3. PRODUCT OVERVIEW

3.1. Dimensions and Design

The keyboard and mouse are designed for portability and comfort. The keyboard features a slim profile and a 7-degree tilt for ergonomic typing, while the mouse offers a comfortable handshake grip.

FULL-SIZE WIRELESS KEYBOARD COMBO

17.28in

Image 3.1: Detailed dimensions of the full-size wireless keyboard and mouse, highlighting their compact and ergonomic design.

3.2. Ergonomic Features

The keyboard includes a gel-infused wrist rest and a 7-degree tilt angle to promote a more relaxed hand and wrist position, reducing fatigue during extended use. The mouse's design supports a natural hand posture.

COMFORTABLE GENEROUS PALM REST

Increased Comfort, Reduce Wrists Fatigue

VS

Sore Others

Comfortable Ours

Image 3.2: Demonstration of the comfortable and generous palm rest on the keyboard, designed to increase comfort and reduce wrist fatigue.

3.3. Silent Operation

Both the keyboard and mouse are engineered for silent operation. The keyboard's Silent-Elastic design reduces key clatter by 95%, and the mouse features micro-dampeners for quiet clicks, making it ideal for quiet environments.

LESS NOISE, NO DISTURB

Silent, accurate, more suitable for your work

Less Noise

Ultra Silent Click

4. SETUP INSTRUCTIONS

4.1. Connecting the USB Receiver

1. Locate the USB receiver. It is typically stored in a compartment on the back of the keyboard.
2. Plug the USB receiver into an available USB port on your computer (PC, Laptop, Chromebook, etc.).
3. The system will automatically detect and install the necessary drivers. No additional software installation is required.

NO DELAYS, NO DROPOUTS

One USB receiver connects both the keyboard and mouse

Image 4.1: Diagram showing the single USB receiver connecting both the keyboard and mouse to a laptop, illustrating the 2.4GHz wireless connection and 33ft wireless range.

4.2. Powering On

- **Keyboard:** Locate the ON/OFF switch, usually on the top edge or back of the keyboard, and slide it to the 'ON' position.
- **Mouse:** Locate the ON/OFF switch on the bottom of the mouse and slide it to the 'ON' position.

The devices should connect automatically to the USB receiver. If they do not connect, ensure the receiver is properly inserted and the devices are powered on.

4.3. Initial Charging

The keyboard and mouse come with built-in rechargeable batteries. For optimal performance, it is recommended to fully charge them before first use.

- Connect the provided Type-C charging cable to the charging port on the keyboard and mouse, and the other end to a USB power source (e.g., computer USB port, USB wall adapter).
- A full charge takes approximately 2 hours.

QUICK CHARGE, LONGER STANDBY

No Need to Change Batteries Frequently

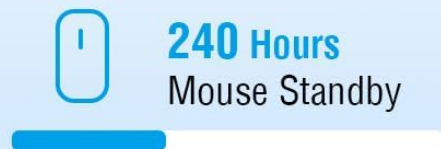

Image 4.2: Visual guide for charging the keyboard and mouse via their Type-C ports, indicating charging time and standby hours.

5. OPERATING INSTRUCTIONS

5.1. Keyboard Functions

The full-size keyboard features 109 keys, including a numeric keypad and 12 convenient shortcut keys (F1-F12)

for quick access to media controls, volume, and other functions. Refer to the key legends for specific shortcut functions.

5.2. Mouse Functions

The mouse is equipped with 6 buttons and adjustable DPI settings:

- **Left/Right Click:** Standard mouse buttons.
- **Scroll Wheel:** For vertical scrolling.
- **DPI Switch Button:** Located behind the scroll wheel. Press to cycle through 3 DPI levels (800, 1200, 1600 DPI) to adjust cursor sensitivity.
- **Forward/Back Buttons:** Located on the side of the mouse, typically used for navigating web pages.

3 GRADE DPI AND 6 BUTTONS

Improve Your Work Efficiency

5.3. Compatibility

The EDJO Wireless Keyboard and Mouse Combo is widely compatible with various operating systems and devices, including:

- Windows 7/8/10/XP/Vista
- Mac OS
- Linux

- Chromebook
- Personal Computers (PC)
- Laptops
- Televisions (with USB support)

Image 5.2: Visual representation of the wide compatibility of the keyboard and mouse with various operating systems and devices, including Windows, Mac, Chrome, and UNIX.

6. MAINTENANCE

6.1. Cleaning

- To clean the keyboard and mouse, power them off and disconnect the USB receiver.
- Use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution.
- Avoid using harsh chemicals, abrasives, or excessive moisture.
- For dust between keys, use compressed air.

6.2. Battery Care

- The devices feature dual 350mAh/300mAh rechargeable batteries.
- A full charge provides over 480 hours of work/gaming time.
- The smart sleep mode reduces idle power consumption by 67%. The devices will enter sleep mode after 3 minutes of inactivity. Press any key or move the mouse to wake them up.
- Recharge when the low battery indicator light appears (if applicable) or when performance degrades.

7. TROUBLESHOOTING

If you encounter issues with your EDJO Wireless Keyboard and Mouse Combo, please refer to the following common solutions:

Problem	Possible Cause	Solution
Keyboard/Mouse not responding	Low battery; Device is off; USB receiver disconnected; Interference.	Charge the devices; Ensure devices are ON; Re-insert USB receiver; Move closer to receiver or away from other wireless devices.
Lag or delayed response	Distance from receiver; Interference; Low battery.	Ensure devices are within 33ft of the receiver; Minimize interference from other 2.4GHz devices; Charge the devices.
Mouse cursor erratic or not moving smoothly	Dirty sensor; Incorrect DPI setting; Uneven surface.	Clean the mouse optical sensor; Adjust DPI setting using the DPI button; Use on a smooth, opaque surface.
Keyboard keys not working	Dirt under key; Software issue.	Clean around the affected key; Restart your computer.
