

## Mova PF10 Pro

# MOVA PF10 Pro Automatic Pet Feeder User Manual

Model: PF10 Pro

## INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your MOVA PF10 Pro Automatic Pet Feeder. Please read this manual thoroughly before using the device to ensure proper function and safety. This feeder is designed to provide scheduled meals for cats and small dogs, offering convenience and consistent feeding.

*The MOVA PF10 Pro Automatic Pet Feeder, shown alongside its companion mobile application for remote control.*

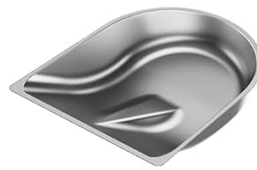

## PRODUCT OVERVIEW

---

### What's in the Box

**Main Unit x1**  
(includes lid, food container)

**Stainless  
Steel Bowl x1**

**Desiccant  
Pack x1**

**Power  
Adapter x1**

## What's in the Box

*All components included with the MOVA PF10 Pro Automatic Pet Feeder.*

- Main Unit (includes lid and food container) x1
- Stainless Steel Bowl x1
- Desiccant Pack x1
- Power Adapter (USB adapter and cable) x1

### Key Features

- **Remote APP Control:** Schedule feeding times and portions via the MOVAhome App.
- **Large Capacity:** 3.4L food container holds approximately 4.4 lbs of dry food.
- **Consistent Dispensing:** Four-petal structure prevents food blockages and ensures accurate portions.
- **304 Stainless Steel Bowl:** Hygienic, easy to clean, and odor-resistant.
- **Integrated Weighing Bowl:** Measures dispensed food for precise tracking and prevents false dispensing.
- **Dual Power Supply:** Operates with DC power (USB adapter) and battery backup for uninterrupted feeding.
- **Detachable Food Container:** Inner layer is easily removable for cleaning.

Smart feeding with peace of mind.

3.4L Capacity Tank

App Control

Four-Petal Structure to Prevent Food Blockages

Built-In Food Bowl Scale

Detachable Food Container

Dual Power Sources

*An overview of the MOVA PF10 Pro Pet Feeder's main features.*

## SETUP INSTRUCTIONS

### 1. Power Supply

Connect the provided USB adapter to the feeder's power port and plug it into a wall outlet. For battery backup, insert three D-cell batteries (not included) into the battery compartment at the bottom of the feeder. This ensures continuous operation during power outages.

#### Dual Power Sources

Operating on dry batteries and DC power, the Pet Feeder includes a USB adapter and battery backup to ensure pets can access food even during power outages.

Nip-Proof Power Cable

\*Batteries are not included.

*The feeder can be powered by DC current or battery backup.*

### 2. App Installation and Connection

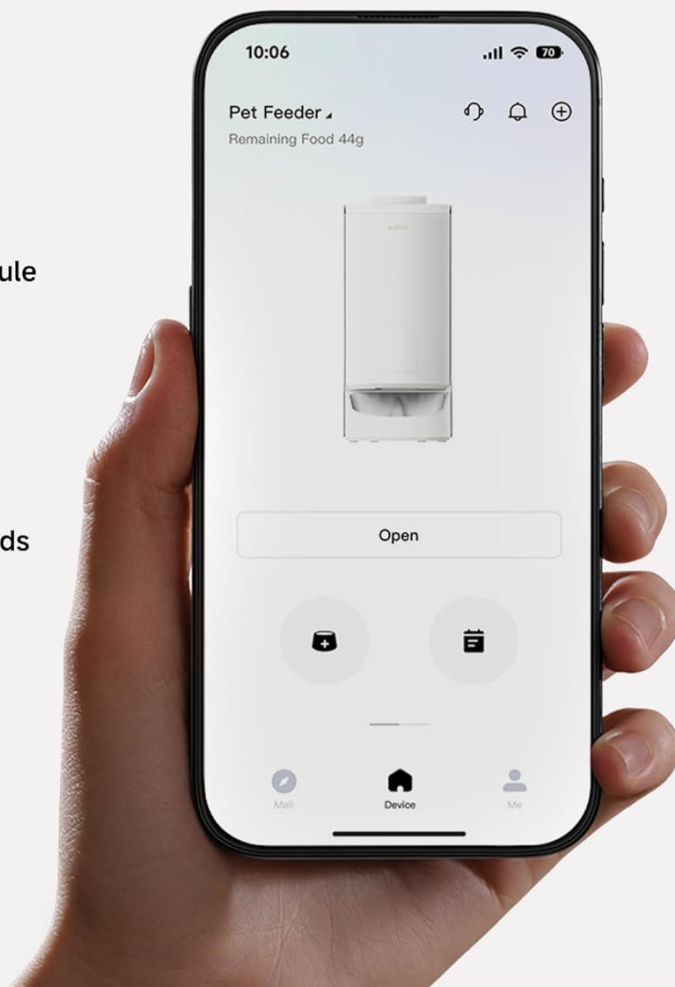

1. Download the MOVAhome App from your smartphone's app store.
2. Create an account and log in.
3. Follow the in-app instructions to add your device. You will need to scan a QR code located on the feeder.
4. To connect to Wi-Fi, locate the small black button on the **bottom** of the feeder, near the power port. Press this button to initiate Wi-Fi pairing. A blue light will indicate pairing mode. Ensure your Wi-Fi network is 2.4GHz.

  
**Set  
Feeding Schedule**

  
**Daily  
Feeding Records**

  
**Residual  
Food Detection**

  
**Food  
Blockage Detection**

## Customized App Control

*The MOVAhome app provides customized control over your pet's feeding schedule.*

### 3. Initial Food Fill

Open the lid of the feeder and pour dry pet food into the food container. The 3.4L capacity can hold approximately 4.4 lbs of food, sufficient for an adult cat for about two weeks or a small dog for one week. Ensure the desiccant pack is placed in its designated slot in the lid to maintain food freshness.

## Stay Fresh for More Than 2 Weeks

PF10 Pro's 3.4L food container can store about 2 kg\* (around 4.4 lbs) of food, ensuring your pets have access to fresh food. The container's capacity is enough to feed an adult cat for 15 days or one small dog for one week.\*

**3.4L** Capacity Tank

\*2kg: Data tested by our in-house lab. Actual results may vary depending on the dog or cat's size, temperament, and appetite.

3.4L

*The 3.4L capacity ensures food remains fresh for extended periods.*

## OPERATING INSTRUCTIONS

### 1. App Control and Scheduling

Use the MOVAhome App to create a personalized feeding schedule for your pet. You can schedule up to 20 meals per day, with up to 20 portions per meal. The app allows for remote dispensing and provides alerts for low food levels or blockages.

### Smart Personalization for Your Pet's Schedule

Plan your pet's meals with the MOVAhome App. Schedule feeding times and portions remotely or dispense food manually with a button. Ensure perfect mealtime for your pet anytime, anywhere.

20 Schedule up to 20 Meals per day

20 Dispense up to 20 Portions per meal

+ Extra Feeding Scheduling

*Plan your pet's meals with the MOVAhome App for smart personalization.*

### 2. Manual Dispensing

To manually dispense food, press the button located at the bottom side of the feeder. This will dispense one portion of food.

### 3. Precise Feeding with Weighing Bowl

The integrated stainless steel bowl features a built-in scale that weighs dispensed food. This allows for accurate portion control and helps track your pet's intake. The app will report the weight of dispensed food and can notify you if food is running low or if there's a dispensing issue.

## Crafted for Exactness

The food bowl, created with a built-in scale, weighs dispensed food for more accurate food tracking. Customize your pet's feeding plan within the app and receive notifications when their food is running low to create a healthy feeding plan.

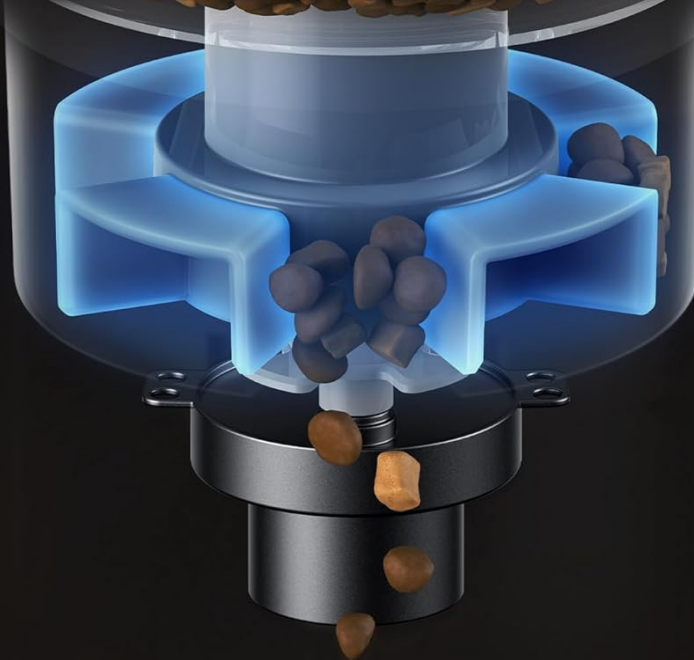

*The feeder is crafted for exactness, with a built-in scale for accurate food tracking.*

## 4. Anti-Blockage Dispensing

The feeder utilizes an advanced four-petal impeller structure to ensure a smooth and consistent flow of food. This design effectively prevents blockages, even with various dry and freeze-dried kibble sizes ranging from 2-12mm.

## Advanced Four-Petal Impeller

## Unstick Stuck Food

*The advanced four-petal impeller ensures consistent dispensing without food blockages.*

## Perfect Dispensing Every Time

The food bowl's four-petal structure ensures a smooth and consistent flow of food, preventing blockages from oversized kibble and keeping mealtime stress-free.

*The four-petal structure ensures perfect dispensing for various kibble sizes.*

# MAINTENANCE

## 1. Cleaning the Feeder

The food container features a double-layer design, allowing the inner layer to be easily removed for separate cleaning. The 304 stainless steel bowl is also detachable and can be hand-washed. Regular cleaning helps maintain hygiene and prevents odor retention.

### PP Material

High-quality food-grade PP material, ensuring food remains clean for an extended period.

### Snap-Fit for Extra Security

The snap-fit lid, built-in dehumidifying packets, and sealing strips lock in freshness and keep your pet's food dry for longer.

### Detachable for Easy Cleaning

With a detachable inner layer, cleaning PF10 Pro is a breeze.

*The feeder is designed with high-quality PP material, a snap-fit lid for freshness, and a detachable inner container for easy cleaning.*

## Clean-Up Made Easy

*The detachable food container makes clean-up easy.*

## Reliable, Stainless, and Safe

High-quality 304 stainless steel enhances the food bowl's durability and sturdiness, making it not only odor-resistant but also easy to clean and maintain.

**304** Stainless Steel

*The 304 stainless steel bowl is reliable, stainless, and safe for your pet.*

## 2. Maintaining Food Freshness

Ensure the desiccant pack is regularly replaced (approximately every 1-2 months) to absorb moisture and keep the food fresh. The snap-fit lid and high-quality PP material of the food container also contribute to maintaining food quality.

## TROUBLESHOOTING

### Feeder Disconnects from Wi-Fi or Displays 'No Enough Food'

Most connectivity issues are related to the network environment rather than device problems. If you encounter these issues, consider the following steps:

1. **Check Device Status:** Ensure the feeder is powered on and not shut down.
2. **Reset Network:** Try resetting the feeder's network connection and move it closer to your Wi-Fi router.
3. **Verify Wi-Fi:** Confirm that your home Wi-Fi is functioning correctly and other devices can connect normally.
4. **Adjust Router Settings:** If your router is set to "5G priority," split the router's frequency bands and reconnect the feeder using the 2.4GHz band.

Q

Why does the feeder disconnect with the WIFI or display no enough food?

- A

Most connectivity issues are caused by the user's network environment rather than device problems.

Under this condition, you can:

  1. **Check Device Status:** Ensure the machine is powered on and not shut down.
  2. **Reset Network:** Try resetting the machine's network and connect it to a nearby router.
  3. **Verify Wi-Fi:** Check if the home Wi-Fi is functioning properly and if other devices can connect normally.
  4. **Adjust Router Settings:** If the machine is set to "5G priority," split the router's frequency and reconnect using the 2.4G band.

*Common troubleshooting steps for connectivity and food detection issues.*

### Other Issues

- If the feeder is not dispensing food, check for blockages in the food chute or ensure the food container is not empty.
- If the app is unresponsive, ensure your smartphone has a stable internet connection and the app is updated to the latest version.

## SPECIFICATIONS

Feature	Detail
Model Name	PF10 Pro
Item Model Number	PF10A

Feature	Detail
Brand	Mova
Capacity	3.4 Liters (approx. 4.4 lbs food)
Material	Polypropylene, Stainless Steel
Color	White
Item Weight	3.1 Pounds
Product Dimensions (LxWxH)	6.49 x 14.3 x 14.3 inches
Power Supply	DC Power (USB adapter), Battery Backup (3x D-cell batteries, not included)
Target Species	Cat, Small Dog
Care Instructions	Hand Wash Only (detachable parts)
Special Feature	Feeding Schedule, App Control, Weighing Bowl
