

TORRAS CA CF11

TORRAS AUTO On/Off Smart Car Air Freshener (Model CA CF11) Instruction Manual

Brand: TORRAS | Model: CA CF11

1. PRODUCT OVERVIEW

The TORRAS AUTO On/Off Smart Car Air Freshener, Model CA CF11, is designed to provide a consistent and pleasant fragrance experience in your vehicle. Featuring advanced wide-angle atomization technology, this device offers smart functionality and customizable scent delivery.

Figure 1: The TORRAS AUTO On/Off Smart Car Air Freshener on a car dashboard, emitting a blue-lit mist.

2. SETUP

2.1 Installing the Essential Oil Refill

1. Unscrew the bottom cover of the air freshener unit.
2. Carefully insert the essential oil refill bottle into the designated slot, ensuring it is securely seated.
3. Screw the bottom cover back onto the unit until it is firm.
4. Allow the cotton stick within the unit to soak in the perfume for approximately 15 minutes before first use to ensure optimal diffusion.

2.2 Initial Charging

Before initial use, fully charge the device using the provided USB-C cable. A full charge typically takes approximately 2 hours and provides up to 60 days of operation in light mode.

3. OPERATING INSTRUCTIONS

3.1 Power On/Off

- To power on: Press and hold the power button (usually indicated by a power symbol) for 2 seconds.

- To power off: Press and hold the power button for 2 seconds.

3.2 Scent Modes

The device offers three adjustable scent modes: Light, Strong, and Smart. Short press the power button to cycle through these modes.

- **Light Mode:** Provides a subtle and continuous fragrance.
- **Strong Mode:** Delivers a more intense and frequent burst of fragrance.
- **Smart Mode:** Automatically activates when vehicle movement is detected and enters standby after approximately 5-7 minutes of no movement, conserving battery and essential oil.

4. MAINTENANCE

4.1 Essential Oil Refill

The visualized essential oil box allows you to easily check the remaining spray count. Each refill is designed to last up to 6 months or 1,500 sprays. When the oil level is low, replace the refill following the installation steps in Section 2.1. Always use genuine TORRAS brand refills to prevent clogs and ensure optimal performance.

4.2 Charging the Battery

The built-in 700mAh battery provides up to 60 days of freshness on a single 2-hour charge (in light mode). Recharge the device using the provided USB-C cable when the battery indicator shows low power.

5. TROUBLESHOOTING

- **No mist/weak mist:** Ensure the essential oil refill is properly installed and the cotton stick is fully saturated. Check if the device is charged.
- **Device not turning on:** Ensure the device is fully charged. Press and hold the power button for 2 seconds.
- **Smart Mode not activating:** Ensure the device is in Smart Mode. Verify that the vehicle is in motion or experiencing vibrations.
- **Leakage:** The visualized essential oil box is designed to prevent leakage. Ensure the refill is correctly inserted and the bottom cover is tightly secured.

For further assistance, please refer to the Warranty and Support section.
