Gohapnis FU-B1

Gohapnis Full Size Metal Bed Frame with LED Lights and USB Charging Station (Model FU-B1)

Instruction Manual

INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your Gohapnis Full Size Metal Bed Frame, Model FU-B1. This bed frame features a sturdy metal construction, integrated LED lighting, and a convenient USB charging station. Please read all instructions carefully before assembly and use.

IMPORTANT SAFETY INFORMATION

- Do not exceed the maximum weight capacity of 1200 pounds.
- Exercise caution with sharp edges during assembly and use.
- Always unplug the charging station before making the bed or performing any maintenance.
- Ensure all connections are secure before use to prevent wobbling or shifting.

PARTS LIST

Please verify that all components are present before beginning assembly. Refer to the included installation manual for a detailed diagram and numbered parts list.

SETUP AND ASSEMBLY

Assembly of the Gohapnis Full Size Metal Bed Frame is designed to be straightforward. All necessary installation tools and detailed instructions are included. One person can typically complete assembly in approximately 30 minutes.

1. Unpack all components and lay them out on a clean, flat surface. Verify all parts against the included parts list.
2. Assemble the headboard and footboard sections according to the diagrams in the manual.
3. Connect the side rails to the assembled headboard and footboard.
4. Install the 14 metal slats into the frame. The seamless slat locking system, equipped with EVA silent stickers, minimizes friction and noise.
5. Attach the LED light strips and the USB charging station to the designated areas on the frame. Ensure all wiring is neatly secured and not exposed.
6. Confirm all screws and connections are tightened for stability.

MAINTENANCE

- Regularly check all bolts and screws to ensure they remain tight. Tighten as needed.
- Clean the metal frame with a soft, damp cloth. Avoid abrasive cleaners.
- Keep the LED light strips and charging station free from dust and moisture.

TROUBLESHOOTING

Squeaking Noises

The bed frame is designed with EVA silent stickers on the slat locking system to minimize noise. If squeaking occurs, re-check all connections and ensure they are tightened. Verify that the mattress is properly seated on the slats.

LED Lights Not Functioning

Ensure the power cord for the LED lights is securely plugged into a working outlet. Check the connection between the LED strip and the power adapter. Replace remote control batteries if necessary.

Charging Station Not Working

Confirm the charging station's power cord is fully inserted into a live electrical outlet. Test the outlet with another device. If issues persist, contact customer support.
