

Brizled SLCL002

Brizled Smart 200 LED Color Changing String Lights

Model: SLCL002

Brand: Brizled

INTRODUCTION

The Brizled Smart 200 LED Color Changing String Lights offer versatile illumination for various settings. These lights feature both warm white and multicolor options, controllable via a smartphone application or voice commands. Designed for both indoor and outdoor use, they include multiple lighting modes, music synchronization, and scheduling capabilities to enhance your environment.

WHAT'S IN THE BOX

- 1 x Brizled Smart 200 LED Color Changing String Lights
- 1 x User Manual

SETUP INSTRUCTIONS

1. **Unpack the Lights:** Carefully remove the string lights from the packaging. Ensure all components are present.
2. **Placement:** Determine the desired location for your lights. These lights are suitable for indoor and outdoor use. For outdoor installations, ensure the power adapter and electrical transformer are protected from water.
3. **Power Connection:** Plug the power adapter into a standard electrical outlet.
4. **Download the App:** Search for the 'Brizled' app on your smartphone's app store (available on App Store and Google Play). Download and install the application.
5. **Pairing with App:**
 - Open the Brizled app and follow the on-screen instructions to add a new device.
 - Ensure your phone's Bluetooth is enabled for initial pairing.
 - The app will guide you through connecting the lights to your Wi-Fi network.
6. **Manual Control (Adapter Button):** If app control is not desired, the control button on the adapter allows you to switch between 10 different modes. Press and hold the button for 5 seconds until the

green indicator light flashes quickly to reset or enter pairing mode.

OPERATING INSTRUCTIONS

1. Smart App Control

The Brizled app provides comprehensive control over your string lights. Once paired, you can:

- **Adjust Colors and Modes:** Select from a variety of warm white and multicolor combinations, as well as multiple dynamic modes (e.g., slow flash, sequential, chasing/flash, twinkle/flash, breathing, slow-glow, in waves).
- **Brightness Control:** Adjust the light brightness from 1% to 100% to suit any ambiance.
- **Scheduling and Timers:** Set custom schedules and countdown timers for automatic power on/off, specific modes, and brightness levels.
- **Group Control:** Manage multiple sets of Brizled smart lights simultaneously by grouping them within the app.
- **Music Sync:** Utilize the built-in high-sensitivity microphone to synchronize the lights with music, creating dynamic light shows.

2. Voice Control

The lights are compatible with Amazon Alexa and Google Home, allowing for hands-free operation. Use simple voice commands to:

- Turn lights on/off.
- Dim or brighten the lights.
- Change light colors or modes.

3. Lighting Modes and Colors

The Brizled Smart String Lights offer a range of options:

- **Warm White:** Provides a classic, cozy glow.
- **Multicolor:** Displays a vibrant array of colors.
- **Combined Modes:** Enjoy a harmonious blend of warm white and multicolor lights with various dynamic effects.

5. Timer and Countdown

Automate your lighting experience by setting timers or countdowns through the app. This allows the lights to turn on or off at specific times, conserving energy and adding convenience.

MAINTENANCE

- **Cleaning:** Disconnect the lights from power before cleaning. Wipe gently with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the lights in their original packaging or a protective container in a cool, dry place. Avoid tangling the wires to prevent damage.
- **Outdoor Use:** While the lights are IP44 water-resistant, it is crucial to protect the power adapter and electrical transformer from direct exposure to water or harsh weather conditions.

TROUBLESHOOTING

- **Lights Not Turning On:**
 - Check if the power adapter is securely plugged into a working outlet.
 - Ensure the lights are connected to the power adapter correctly.
 - Verify that the lights are not set to an 'Off' schedule in the app.
- **App Connectivity Issues:**

- Ensure your smartphone's Bluetooth is on and you are within range of the lights.
 - Confirm your Wi-Fi network is active and the lights are connected to a 2.4GHz network (5GHz networks are typically not supported by smart devices).
 - Try resetting the lights by pressing and holding the control button on the adapter for 5 seconds until the green indicator light flashes quickly, then re-pair via the app.
- **Voice Control Not Responding:**
 - Ensure the lights are properly linked to your Alexa or Google Home account through the Brizled app.
 - Check the internet connection of your smart speaker/device.
 - Verify that the voice commands are clear and match the device's recognized commands.
- **Lights Not Syncing with Music:**
 - Ensure the music sync feature is activated in the Brizled app.
 - Check that the microphone on the light controller is not obstructed.
 - Adjust the sensitivity settings in the app if available.
