

Brio CLBL520SCBLK

Brio Self Cleaning Bottom Loading Water Cooler Water Dispenser

Model: CLBL520SCBLK

PRODUCT OVERVIEW

The Brio Self Cleaning Bottom Loading Water Cooler Water Dispenser provides instant access to hot, cold, and room temperature water. Designed for convenience and safety, it features an innovative bottom-loading system that eliminates heavy lifting, a UV self-cleaning function to maintain hygiene, and a child-safety lock for the hot water spout. Its sleek black stainless steel design complements any modern space.

Image: Front view of the Brio Self Cleaning Bottom Loading Water Cooler, showcasing its sleek black stainless steel finish and the bottom-loading water bottle compartment.

SETUP AND INSTALLATION

Setting up your Brio water cooler is straightforward. Choose a flat, stable surface near a power outlet. Ensure there is adequate space around the unit for ventilation.

Loading the Water Bottle

The bottom-loading design makes bottle replacement effortless. Simply open the lower cabinet door, slide in a 3- or 5-gallon water bottle, and insert the probe into the bottle's opening. Close the door, and the dispenser will begin drawing water.

3 Water Temperatures

Cold

Room

Hot

Image: A person easily sliding a 5-gallon water bottle into the bottom compartment of the Brio water cooler, demonstrating the convenient bottom-load feature.

Initial Power-Up

After placing the water bottle, plug in the unit. Allow approximately 15-20 minutes for the water to reach optimal hot and cold temperatures before dispensing. The indicator lights on the control panel will show when the desired temperatures are reached.

OPERATING INSTRUCTIONS

Your Brio water cooler offers three temperature settings for various needs:

- **Hot Water:** Ideal for tea, coffee, or instant meals. Features a child-safety lock for secure dispensing.
- **Cold Water:** Perfect for refreshing, chilled drinks.
- **Room Temperature Water:** For those who prefer water at ambient temperature.

Easy Bottle Replacement

Convenient bottom load design.

Eliminates
Heavy Lifting

Hassle-Free
Replacement

3- or 5-
Gallon Bottles

Image: Visual representation of the three water temperature options: cold water with ice, room temperature water in a glass, and hot water for tea.

Child-Safety Lock

To dispense hot water, you must simultaneously press the child-safety lock button located above the hot water dispensing button and then press the hot water dispensing button. This two-step process prevents accidental hot water dispensing.

Nightlight Feature

The built-in nightlight illuminates the dispensing area, providing visibility in low-light conditions and making it easy to see the removable drip tray.

Enjoy Anywhere

No plumbing required.

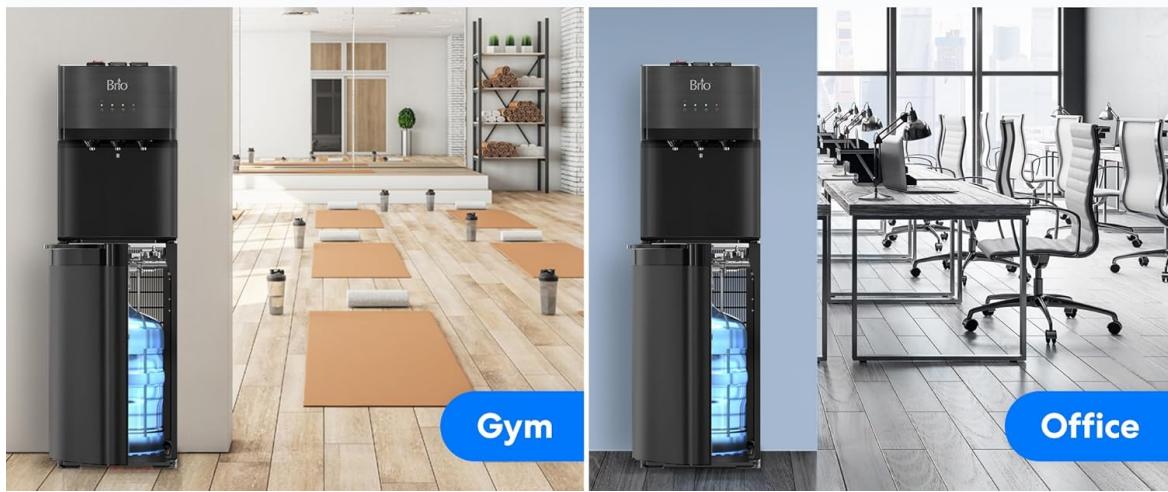

Image: Close-up of the Brio water cooler's control panel showing indicator lights for Self Clean, Hot Water, Cold Water, and Bottle Empty. Also highlights the child safety lock and built-in night light.

MAINTENANCE

Regular maintenance ensures optimal performance and hygiene of your water cooler.

UV Self-Cleaning

The integrated UV Self-Cleaning feature helps maintain the cleanliness of the water tanks. Simply activate this function as needed to eliminate bacteria and biofilms without the use of chemicals.

Elegant Stainless Steel

Contemporary design with durable construction.

Image: Internal view of the Brio water cooler highlighting the UV Care system, with text indicating automatic operation, elimination of biofilms, and a 100% chemical-free process.

Drip Tray Cleaning

The removable drip tray should be emptied and cleaned regularly to prevent overflow and maintain hygiene. Simply slide it out, empty any accumulated water, wash with mild soap and water, rinse thoroughly, and replace.

TROUBLESHOOTING

If you encounter issues with your Brio water cooler, please refer to the following common solutions:

- **No Water Dispensing:** Ensure the water bottle is correctly installed and not empty. Check if the unit is plugged in and powered on.
- **Water Not Hot/Cold Enough:** Allow sufficient time for the unit to reach temperature after initial setup or bottle change. Ensure the hot/cold switches on the back of the unit are turned on.
- **Leaking:** Check the water bottle for cracks or damage. Ensure the probe is properly seated in the bottle.
- **Unusual Noise:** Some operational noises are normal (e.g., compressor cycling). If noise is excessive or persistent, ensure the unit is on a level surface.

For further assistance, please contact Brio customer support.

SPECIFICATIONS

Feature	Detail
Brand	Brio
Model Number	CLBL520SCBLK
Color	Black Stainless Steel
Material	Stainless Steel
Capacity	5 Gallons (bottle not included)
Product Dimensions	13.5"D x 12"W x 40.5"H
Item Weight	41.4 pounds
Temperature Settings	Hot, Cold, Room Temperature
Self-Cleaning	UV Self-Cleaning
Safety Features	Child-Safety Lock for Hot Water
