› EnHomee Queen Bed Frame with LED Lights and Charging Station Instruction Manual

## EnHomee 55SCSBFWSGQ

# EnHomee Queen Bed Frame Instruction Manual

Model: 55SCSBFWSGQ

## INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your EnHomee Queen Bed Frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference. Ensure all components are present and undamaged before proceeding.

## SAFETY INFORMATION

- Keep all small parts and packaging materials away from children.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten fasteners.
- Do not stand on the bed frame during assembly or use.
- Do not exceed the maximum weight capacity of 881 lbs.
- Use only the provided power adapter for the LED lights and charging station.
- Avoid exposing electrical components to moisture.

## PACKAGE CONTENTS

Verify that all parts listed below are included in your package. If any parts are missing or damaged, please contact customer support.

- Headboard (Adjustable Velvet Upholstered)
- Bed Frame Side Rails (Metal)
- Footboard
- Wooden Slats
- Support Legs
- LED Strip Light
- Charging Station (2 USB + 1 Type-C ports)

- Remote Control for LED Lights
- Assembly Hardware (screws, bolts, Allen wrench)
- Installation Manual

## SETUP AND ASSEMBLY

---

Follow these steps for proper assembly of your bed frame. It is recommended to have two people for assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent damage. Identify each component using the parts list.
2. **Attach Side Rails to Headboard:** Connect the side rails to the headboard using the provided bolts and Allen wrench. Do not fully tighten bolts until all main frame components are connected.
3. **Attach Footboard:** Connect the footboard to the other end of the side rails. Ensure all connections are aligned before tightening.
4. **Install Center Support Beam and Legs:** Secure the center support beam and its legs to the frame. This provides crucial stability.
5. **Insert Wooden Slats:** Place the wooden slats across the frame, ensuring they are evenly spaced and secured according to the instructions in the included manual. The slats are designed to support your mattress without a box spring.
6. **Install LED Strip Light:** Adhere the LED strip light to the designated area on the back of the headboard. Connect it to the power source.
7. **Connect Charging Station:** Integrate the charging station into the headboard's shelf as instructed. Plug it into a power outlet.
8. **Final Tightening:** Once all components are in place and aligned, securely tighten all bolts and screws.

# Storage Headboard with Charging Station

Image: Overall dimensions of the Queen bed frame, indicating a length of 85.8 inches, width of 62.5 inches, and headboard height of 42.5 inches. It also shows a recommended mattress thickness of 8-12 inches and a weight capacity of 881 lbs.

## OPERATING INSTRUCTIONS

### LED Lights

The integrated LED strip lights offer customizable ambiance for your bedroom. They can be controlled via the included remote or a smartphone application.

- **Power On/Off:** Use the power button on the remote or app to turn the lights on or off.
- **Color Selection:** Choose from over 60,000 colors using the color wheel or preset options.
- **Brightness Adjustment:** Adjust the light intensity using the brightness dimmer function.

- **Music Sync Mode:** Activate music sync mode to make the lights react to audio.
- **Timer Function:** Set a timer for the lights to automatically turn off after a specified duration.

## || Adjustable Velvet Headboard

### Charging Station

The headboard features a built-in charging station for your electronic devices.

- The charging station includes two USB Type-A ports and one USB Type-C port.
- Connect your devices using appropriate charging cables.
- Ensure the bed frame's power cord is securely plugged into a functional wall outlet for the charging station to operate.

## Wingback Upholstered

Skin friendly texture

Soft and elastic

## MAINTENANCE

- **Cleaning:** Wipe the metal frame with a dry cloth. For the velvet headboard, use a soft brush or vacuum cleaner with an upholstery attachment to remove dust. Spot clean with a damp cloth and mild detergent if necessary, then blot dry.
- **Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain stability and prevent squeaking.
- **Electrical Components:** Keep the LED strip and charging station free from dust and debris. Do not attempt to repair electrical components yourself.

TROUBLESHOOTING

| Problem                                  | Possible Cause                                                  | Solution                                                                                                                                                       |
|------------------------------------------|-----------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Bed frame is wobbly or squeaks.          | Loose fasteners; uneven floor.                                  | Ensure all bolts and screws are securely tightened. Check for uneven floor surfaces and use furniture pads if necessary.                                       |
| LED lights are not working.              | Power connection issue; remote battery dead; LED strip damaged. | Check if the power adapter is securely plugged into the wall and the LED strip. Replace remote control batteries. If issues persist, contact customer support. |
| Charging station is not providing power. | Power connection issue; device cable faulty.                    | Ensure the bed frame's main power cord is plugged in. Test with a different charging cable or device.                                                          |
