> WeatherTech FloorLiner HP Instruction Manual for Lexus GX and Toyota Land Cruiser (Model 471874-1-2IM)

## WeatherTech 471874-1-2IM

# WeatherTech FloorLiner HP Instruction Manual

Model: 471874-1-2IM | For 2024-2024 Lexus GX & 2024-2025 Toyota Land Cruiser

## 1. PRODUCT OVERVIEW

---

The WeatherTech FloorLiner HP is a custom-fit floor mat system designed to provide superior interior protection for your vehicle. Engineered from an advanced Thermoplastic Elastomer (TPE) compound, these floor liners are both soft and durable, capable of withstanding extreme weather conditions without cracking, curling, or breaking down. This material is 100% recyclable, latex-free, and PVC-free.

This specific model (471874-1-2IM) is designed for the **1st and 2nd rows** of select **2024-2024 Lexus GX** and **2024-2025 Toyota Land Cruiser** models, in **Cocoa** color.

# FLOORLINER™ HP

## Heavy-Duty, Custom-Fit Coverage.

### THICK MATERIAL

Stands up to extreme conditions.

### HIGH-WALLED DESIGN

Keeps messes contained.

### PRECISION CRAFTED

For a perfect fit.

Please confirm fitment to your vehicle's year, make, & model in Amazon Confirmed Fit.

Image 1.1: Overview of FloorLiner HP features, highlighting thick material, high-walled design, and precision crafting for a perfect fit.

### Key Features:

- **Advanced TPE Material:** Rubber-like compound offering flexibility and extreme durability.
- **High-Walled Design:** Effectively contains spills, dirt, and debris, keeping your vehicle's carpet clean.
- **Precision Crafted:** Custom-fit to the contours of your vehicle's floor for comprehensive coverage.
- **Non-Slip Nibs & Retention Systems:** Designed to keep the mats securely in place, preventing shifting.
- **Extreme Strength:** Resists cracking, warping, and curling, ensuring long-term performance.
- **Easy Maintenance:** Simple to clean with water and mild detergent.

# EXTREME STRENGTH.

Advanced rubber-like material  
makes it both soft & durable.

**RESISTS CRACKING**

**NO WARPING**

**NO CURLING**

## 2. INSTALLATION INSTRUCTIONS

Proper installation ensures maximum protection and safety. Please follow these steps carefully:

1. **Prepare the Vehicle:** Ensure your vehicle's floor is clean and free of any debris before installing the new FloorLiners.
2. **Remove Old Mats:** If your vehicle has existing floor mats, remove them before installing the WeatherTech FloorLiners. Do not place the FloorLiners over other floor mats.
3. **Position the Front Mats:** Carefully place the driver's side FloorLiner into the driver's footwell, aligning it with the vehicle's contours. Ensure the mat's retention system (if applicable for your vehicle model) engages with the factory floor posts. Repeat for the passenger side.
4. **Position the Rear Mats:** Place the 2nd-row FloorLiner(s) into the rear footwell, ensuring a snug fit and proper alignment.
5. **Verify Fitment:** After placement, ensure that the FloorLiners do not interfere with the operation of the accelerator,

brake, or clutch pedals. The mats should lie flat and securely.

### 3. USAGE GUIDELINES

The WeatherTech FloorLiner HP is designed to protect your vehicle's interior from various elements. To maximize its effectiveness and longevity:

- **Regular Inspection:** Periodically check the FloorLiners to ensure they remain properly seated and do not obstruct pedal operation.
- **Containment:** The high walls are designed to contain spills. In case of a liquid spill, remove the mat carefully to avoid spillage onto the carpet.
- **Protection:** These mats are engineered to protect your vehicle's original carpet from dirt, mud, snow, water, and other debris, helping to preserve its condition and resale value.

# PROTECT YOUR INVESTMENT & RESALE VALUE.

Helps prevent wear & tear,  
keeping your SUV's interior  
in pristine condition.

## 4. CARE AND MAINTENANCE

---

Maintaining your WeatherTech FloorLiners is simple and helps ensure their continued performance and appearance.

1. **Routine Cleaning:** For light dirt and dust, simply shake out the mats or vacuum them.
2. **Deep Cleaning:** For heavier dirt, mud, or spills, remove the FloorLiners from your vehicle. Hose them down with water. You can use a mild soap or detergent and a soft brush to scrub away stubborn grime.
3. **Drying:** Allow the FloorLiners to air dry completely before reinstalling them in your vehicle. Do not use harsh chemicals or abrasive cleaners, as these can damage the material.
4. **Recommended Products:** For optimal cleaning and protection, WeatherTech offers specialized products such as TechCare FloorLiner & FloorMat Cleaner and TechCare FloorLiner & FloorMat Protector.

# EASY MAINTENANCE

Cleaning & maintaining these floor mats is simple.

## 5. TROUBLESHOOTING

---

### Mat Curling:

In rare instances, especially after initial installation or exposure to extreme temperature changes, a mat may exhibit slight curling at the edges. This is typically temporary and can be resolved.

- **Solution:** Remove the affected mat from the vehicle. Place it on a flat surface in a warm environment. Place a heavy, flat object (such as a book or a stack of magazines) on the curled area for 24-48 hours to help flatten it. The TPE material is designed to regain its shape.
- **Prevention:** Ensure the mat is properly seated and not forced into an incorrect position during installation.
