Dreo DR-HPF008S White

Dreo Smart Fan User Manual

Model: DR-HPF008S White

Brand: Dreo

Introduction

Thank you for choosing the Dreo Smart Fan DR-HPF008S White. This fan is designed to provide powerful and quiet air circulation with advanced smart features. Please read this manual thoroughly before use to ensure proper operation and maintenance. Key features include 120° +120° omni-directional oscillation, 9 speeds, 6 modes, an integrated RGB light, and convenient control via Wi-Fi, voice commands (Alexa), or the included remote control. Its ultra-quiet DC motor operates as low as 20dB, making it ideal for bedrooms and quiet environments.

Important Safety Instructions

To reduce the risk of fire, electric shock, or injury, always follow basic safety precautions when using this appliance.

- Ensure the power supply matches the voltage specified on the fan's rating label.
- Do not operate the fan with a damaged cord or plug.
- Keep the fan away from water or other liquids.
- Do not insert fingers or foreign objects into the fan grille.
- Unplug the fan before cleaning or performing any maintenance.
- This appliance is for indoor use only.

Package Contents

- Dreo Smart Fan (DR-HPF008S White)
- Remote Control
- User Manual
- Power Cord

Product Diagram and Components

Figure 1: Overall view of the Dreo Smart Fan, showing the main unit, remote control, and a smartphone displaying the control app.

Figure 2: Detailed view of the fan's control panel, remote, and the mobile application interface for smart control.

The fan consists of a main head unit, an adjustable pedestal, and a stable base. The control panel is located on the front of the pedestal, featuring touch-sensitive buttons and a digital display. The rear of the head unit houses the RGB ambient light.

Setup Guide

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging for future storage or transport.
2. **Assembly:**
    - Attach the pedestal to the base, ensuring it clicks securely into place.
    - Connect the fan head unit to the top of the pedestal.
    - Adjust the height of the pedestal as desired (37-42 inches).
3. **Power Connection:** Plug the power cord into a standard electrical outlet.
4. **Initial Power On:** Press the power button on the control panel or remote to turn on the fan.
5. **Wi-Fi Setup (Optional):**
    - Download the Dreo app from your smartphone's app store.
    - Follow the in-app instructions to connect your fan to your home Wi-Fi network.
    - Once connected, you can control the fan via the app or voice assistants like Alexa.

Operating Instructions

Control Panel

The fan's control panel features intuitive touch buttons for various functions:

- **Power Button:** Turns the fan On/Off.
- **Speed Adjustment:** Cycles through 9 fan speeds.
- **Mode Selection:** Switches between 6 wind modes (e.g., Normal, Natural, Sleep, Auto, Turbo).
- **Oscillation Control:** Activates or deactivates horizontal and vertical oscillation.
- **Timer:** Sets the auto-off timer (up to 8 hours).
- **RGB Light:** Controls the ambient RGB light on the back of the fan head.

Remote Control

The included remote control provides convenient access to all fan functions from a distance. Ensure the remote has a working battery (1 Lithium Metal battery included).

App Control (Wi-Fi/Voice/Alexa)

For enhanced control and smart features, use the Dreo mobile application. The app allows you to:

- Adjust fan speed and mode.
- Control omni-directional oscillation (120° horizontal, 120° vertical).
- Customize RGB light colors and effects.
- Set precise timers and schedules.
- Utilize Auto Mode, which adjusts fan speed based on ambient temperature.
- Integrate with voice assistants like Amazon Alexa for hands-free operation.

Maintenance

Cleaning

- Always unplug the fan before cleaning.
- Use a soft, damp cloth to wipe the exterior surfaces. Do not use abrasive cleaners or solvents.
- The fan grille can be removed for easier cleaning of the blades. Refer to the product diagram for removal instructions. Ensure all parts are dry before reassembly and use.

Storage

When not in use, store the fan in a cool, dry place, preferably in its original packaging to protect it from dust and damage.

Troubleshooting

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Fan does not turn on.	No power supply; Power cord not properly plugged in; Remote control battery depleted.	Check power outlet; Ensure power cord is securely plugged in; Replace remote control battery.
Weak airflow.	Fan speed is too low; Air inlet/outlet blocked; Fan blades are dirty.	Increase fan speed; Clear any obstructions; Clean fan blades and grilles.
Fan makes unusual noise.	Fan not on a flat surface; Foreign object inside; Loose parts.	Place fan on a stable, flat surface; Unplug and check for foreign objects; Contact customer support if noise persists.
Wi-Fi connection issues.	Incorrect Wi-Fi password; Fan too far from router; Router issues.	Verify Wi-Fi password; Move fan closer to router; Restart router and fan.

Specifications

Feature	Detail
Brand	Dreo
Model Name	DR-HPF008S White
Color	White
Product Dimensions	11.02"D x 12.99"W x 35.04"H
Adjustable Height	37-42 inches
Item Weight	11.46 Pounds
Power Source	DC
Wattage	24 watts
Voltage	120.0 V
Noise Level	20 dB (minimum)
Number of Speeds	9
Number of Modes	6
Air Flow Capacity	1000 Cubic Feet Per Minute (CFM)
Max Airflow Distance	90 ft
Oscillation	120° Horizontal, 120° Vertical (Omni-Directional)
Timer	Up to 8 hours
