GarveeHome 71-inch XXL Double Dog Crate Furniture Instruction Manual

Model: T_geGUytAWluUcDc-wylfgAwN15 | Brand: GarveeHome

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your GarveeHome 71-inch XXL Double Dog Crate Furniture. This versatile furniture piece is designed to serve as a comfortable and secure space for two large or medium-sized dogs, while also functioning as a TV stand or side table with ample storage. Key features include a farmhouse furniture style with barn doors and bracket accents, a removable middle divider for flexible space configuration, and three spacious drawers for organizing pet essentials and household items. Constructed from high-quality P2 grade MDF board and reinforced steel pipes, it offers robust support for both pets and display items.

SAFETY INFORMATION

- Always ensure all parts are securely fastened before allowing pets to use the crate.
- Do not exceed the maximum weight capacity of 200 LBS inside the crate and 250 LBS on the top surface.
- Keep small parts and assembly tools away from children and pets during assembly.
- Regularly inspect the crate for any loose or damaged components and address them immediately to prevent injury.
- This product is intended for indoor use only.

SETUP AND ASSEMBLY

The GarveeHome dog crate furniture is designed for straightforward assembly. Each part is pre-numbered and pre-drilled, and an accessory bag with all necessary hardware is included. Please follow the step-by-step guide provided in the physical instruction manual included with your package.

Important Assembly Notes:

- Carefully review all diagrams and instructions before beginning.
- While parts are pre-numbered, some users have reported minor discrepancies between illustrations and actual pieces. If you encounter such issues, attempt to align components practically to ensure correct fit.
- Ensure all screws and bolts are tightened securely, but avoid over-tightening to prevent damage to the MDF board.
- The removable middle divider is designed to be installed or removed as needed. If you intend to use it as a single large enclosure, ensure the divider is fully removed and any associated hardware is stored safely.

For any questions during assembly, please refer to the after-sales email address provided in your physical manual.

OPERATING INSTRUCTIONS

Crate Doors and Locking Mechanism:

The crate features double doors for each compartment, equipped with secure locking mechanisms at both the top and bottom. To open, slide the bolt upwards or downwards to disengage, then pull the door open. To close, align the doors and slide the bolts into place until they are fully engaged. This dual-point locking system enhances security for your pets.

REMOVABLE DIVIDER

1 room convert to 2 rooms

With Divider

Two Rooms With

Without Divide

One Room without
Divider

Figure 2: Detail of the secure door latches.

Removable Divider:

The middle divider can be installed to create two separate compartments or removed to form one large enclosure. This flexibility allows you to adapt the crate to the needs of one or two pets. Ensure the divider is properly secured if in use, or stored safely if removed.

Display Stand

TV Stand

Side Cabinet

Figure 3: Removable divider functionality.

Storage Drawers:

The upper section of the furniture includes three spacious drawers. These are ideal for storing dog food, treats, leashes, grooming supplies, and other pet essentials. The drawers operate on smooth glides for easy access.

EXTRA STORAGE SPACE

3 big drawers are great places to store dog supplies

Figure 4: Ample storage in the three drawers.

Multi-functional Use:

Beyond its primary function as a dog crate, this furniture piece can also serve as a TV stand, side table, or display stand, integrating seamlessly into your home decor.

MAINTENANCE

Cleaning:

The surface of the crate is designed to be waterproof. For general cleaning, wipe down with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish. Promptly clean any spills to maintain the integrity of the material.

Waterproof Surface

Three Storage Drawers

Durable Engineering Board

Figure 6: Waterproof surface for easy cleaning.

Structural Integrity:

Periodically check all screws, bolts, and connections to ensure they remain tight. Re-tighten as necessary to maintain the crate's stability and safety. The robust construction with P2 grade MDF board and steel pipes is built for durability, but regular checks are recommended.

TROUBLESHOOTING

- **Assembly Instructions Seem Incorrect:** If the provided instructions appear to be reversed or illustrations do not perfectly match components, attempt to align parts logically. The design is generally intuitive, and minor adjustments in interpretation may be needed. If significant issues persist, contact customer support.
- **Divider Not Removable:** The middle divider is designed to be removable. If it appears permanently fixed, double-check the assembly steps related to the divider and ensure no screws or fasteners were installed in a way that prevents its removal. It should not be permanently attached to the doors.
- **Flimsy Latches or Misalignment:** Ensure all latch components are installed correctly and securely. If latches feel

flimsy or do not align, re-check the installation of the doors and the latch hardware. Proper alignment during assembly is crucial for secure operation.

- **Scratches on Floors:** The feet of the crate are designed with a rubberized bottom to prevent scratching. If you experience scratching, ensure the feet are properly installed and consider placing additional protective pads underneath, especially when moving the unit.

SPECIFICATIONS

Feature	Detail
Product Dimensions (L x W x H)	70.87 in L x 22.05 in W x 34.65 in H
Item Weight	143.3 Pounds
Material	P2 Grade MDF Board, 0.8 in Thick Steel Pipes
