LEKATO RM

LEKATO 61 Keys Piano Keyboard User Manual

Model: RM

1. Introduction

This manual provides essential information for the proper setup, operation, and maintenance of your LEKATO 61 Keys Piano Keyboard. Designed for beginners, this portable keyboard features lighted keys, an LED screen, built-in speakers, and various teaching modes to facilitate learning. Please read this manual thoroughly before using the product to ensure optimal performance and safety.

2. Safety Instructions

- Ensure the power adapter is compatible with your local power supply.
- Do not expose the keyboard to water or excessive moisture.
- Avoid placing the keyboard in direct sunlight or near heat sources.
- Do not attempt to disassemble or modify the keyboard. Refer all servicing to qualified personnel.
- Keep out of reach of small children to prevent choking hazards from small parts.
- When using batteries, ensure correct polarity and do not mix old and new batteries or different types of batteries.

3. Package Contents

Verify that all items listed below are included in your package:

- LEKATO 61-Key Electronic Keyboard (x1)
- Music Stand (x1)
- User Manual (x1)
- Power Adapter (x1)

4. Setup

4.1 Placement

Place the keyboard on a stable, flat surface. If using an X-stand (sold separately), ensure it is securely assembled and the keyboard is balanced on top. Attach the included music stand to the designated slot on the keyboard.

Image: A top-down view of the LEKATO 61 Keys Piano Keyboard, showcasing its full layout and the attached music stand. This perspective helps in understanding the overall design and where to place sheet music or a tablet.

4.2 Powering On

The keyboard offers dual power options:

- **AC Adapter:** Connect the original adapter to the DC 9V input jack on the back of the keyboard and plug it into a wall outlet.
- **AA Batteries:** For portable use, insert 6 AA batteries (not included) into the battery compartment on the underside of the keyboard. Ensure correct polarity.

Image: A detailed view illustrating the dual power options for the LEKATO keyboard. The top shows the battery compartment for 6 AA batteries, and the bottom shows the AC adapter connected to the power input. This highlights the flexibility for both home and portable use.

5. Operating Instructions

5.1 Basic Controls

Familiarize yourself with the control panel located above the keys. The LED screen displays current settings such as tempo and mode. Use the dedicated buttons to adjust volume, tempo, and transpose settings.

5.2 Sound Quality

The keyboard features dual upgraded 3W speakers for clear and realistic sound. For private practice, connect headphones to the 3.5mm headphone jack, which mutes the internal speakers.

them. This image illustrates the keyboard's sound output capabilities and its headphone mode for private listening.

6. Features Overview

6.1 Comprehensive Music Library

Explore a wide range of musical options:

- **300 Tones:** A variety of instrument sounds to choose from.
- **300 Rhythms:** Diverse rhythmic patterns for accompaniment.
- **61 Keyboard Percussion Sounds:** Dedicated percussion sounds on the keys.
- **50 Demo Songs:** Pre-recorded songs for listening and learning.

6.2 Recording and Playback

Utilize the recording, playback, and program functions to create and review your musical pieces. This allows for customized tones and practicing your favorite songs.

6.3 Versatile Functions

Enhance your performance with features such as single-finger and multi-finger chords, bass chords, tempo control, transposition, split function, sync, fill, sustain, vibrato, and a metronome.

7. Teaching Modes

The LEKATO keyboard is equipped with features designed to simplify the learning process for beginners:

- **Lighted Keys:** Keys illuminate to guide you through melodies.
- **Single-Key Mode:** Play full melodies instantly by pressing any key, helping to build rhythm skills.
- **Follow Mode:** The lighted keys guide note-by-note practice, assisting in mastering finger placement.
- **Split Function:** Divides the keyboard into two parts, suitable for piano duets or teacher-student instruction.

Image: Two individuals are shown playing the LEKATO keyboard, emphasizing its suitability for beginners with features like two teaching modes, simple operation, and lighted keys. This image demonstrates the collaborative and learning aspects of the keyboard.

Video: This video demonstrates key features of the LEKATO 61-key electronic keyboard. It shows the lighted keys in action, the "Single Keyboard" teaching mode where any key plays the correct note, the "Follow" teaching mode where keys light up to guide the player, and the "Split Function" which allows two players to use the keyboard simultaneously. It also highlights the powerful speakers and versatile connectivity ports, showcasing the keyboard's adaptability for various musical activities.

8. Connectivity

The keyboard offers rich connectivity options to enhance your musical experience:

- **MIDI Out:** Connect to other MIDI devices.
- **Sustain Pedal Jack:** For connecting an external sustain pedal.
- **Audio Input (Aux In):** Connect external audio sources like a smartphone or MP3 player.
- **Microphone Jack:** Connect a microphone for singing along.
- **Headphone Jack (Phones):** For private practice.
- **DC 9V:** Power input.

10. Troubleshooting

If you encounter any issues with your LEKATO 61 Keys Piano Keyboard, please refer to the following common troubleshooting steps:

- **No Sound:**
  - Check if the volume is turned up.
  - Ensure headphones are not plugged in if you intend to use the speakers.
  - Verify the power adapter is securely connected or batteries are correctly inserted and charged.
- **Keys Not Lighting Up:**
  - Ensure the "Lighted Keys" function is enabled on the control panel.
  - Check if the keyboard is in a teaching mode that utilizes lighted keys.
- **Distorted Sound:**
  - Reduce the volume level.
  - Ensure external devices connected via Aux In or Microphone are not outputting an overly strong signal.
- **Keyboard Not Powering On:**
  - Confirm the power adapter is working and properly connected to a live outlet.
  - If using batteries, replace them with fresh ones.

For issues not covered here, please contact LEKATO customer support.

11. Warranty and Support

LEKATO is committed to providing quality products and customer satisfaction. If you have any questions or require assistance with your 61-key electric piano keyboard, please do not hesitate to contact us. We are dedicated to providing a prompt reply and resolving any concerns you may have.
