4D Build Stormtrooper Helmet 121 pcs

4D Build Star Wars Stormtrooper Helmet 3D Model Kit Instruction Manual

Brand: 4D Build | Model: Stormtrooper Helmet 121 pcs

About Your 4D Build Star Wars Stormtrooper Helmet Model Kit

This 4D Build Star Wars Stormtrooper Helmet is a detailed 3D model kit designed for display. It features movie-quality details and is constructed from 121 punch-out cardstock pieces. The assembled model measures approximately 4.7 inches by 4.7 inches by 6.3 inches (12x12x16 cm) and includes a display stand.

What's in the Box

Your 4D Build Star Wars Stormtrooper Helmet kit contains all necessary components for assembly:

- 6 Cardstock Puzzle Sheets: Pre-cut sheets containing 121 intricate pieces.
- Glue: A small tube of adhesive for securing pieces.
- Instructions: A detailed assembly manual.

Setup and Assembly

Follow these steps to assemble your 4D Build Star Wars Stormtrooper Helmet. No additional tools are required, but a small pair of tweezers or a paperclip may assist with smaller pieces.

1. **Prepare the Pieces:** Carefully punch out all 121 pieces from the 6 cardstock sheets. Ensure all small tabs and slots are clear.
2. **Follow Instructions:** Refer to the included instruction manual. The pieces are typically numbered, and the manual will guide you through the sequence of assembly.
3. **Interlock and Secure:** Connect the pieces by inserting tabs into corresponding slots. For enhanced stability, apply a small amount of the provided glue to the tabs before inserting them, especially for parts that may experience slight movement or for long-term display.
4. **Build in Sections:** The model is designed to be built in logical sections, such as the helmet's dome, faceplate, and base. Assemble each section completely before joining them.

5. **Attach the Stand:** Once the helmet is fully assembled, attach it to the provided display stand according to the instructions.

Operating and Display

The 4D Build Star Wars Stormtrooper Helmet is designed as a static display model. Once assembled, place it on its stand in your desired location. Its detailed replica design makes it suitable for home, office, or game room decor.

Maintenance

To maintain the appearance of your 4D Build model, follow these simple guidelines:

- **Dusting:** Gently dust the model regularly with a soft, dry cloth or a soft-bristled brush to prevent dust buildup.
- **Avoid Moisture:** Keep the model away from water, high humidity, and damp environments, as moisture can damage the cardstock material.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause colors to fade over time. Display the model in a shaded area.
- **Handle with Care:** While durable, the model is made of cardstock. Avoid dropping it or applying excessive force, which could cause pieces to detach or bend.

Troubleshooting

If you encounter any issues during or after assembly, consider the following:

- **Pieces Not Fitting:** Ensure you are using the correct pieces for each step as indicated in the instructions. Sometimes, a slight adjustment or gentle pressure is needed to align tabs and slots.
- **Parts Detaching:** If pieces come loose, reapply a small amount of the provided glue (or a similar craft glue) to the tabs and reinsert them. Hold in place until the glue sets.
- **Missing Pieces:** Double-check all cardstock sheets and packaging. If a piece is genuinely missing, contact customer support.
- **Instructions Unclear:** Review the diagrams carefully. If a step remains unclear, try to visualize how the pieces should connect based on the overall model shape.

Specifications

Feature	Detail
Brand	4D Build
Model Name	Stormtrooper Helmet 121 pcs
Model Number	6073336
UPC	681147072510
Number of Pieces	121
Material Type	Paper (Cardstock)
Assembled Dimensions (L x W x H)	4.7 x 4.7 x 6.3 inches (12 x 12 x 16 cm)
Item Weight	0.88 Pounds
Age Range	Kid (Recommended for ages 12 and up)
Included Components	6 Cardstock Puzzle Sheets, Glue, Instructions
