## Ridego ES76

# Ridego 5-in-1 Foldable Toddler Tricycle (Model ES76) Instruction Manual

For Toddlers Aged 1-5 Years

## 1. PRODUCT OVERVIEW

The Ridego 5-in-1 Foldable Toddler Tricycle is designed to adapt to your child's growth, offering multiple modes of use from toddler to preschool age. Constructed with a reinforced carbon steel frame and quiet EVA wheels, it provides a safe and comfortable riding experience both indoors and outdoors.

1. Push Tricycle Mode

2. Pedal Tricycle Mode

3. Walking Bike Mode

4. Balance Bike Mode

5. Bike Mode

6. Foldable Mode

Image: The Ridego 5-in-1 Tricycle illustrating its various configurations, including Push Tricycle, Pedal Tricycle, Walking Bike, Balance Bike, and Bike Mode, alongside a folded state for storage.

### Key Features:

- **5-in-1 Design:** Easily transitions between Push Tricycle, Pedal Tricycle, Walking Bike, Balance Bike, and Bike Mode.
- **Safe & Sturdy:** Reinforced carbon steel frame supports up to 110 lbs.
- **Quiet Ride:** EVA wheels ensure smooth, shock-absorbing operation.
- **Parent Handle:** Adjustable push handle with cup holder for parental control.
- **Adjustable Comfort:** Padded seat adjusts for growing children.
- **Detachable Pedals:** Allows for easy conversion between modes.
- **Foldable Design:** One-button fold for simple storage and transport.

## 2. SETUP AND ASSEMBLY

The Ridego 5-in-1 Tricycle is designed for quick and easy assembly. No complex tools are required, and most components click into place. Refer to the included instruction manual for detailed step-by-step guidance.

## What's in the Box:

- Tricycle frame
- Parent push handle with cup holder
- Adjustable padded seat
- Detachable pedals
- Two footrest options
- EVA wheels
- Handlebar with silicone grips
- Windmill toy accessory
- Assembly tools

## 3. OPERATING MODES

The Ridego Tricycle offers five distinct modes to support your child's development and provide versatile fun.

Image: Children demonstrating the different riding modes of the Ridego 5-in-1 Tricycle, including Push, Walking, Pedal, and Balance Bike modes.

## Mode Descriptions:

1. **Push Tricycle Mode:** Ideal for younger toddlers (1-3 years). Parents can control steering and movement using the adjustable push handle.
2. **Pedal Tricycle Mode:** For toddlers learning to pedal (2-4 years). Pedals are attached, and the child can steer and propel themselves while parents can still assist with the push handle.
3. **Walking Bike Mode:** Converts to a three-wheeled walking bike by removing pedals and

adjusting the seat. Children push with their feet to develop balance.

4. **Balance Bike Mode:** The rear wheels can be adjusted closer together to form a two-wheeled balance bike. Pedals are removed, allowing children to practice balancing and gliding.
5. **Bike Mode:** For older toddlers (3-5 years) ready for independent riding. Pedals are attached, and the push handle is removed.

#### Mode Switching and Folding Video:

Video: Demonstrates how to switch between the 5 modes and utilize the folding function of the tricycle.

## 4. ADJUSTMENTS AND SAFETY

The tricycle features several adjustable components and safety measures to ensure a secure and comfortable experience for your child.

**RIDEGO**

# User-Friendly Design ✨

Image: An illustration detailing the user-friendly design of the tricycle, including the removable and adjustable push rod, two-way handlebar, and adjustable seat.

#### Adjustable Features:

- **Adjustable Seat:** The padded seat can be adjusted to accommodate your child's height as they

grow.

- **Adjustable Push Handle:** The parent push handle can be adjusted for height and connects directly to the front wheel for steering control.
- **Detachable Pedals & Footrests:** Easily attach or detach pedals and choose between two footrest styles to suit different ages and modes.

### Safety Features:

- **Reinforced Carbon Steel Frame:** Provides a strong and stable structure.
- **Non-slip Handlebars:** Silicone grips ensure a secure hold for small hands.
- **EVA Wheels:** Designed for quiet operation and shock absorption.
- **Safety Harness:** (Implied from seat design in videos/images) Ensure your child is securely fastened when using the push tricycle mode.

## 5. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your Ridego Tricycle.

- **Cleaning:** Wipe down the tricycle with a damp cloth and mild soap. Avoid harsh chemicals.
- **Inspection:** Periodically check all bolts, screws, and connections to ensure they are tight and secure.
- **Wheels:** Inspect EVA wheels for any damage or excessive wear.
- **Storage:** Store the tricycle in a dry, cool place away from direct sunlight to prevent material degradation. Utilize the one-button folding feature for compact storage.

## 6. TROUBLESHOOTING

If you encounter any issues with your tricycle, refer to these common troubleshooting tips:

- **Loose Parts:** If any parts feel loose, re-tighten screws or ensure components are clicked securely into place.
- **Difficulty Switching Modes:** Ensure all release buttons are fully pressed and components are aligned correctly before attempting to switch modes.
- **Wheels Not Spinning Freely:** Check for any obstructions around the wheels or axles. Ensure assembly is correct.
- **Steering Issues:** Verify that the parent push handle is correctly engaged with the front wheel's steering mechanism.

## 7. SPECIFICATIONS

Feature	Detail
Product Dimensions	15.35 x 5.12 x 9.06 inches
Item Weight	12.5 pounds
Item Model Number	ES76
Manufacturer Recommended Age	24 months and up
Maximum Weight Capacity	110 lbs
Material	Reinforced Carbon Steel Frame, EVA Wheels

## 8. WARRANTY AND SUPPORT

For warranty information, product support, or to purchase replacement parts, please contact Ridego customer service. Refer to your purchase documentation for specific warranty terms and contact details.

Always ensure proper assembly and use of the tricycle according to this manual to maintain warranty validity.
