AYEASY B0DS5LSRH4

AYEASY Shoe Cabinet Storage for Entryway

Model: B0DS5LSRH4

User Manual

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your AYEASY Shoe Cabinet Storage for Entryway. Please read this manual thoroughly before assembly and use to ensure proper functionality and safety.

SAFETY INFORMATION

Important Safety Instructions:

- Always assemble the shoe cabinet according to the instructions provided.
- Use the anti-dumping device and secure the cabinet to the wall to prevent tipping. This is crucial for safety, especially in households with children.
- Keep the area around the cabinet clear of obstructions to prevent accidents.
- Do not overload the cabinet beyond its weight limit of 20 kg.

SETUP AND ASSEMBLY

The AYEASY Shoe Cabinet is designed for straightforward assembly. All necessary parts are labeled, and detailed instructions are included in the package. For a visual guide, please refer to the assembly video below.

Official AYEASY Shoe Cabinet Assembly Guide. This video demonstrates the step-by-step process for assembling your shoe cabinet, including attaching panels and installing the flip drawers.

Assembly Steps Overview:

1. **Prepare Components:** Unpack all parts and verify against the included parts list. Ensure all screws, washers, and wooden dowels are present.
2. **Assemble Side Panels:** Attach the side panels to the base and top panels using the provided

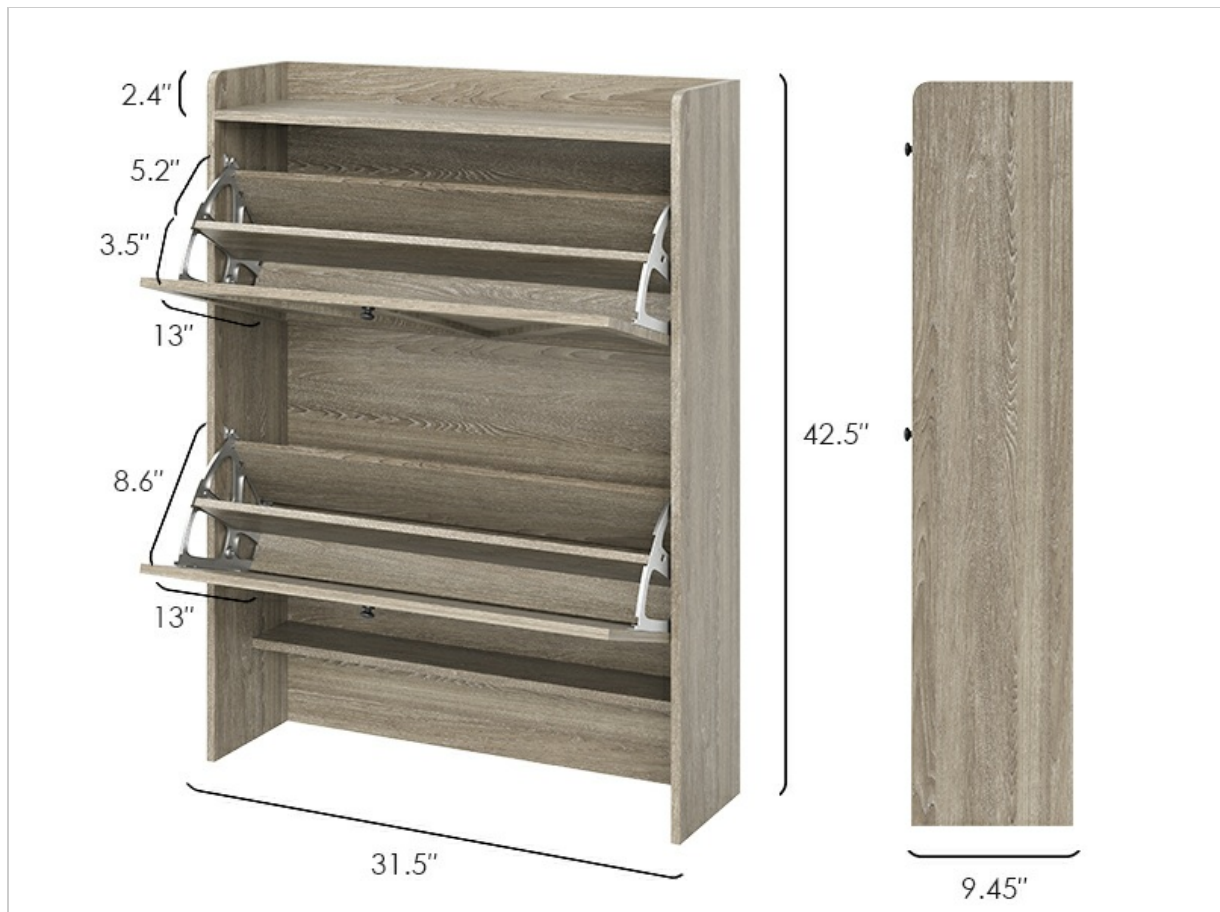

screws and dowels. Ensure a secure fit.

3. **Install Flip Drawer Mechanisms:** Secure the metal flip mechanisms to the side panels of the cabinet.
4. **Construct Flip Drawers:** Assemble the individual flip drawers by attaching the front panel, back panel, and internal partitions to the metal mechanisms. The partitions can be adjusted or removed to accommodate different shoe sizes.
5. **Attach Back Panel:** Secure the back panel to the main cabinet structure.
6. **Finalize Assembly:** Ensure all screws are tightened and the cabinet is stable.
7. **Install Anti-Tipping Device:** Securely attach the anti-tipping device to the top rear of the cabinet and fasten it to a wall stud. This step is critical for stability and safety.

Refer to the detailed diagram and instructions included in your product package for specific part identification and precise assembly steps.

OPERATING INSTRUCTIONS

The AYEASY Shoe Cabinet is designed for efficient and discreet shoe storage.

- **Using the Flip Drawers:** Gently pull the knob on each drawer to open. The drawers flip down to reveal two tiers for shoe storage. Push the drawer back up until it clicks into place to close.
- **Adjustable Partitions:** Each flip drawer is equipped with a partition that can be adjusted or removed. This allows for flexible storage of various shoe types and sizes, from flats to high heels.
- **Top Surface:** The top surface of the cabinet can be used to place small items such as keys, decorative ornaments, or potted plants.
- **Bottom Space:** The open space at the bottom of the cabinet is suitable for storing slippers or accommodating a sweeping robot for easy access.

Metal FlipFrame

Compared with plastic parts, it is easy to deform and age, and the metal parts we use are safer and more durable.

The shoe cabinet with both flip drawers open, demonstrating the internal storage capacity for multiple pairs of shoes.

Anti-Tipping

Ensuring your family's Safety

MAINTENANCE

To maintain the appearance and longevity of your AYEASY Shoe Cabinet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the wood finish.
- **Dusting:** Regularly dust the cabinet with a dry, soft cloth to prevent dust buildup.
- **Spills:** Immediately clean any spills to prevent staining or damage to the wood.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your AYEASY Shoe Cabinet, consider the following common solutions:

- **Cabinet Instability:** Ensure the cabinet is placed on a level surface. Verify that all assembly screws are securely tightened. Confirm the anti-tipping device is properly installed and anchored to the wall.
- **Drawers Not Closing Smoothly:** Check for any obstructions within the drawer mechanism or if

shoes are preventing full closure. Ensure the internal partitions are correctly positioned.

- **Damage During Use:** If any part becomes damaged, cease use and contact customer support for assistance.

SPECIFICATIONS

Feature	Detail
Brand	AYEASY
Model	B0DS5LSRH4
Color	Grey
Product Dimensions	9.45"D x 31.5"W x 42.5"H
Material	Wood
Frame Material	Wood
Special Feature	Foldable (referring to flip drawers)
Mounting Type	Wall Mount (for anti-tipping device)
