Zyerch N710F-X

Zyerch 30-Inch Bathroom Vanity with Ceramic Sink Combo

Model: N710F-X

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

Handle with care during installation to prevent damage. Do not expose the ceramic sink to extreme temperatures or sudden impacts. Always use appropriate safety gear when handling and installing the cabinet.

PRODUCT COMPONENTS

The Zyerch 30-inch Bathroom Vanity includes the following main components:

- Bathroom Vanity Cabinet (Solid Pine Wood Frame, MDF Boards for drawers)
- Ceramic Integrated Sink
- Hardware for assembly (knobs, hinges, drawer slides)

Ensure all parts are present and undamaged before beginning assembly. If any parts are missing or damaged, please contact customer support.

Figure 2: Product dimensions and internal layout. The vanity measures 29.9 inches wide, 18.3 inches deep, and 33.7 inches high. It features a ceramic sink, a tip-out drawer, and a cabinet with a shelf.

SETUP AND INSTALLATION

This Zyerch bathroom vanity is designed for freestanding, floor-mount installation and requires assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the "Product Components" section are present.
2. **Prepare Workspace:** Choose a clean, flat, and spacious area for assembly. Protect the floor and components from scratches.
3. **Assemble Cabinet Frame:** Follow the detailed instructions provided in the separate assembly guide (usually included in the package) to construct the main cabinet frame. Each component has markings and reserved holes for easier assembly.
4. **Install Drawers and Doors:** Attach the drawer slides to the cabinet and assemble the drawers. Install the soft-closing hinges and attach the cabinet door.
5. **Place Ceramic Sink:** Carefully position the ceramic sink onto the top of the assembled cabinet. Ensure it is properly aligned and secured according to the assembly guide.
6. **Install Faucet (Not Included):** The ceramic sink features pre-drilled three holes for an 8-inch

centerset faucet. Install your chosen faucet according to its manufacturer's instructions.

7. **Connect Plumbing:** Connect the water supply lines and drain to the faucet and sink. Ensure all connections are tight to prevent leaks.
8. **Position Vanity:** Carefully move the assembled vanity to its final desired location in the bathroom. Ensure it is level and stable.

A variety of storage spaces for you to choose from

OPERATING INSTRUCTIONS

The Zyerch bathroom vanity is designed for practical storage and daily use.

- **Drawers:** The vanity is equipped with two drawers for storing bathroom essentials. The full extension drawers allow for easy access to items stored at the back.
- **Cabinet:** The cabinet provides additional storage space for larger items. The door features soft-closing hinges for quiet operation.
- **Ceramic Sink:** Use the integrated ceramic sink for washing. The overflow with a metal circle is designed to prevent water from spilling over if the tap is accidentally left on.

SIZE INCH

MAINTENANCE AND CARE

Proper maintenance will ensure the longevity and appearance of your Zyerch bathroom vanity.

- **Ceramic Sink:** The ceramic material is smooth and easy to clean. Use a soft cloth and mild, non-abrasive cleaner for daily cleaning. Avoid harsh chemicals or abrasive pads that could scratch the surface.
- **Cabinet Surface:** The cabinet features a waterproof painted finish. Wipe surfaces with a soft, damp cloth. Avoid excessive moisture and promptly wipe up any spills. Do not use abrasive cleaners or solvents.
- **Hardware:** Periodically check and tighten any loose screws on hinges, drawer slides, and knobs. Clean metal hardware with a soft, dry cloth.
- **General Care:** Avoid placing extremely hot or heavy objects directly on the vanity surface. Ensure proper ventilation in the bathroom to prevent excessive humidity.

TROUBLESHOOTING

This section addresses common issues you might encounter with your Zyerch bathroom vanity.

Problem	Possible Cause	Solution
Drawers do not slide smoothly.	Misaligned drawer slides or debris in tracks.	Check alignment of drawer slides. Clean tracks of any dust or debris. Apply a silicone lubricant if necessary.
Cabinet door does not close properly.	Loose or misaligned hinges.	Adjust or tighten hinge screws. Ensure the cabinet frame is level.
Water leaks from sink or faucet.	Loose plumbing connections or faulty faucet installation.	Check all plumbing connections for tightness. Re-seal connections if necessary. Consult a plumber if the issue persists.

Problem	Possible Cause	Solution
Vanity appears unstable or wobbly.	Uneven floor or improper assembly.	Ensure the vanity is placed on a level surface. Adjust feet if possible. Verify all assembly screws are tightened.
