If studs are not available, use appropriate heavy-duty wall anchors (ensure they can support the shelf's weight plus contents).
6. **Mount to Wall:** Carefully mark and drill pilot holes. Secure the shelf to the wall using the provided hardware or suitable alternatives for your wall type. Ensure the shelf is level before tightening all screws.
7. **Install LED Lights:** Adhere the LED light strip to the designated areas on the shelves. Connect the USB power cable.
8. **Attach S-Hooks:** Place the 4 S-hooks onto the hanging rod.

Note: While the assembly is designed to be straightforward, it is recommended to have a second person assist with wall mounting for safety and ease.

4. OPERATING INSTRUCTIONS

LED Light Operation:

The integrated LED lights provide customizable illumination for your shelf. Use the included remote control to manage the lighting effects.

- **Power On/Off:** Press the power button on the remote to turn the LED lights on or off.
- **Color Selection:** Choose from 16 different colors using the color buttons on the remote.
- **Mode Selection:** Cycle through 4 dynamic lighting modes (e.g., flash, strobe, fade, smooth) to create different atmospheres.

- **Brightness Adjustment:** Adjust the light intensity using the brightness control buttons. There are 5 levels of brightness available.
- **Power Source:** The LED strip is USB-powered. Ensure it is connected to a compatible USB power source (e.g., USB wall adapter, power bank, computer USB port).

General Shelf Usage:

- **Display:** Utilize the three tiers to display decorative items, books, small plants, or collectibles.
- **Storage:** Store frequently used items, office supplies, or kitchen essentials.
- **Hanging Items:** Use the bottom hanging rod with the provided S-hooks for convenient access to items like headphones, keys, small tools, or kitchen utensils.

5. MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your HOOBRO Floating Shelves.

- **Cleaning:** The smooth engineered wood panels can be easily cleaned with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish.
- **Dusting:** Dust the shelves and metal frame regularly with a dry, soft cloth to prevent buildup.
- **Hardware Check:** Periodically inspect all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.

- **LED Lights:** Keep the LED strip and remote control dry. If the LED strip becomes dirty, gently wipe it with a dry cloth.

6. TROUBLESHOOTING

If you encounter any issues with your HOOBRO Floating Shelves, refer to the following common solutions:

Problem	Possible Cause	Solution
Shelf feels unstable or wobbly	Loose mounting screws or improper wall anchors. Overloaded shelf.	Ensure all wall mounting screws are securely tightened. Verify that appropriate wall anchors were used for your wall type. Reduce the weight on the shelves to stay within the 12.7 lb limit per tier.
LED lights not turning on	USB power not connected or faulty. Remote control battery low or faulty. LED strip connection loose.	Check if the USB cable is securely plugged into a working power source. Replace the remote control battery. Ensure the LED strip is properly connected to its controller.
LED remote not responding	Remote control battery low or faulty. Obstruction between remote and LED receiver.	Replace the remote control battery. Ensure there is a clear line of sight between the remote and the LED light receiver.
Missing parts during assembly	Packaging error.	Carefully re-check all packaging materials. If parts are still missing, contact HOOBRO customer support.
