## SETUP

### 1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the USB-C charging cable to the charging port on the case and to a power source. The LED display on the case will show the charging status and battery levels.

- A full charge provides up to 8 hours of playtime for the earbuds and a total of 40 hours with the charging case.
- A 10-minute quick charge can provide approximately 50 minutes of listening time.

**One Single Charge, Up to 40hrs of Daily Use**

400mAh Mega Battery

40hrs

Recharged for 10 mins, Use for 50 mins

\*The data is tested by OSCAL lab based on the volume at 50%. The actual use depends as use cases may vary.

## 2. Pairing with a Device

The OSCAL Hibuds 6 utilize Bluetooth 5.4 for stable and fast connections.

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "OSCAL Hibuds 6" from the list of found devices to connect.
4. Once paired, the earbuds will automatically connect to your device when taken out of the case.

## One Pair, Two Devices.

Multipoint Connection

## OPERATING INSTRUCTIONS

### Smart Tap Control

The earbuds feature touch controls for easy management of audio playback and calls:

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold either earbud for 2 seconds.
- **Activate Voice Assistant:** Press and hold the right earbud for 2 seconds (in standby or music mode).

### Call Functionality

The integrated AI-enhanced ENC microphones suppress ambient noise, ensuring clear voice transmission during calls, gaming chats, or voice recordings.

## Multipoint Connection

The Hibuds 6 can connect to two devices simultaneously, allowing for seamless switching between them without manual re-pairing.

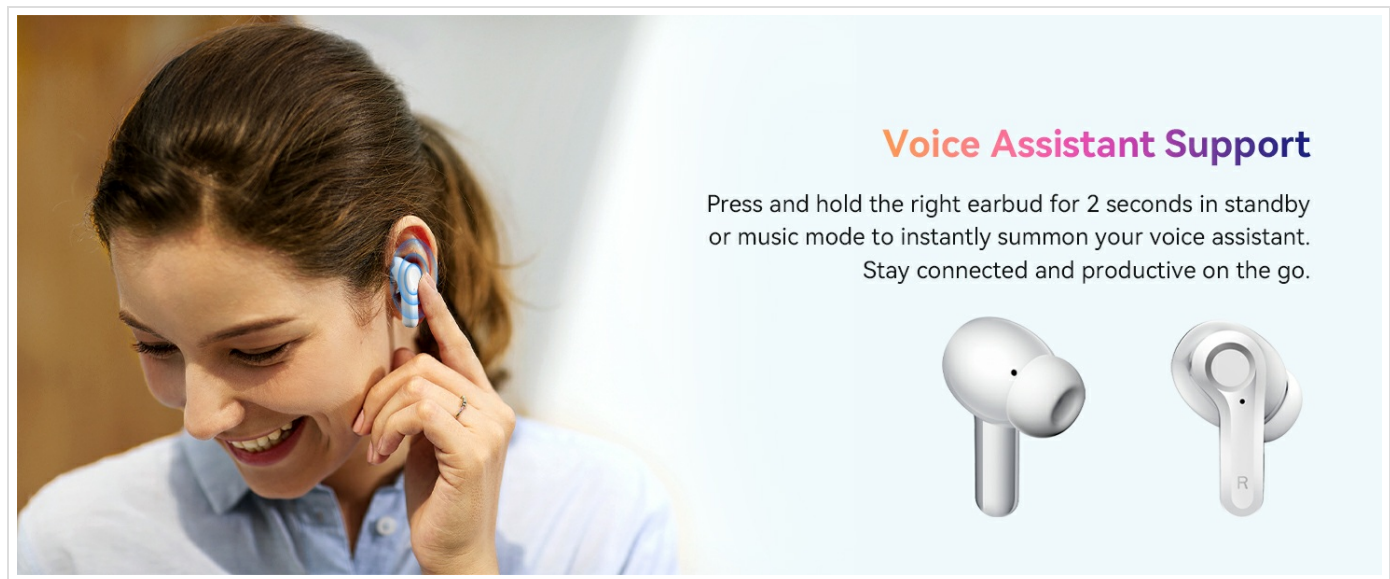

Image: A visual representation of the OSCAL Hibuds 6 maintaining simultaneous connections to both a tablet and a smartphone, illustrating the multipoint connection feature for seamless device switching.

## MAINTENANCE AND CARE

### Cleaning

Regularly clean your earbuds and charging case to maintain optimal performance and hygiene.

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- Gently remove any earwax or debris from the ear tips and speaker mesh using a small, soft brush or cotton swab.
- Do not use abrasive cleaners, alcohol, or chemical solvents.

### Water Resistance (IPX7)

The earbuds are IPX7 rated, meaning they are protected against immersion in water up to 1 meter for 30 minutes. This makes them suitable for use during sports, light rain, or sweating.

- The charging case is **not** water-resistant. Avoid exposing the charging case to liquids.
- Ensure earbuds are completely dry before placing them back into the charging case to prevent damage.

## Worry-free from Sweat, Rain & Splash

IPX7 Certified

Image: The OSCAL Hibuds 6 earbuds shown partially submerged in water, visually confirming their IPX7 water-resistant certification. A note clarifies that the charging case is not water-resistant.

## TROUBLESHOOTING

If you encounter issues with your OSCAL Hibuds 6, refer to the following common solutions:

Problem	Solution
Earbuds not pairing	Ensure earbuds are charged. Place them back in the case, close, then reopen. Check your device's Bluetooth settings and try re-pairing.
Only one earbud working	Ensure both earbuds are charged. Try placing both back in the case, closing it, and then taking them out again to re-establish the connection.
Low volume or poor sound quality	Adjust volume on your device. Clean ear tips and speaker mesh. Ensure ear tips provide a good seal in your ear.

Problem	Solution
Charging case not charging	Check the USB-C cable and power adapter. Ensure the cable is securely connected to both the case and the power source.
Earbuds not charging in case	Ensure the charging case has power. Clean the charging contacts on both the earbuds and inside the case.
