## PRODUCT FEATURES

The Leten 708 Future Pro is designed to provide an advanced and customizable experience with a variety of innovative features:

- **10 Adjustable Modes:** Experience a range of sensations with 10 adjustable modes, including super stroking and airbag massage, designed for a tailored and immersive experience.
- **Lifelike Silicone Sleeves:** Crafted from high-quality silicone, the inner sleeves provide lifelike sensations with intricate textures, simulating a realistic experience for enhanced pleasure.
- **Hot Air Heating System:** The built-in hot air heating system warms the inner sleeve to a comfortable

40°C (104°F), delivering a natural, realistic temperature. This system also ensures quick drying after use.

- **Removable and Easy-to-Clean Sleeve:** The silicone sleeve is easily removable for effortless cleaning. Simply rinse under warm water.
- **Ergonomic and Discreet Design:** Designed with comfort and discretion in mind, the Leten 708 features an ergonomic grip and a sleek, modern appearance.
- **Fast Recharging:** Stay ready with versatile compatibility, allowing fast recharging from power banks, laptops, or standard chargers.
- **Dynamic Airbag Massage:** Four built-in airbags dynamically adjust to your preference, creating a snug and pulsating grip, mimicking a realistic sensation.
- **Aroma Diffuser:** The device features an aroma diffuser for a multi-sensory experience, enhancing your private moments with a customizable environment.
- **Intuitive Controls:** Offers customizable features and intuitive controls suitable for all experience levels.
- **Discreet Packaging:** Shipped in discreet packaging to ensure your privacy.

## SETUP

1. **Unpacking:** Carefully remove all components from the packaging. Ensure all parts are present: the main device, silicone sleeve(s), and charging cable.
2. **Initial Charge:** Before first use, fully charge the device using the provided charging cable. Connect

the cable to the device's charging port and a compatible USB power source (e.g., computer, wall adapter). The charging indicator will show progress.

3. **Sleeve Installation:** Ensure the silicone sleeve is clean and dry. Gently insert the sleeve into the main device until it is securely seated. Refer to the cleaning section for proper sleeve handling.

## OPERATING INSTRUCTIONS

Familiarize yourself with the control panel for optimal use:

Image: Detailed diagram of the control panel, indicating the function of each button and control.

- **Power / Thrusting Button:** Long press to turn the machine on/off. Short press to start or stop the thrusting function.
- **Thrusting Mode +/-:** Short press to cycle through the 10 stroking modes. Use '+' for the next mode and '-' for the previous mode.
- **Airbag Massage +/-:** Short press to adjust the intensity of the 4 built-in airbags. Use '+' to enhance and '-' to weaken the airbag massage.
- **Heating:** In power-off state, short press to turn on/off the heating function. *Note: Ensure the sleeve is pushed out to the mouth for heating.*
- **Drying:** In power-off state, short press to turn on/off the drying function. *Note: Recommended drying time not to exceed 1 hour. Drying should be performed with the sleeve in the "Sleeve In" state.*
- **Sleeve In/Out:** Short press 'Sleeve In' to retract the sleeve inward (in power-off state). Short press 'Sleeve Out' to push the sleeve to the mouth (in power-off state).
- **Voice Button:** Short press to start and switch between 3 language moaning options.
- **Bluetooth:** Long press to turn on/off Bluetooth mode for connecting wireless headphones.
- **Rotary Speed Control Ring:** Adjust the outer ring to quickly and easily control the rhythm and

intensity of the stroking.

- **Aroma Diffuser:** The device includes an adjustable aroma diffuser. Add your preferred scent to enhance the experience.

## MAINTENANCE AND CLEANING

Proper maintenance ensures the longevity and hygiene of your device. Follow these steps for cleaning:

Image: A six-panel visual guide demonstrating the steps for disassembling, cleaning, and drying the device's components.

1. **Disassembly:** After use, turn off the device. Carefully remove the silicone sleeve from the main unit.
2. **Sleeve Cleaning:** Rinse the silicone sleeve thoroughly under warm running water. Use a mild, toy-safe soap if desired, and ensure all residue is removed.
3. **Main Unit Cleaning:** Wipe the exterior of the main unit with a damp cloth. *Do not submerge the main unit in water.*
4. **Drying:** Allow the silicone sleeve to air dry completely, or use the device's built-in drying function (refer to Operating Instructions). Ensure all components are dry before reassembly or storage.
5. **Storage:** Store the device in a clean, dry place away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

If you encounter any issues with your Leten 708 Future Pro, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not turn on.	Low battery or not charged.	Ensure the device is fully charged.
Thrusting/Airbag functions not working.	Incorrect mode selected or sleeve not properly installed.	Check control panel settings. Re-install sleeve securely.
Heating function not working.	Sleeve not extended or device not in power-off state when activating.	Ensure sleeve is pushed out and activate heating from power-off state.
Bluetooth connection issues.	Device not in pairing mode or interference.	Long press the Bluetooth button to enter pairing mode. Ensure no other devices are interfering.

If the problem persists, please contact customer support.
