AODK 120*50*74.7cm

AODK Gaming Desk Instruction Manual

Model: 120*50*74.7cm
Brand: AODK

1. PRODUCT OVERVIEW

This AODK Gaming Desk is designed to provide a functional and organized workspace. It features integrated power outlets, RGB LED lighting, and a monitor stand to enhance user experience and ergonomics.

Key Features:

- Integrated Power Outlets (2 AC, 2 USB)
- RGB LED Bar Light with 10 color modes and 9 brightness levels
- Dual-Side Shelving for versatile storage
- Ergonomic Monitor Stand
- Durable construction with crossbars for stability

Product Dimensions: Width 120 cm x Depth 50 cm x Height 86.45 cm (Desktop height: 74.7 cm)
Item Weight: 14.6 KG
Color: Black
Material: Melamine resin-coated board with metal base.

2. IMPORTANT SAFETY INFORMATION

- Always assemble the desk in a stable and level location to prevent accidents.
- Be aware of the desk's weight (14.6 KG) during assembly and moving.
- Do not place excessive weight on the desk or shelves to avoid damage or collapse.
- When using electrical products with the integrated power outlets, always follow their respective instructions and ensure the total wattage does not exceed 1500W.
- Keep liquids away from electrical components.

3. ASSEMBLY INSTRUCTIONS

This product requires customer assembly. An assembly wrench and Japanese assembly instructions are included. No additional tools are required.

3.1. Unpacking and Preparation

1. Carefully unpack all components and verify against the parts list in the included manual.
2. Lay out all parts on a soft, clean surface to prevent scratches.

3. Ensure you have enough space for assembly.

3.2. Step-by-Step Assembly

Refer to the detailed Japanese assembly manual provided in the packaging for specific diagrams and instructions. The general steps involve:

1. Assemble the main frame using the provided screws and wrench.
2. Attach the side shelves. Note that the upper shelf on one side can be installed on either the left or right.
3. Install the crossbars for enhanced stability.
4. Place the desktop panels. Please note that the desktop is formed by connecting three separate panels.
5. Install the monitor stand on top of the desktop.
6. Secure the integrated power strip and connect the RGB LED bar light.

4. OPERATING INSTRUCTIONS

4.1. Integrated Power Outlets

The desk is equipped with a power strip featuring 2 AC outlets and 2 USB ports. This allows you to power and charge up to four devices simultaneously, with a total maximum capacity of 1500W.

- **AC Outlets:** 125V/15A
- **USB Ports:** 5V/2A
- **Cord Length:** 1.8m

To use, simply plug the desk's main power cord into a wall outlet. Then, connect your devices to the AC outlets or USB ports on the desk.

4.2. RGB LED Bar Light

The desk includes an RGB LED bar light to customize your environment. It offers 10 color adjustment levels and 9 brightness levels.

1. **Power On/Off:** Use the control button on the LED strip to turn the light on or off.
2. **Color Adjustment:** Cycle through 10 different colors by pressing the color change button.
3. **Brightness Adjustment:** Adjust the brightness through 9 levels using the dedicated brightness buttons.

5. STORAGE AND ERGONOMICS

5.1. Dual-Side Shelving

The desk features a total of three shelves for organized storage. One side includes two shelves: the upper shelf can be positioned on either the left or right during assembly, and the lower shelf is designed to hold A4 files. The opposite side provides space for a PC tower.

Image 6: The desk's dual-side shelving, highlighting storage for A4 files and a PC tower.

5.2. Monitor Stand

The integrated monitor stand raises your monitor by approximately 11.7 cm, promoting a more ergonomic posture and reducing strain on your neck and shoulders. This also creates additional storage space underneath the monitor for small items or to tuck away your keyboard when not in use.

Image 7: Ergonomic benefits of the monitor stand, illustrating improved posture.

6. Maintenance

- **Cleaning:** The melamine resin-coated surface is easy to clean. Simply wipe away dirt or spills with a damp cloth. Avoid abrasive cleaners that may damage the finish.
- **Tightening Screws:** Periodically check and tighten all screws to ensure the desk remains stable.
- **Electrical Components:** Keep the power outlets and LED light free from dust and debris. Do not attempt to repair electrical components yourself.

7. Troubleshooting

7.1. Desk Wobbles

- Ensure all screws are securely tightened.
- Verify that the desk is placed on a level surface.
- Check if the crossbars are correctly installed and tightened.

7.2. Power Outlets Not Working

- Ensure the desk's main power cord is securely plugged into a functional wall outlet.
- Check if the total wattage of connected devices exceeds 1500W, which may trip a circuit breaker.
- Test the wall outlet with another device to confirm it is supplying power.

7.3. LED Light Not Functioning

- Ensure the LED light is properly connected to the power source.

- Check the control buttons for any damage or malfunction.
