## BENSN Charger Stand for Philips Norelco Shavers

# BENSN Charger Stand User Manual

For Philips Norelco Shaver i9000 Series and Compatible Models

## PRODUCT OVERVIEW

---

This BENSN Charger Stand is designed to provide a convenient and efficient charging solution for various Philips Norelco Shaver models, particularly those in the i9000 Series. It includes both a charging stand and a USB charging cable, offering flexibility for your charging needs.

Image: The BENSN Charger Stand (black, circular base) and its accompanying USB charging cable. The stand features a proprietary connector for the shaver, and the cable has a standard USB-A connector on one end and the proprietary shaver connector on the other.

## WHAT'S IN THE BOX

---

- 1 x 3ft Charger Cord
- 1 x Charger Stand
- User Guide

The package includes the charger stand, a 3-foot charging cable, and a user guide. Please verify all components upon unboxing.

## COMPATIBILITY

---

This charger stand is specifically designed for a range of Philips Norelco Shavers. Please ensure your shaver model is listed below for proper compatibility.

- QP2724/90
- QP2834/70
- QP1924/70
- QP6531/70

**Important Note:** This charger stand is **NOT** compatible with Philips QP2520, QP2630, HQ8505, HQ850, HQ840, QP6510, or QP6520 models. Please verify your shaver model carefully before purchase.

## SETUP AND OPERATION

---

### 1. Initial Setup

1. **Unpack Components:** Carefully remove the charger stand and USB charging cable from the packaging.
2. **Connect Power:** Insert the USB-A end of the charging cable into a compatible USB power adapter (not included) or a USB port on a computer.
3. **Connect to Stand:** Insert the proprietary connector end of the charging cable into the port located on the underside or rear of the charger stand. Ensure a secure connection.
4. **Place Stand:** Position the charger stand on a stable, flat, and dry surface, away from direct moisture.

### 2. Charging Your Shaver

1. **Place Shaver:** Gently place your compatible Philips Norelco Shaver onto the charger stand. Ensure the shaver's charging port aligns correctly with the stand's connector pins.
2. **Verify Connection:** The shaver should sit securely on the stand. Most shavers will indicate charging status via an LED light or display.
3. **Charging Time:** Allow the shaver to charge fully. Refer to your shaver's original manual for specific charging times.
4. **Remove Shaver:** Once charging is complete, carefully lift the shaver from the stand.

## MAINTENANCE

---

To ensure the longevity and optimal performance of your BENSN Charger Stand, follow these maintenance guidelines:

- **Cleaning:** Wipe the stand and cable with a soft, dry cloth. Do not use abrasive cleaners or immerse the stand in water.
- **Water Leakage Port:** The stand features a water leakage port designed to discharge residual moisture from the shaver, enhancing charging safety. Ensure this port remains clear of debris.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Shaver not charging.	<p>Incorrect shaver model.</p> <p>Loose cable connection.</p> <p>Faulty power source.</p> <p>Damaged cable or stand.</p>	<p>Verify your shaver model against the compatibility list.</p> <p>Ensure the USB cable is securely connected to both the power source and the stand.</p> <p>Try a different USB power adapter or USB port.</p> <p>Inspect the cable and stand for any visible damage. If damaged, discontinue use and replace.</p>

Problem	Possible Cause	Solution
Stand feels unstable.	Uneven surface. Shaver not placed correctly.	Place the stand on a flat, stable surface. Ensure the shaver is seated properly and fully engaged with the charging pins.

## SPECIFICATIONS

---

- **Input:** AC 110-240V, 50-60Hz
- **Output:** DC 5V 1000mA (1A)
- **Cable Length:** 3 feet (approx. 0.91 meters)
- **Color:** Black
- **Item Weight:** 4.2 ounces (approx. 119 grams)
- **Package Dimensions:** 4.25 x 4.17 x 1.38 inches (approx. 10.8 x 10.6 x 3.5 cm)
- **Connector Type:** Proprietary
- **Durability:** Cable designed for 30,000+ bend lifespan and plug lifespan.

**Note:** The output is 5V, which is not suitable for shavers requiring 15V. Please check your shaver's power requirements.

## SAFETY INFORMATION

---

Please observe the following safety precautions:

- Keep the charger stand and cable away from moisture and liquids.
- Do not disassemble or attempt to repair the device.
- Use only with compatible Philips Norelco Shavers as listed.
- Ensure the power source matches the input specifications (AC 110-240V).
- Do not use if the cable or stand appears damaged.
- Keep out of reach of children.
