## Vente-unique CALITO

# Vente-unique CALITO 4-Seater Quick-Opening Fabric Sofa Bed User Manual

Model: CALITO | Brand: Vente-unique

## INTRODUCTION

Thank you for choosing the Vente-unique CALITO 4-Seater Quick-Opening Fabric Sofa Bed. This manual provides essential information for the safe assembly, operation, maintenance, and troubleshooting of your new sofa bed. Please read these instructions carefully before use and retain them for future reference.

The CALITO sofa bed is designed for both comfort and functionality, featuring a 160 cm bed with a 16 cm memory foam mattress. Its quick-opening mechanism allows for easy transformation from a sofa to a bed, making it an ideal solution for maximizing space in your living area.

## SAFETY INSTRUCTIONS

- Ensure all components are securely fastened before use.
- Do not exceed the maximum weight capacity of 480 kg.
- Keep children and pets away from the sofa bed during assembly and conversion.
- Avoid placing hot items directly on the fabric or mattress.
- Do not jump on the sofa or bed.

## SETUP AND ASSEMBLY

The Vente-unique CALITO sofa bed requires assembly. It is recommended that two adults perform the assembly. Ensure you have sufficient space and all parts are present before beginning.

### Unpacking

1. Carefully remove all components from the packaging.
2. Place all parts on a clean, soft surface (e.g., the packaging cardboard) to prevent scratches.
3. Verify that all parts listed in the assembly diagram (not provided in this manual, refer to included packaging) are present.

## Assembly Steps

1. Attach the legs to the main sofa frame using the provided hardware. Ensure they are tightened securely.
2. Connect the armrests to the main sofa body. Follow the specific instructions in your assembly guide for proper alignment and fastening.
3. Insert the backrest into its designated slots on the frame.
4. Place the seat cushions and backrest cushions onto the sofa.
5. Ensure the quick-opening mechanism for the bed is clear of any obstructions and operates smoothly.

## OPERATING INSTRUCTIONS

### Converting from Sofa to Bed

1. Remove all cushions from the sofa seat and backrest.
2. Locate the handle or strap on the front of the seat frame.
3. Pull the handle upwards and outwards in a single, smooth motion. The Italian-style mechanism will unfold the bed base and mattress automatically.
4. Ensure the bed base is fully extended and locked into place before use.
5. The integrated 16 cm memory foam mattress is now ready for use.

## Converting from Bed to Sofa

1. Remove all bedding from the mattress.
2. Locate the mechanism release points (usually near the head or foot of the bed frame).
3. Lift and push the bed frame inwards, allowing the mechanism to fold back into the sofa position. This should be a smooth, controlled movement.
4. Ensure the mechanism is fully closed and locked.
5. Replace the seat and backrest cushions.

## Pillow Compartment

The sofa bed includes a convenient pillow compartment. To access it, lift the seat section (or refer to your specific assembly guide for exact location). This compartment is ideal for storing pillows and light bedding when the sofa is in its closed position.

## MAINTENANCE AND CARE

### Fabric Care (Anthracite Polyester)

- **Regular Cleaning:** Vacuum the fabric regularly using a soft brush attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, use a mild fabric cleaner specifically designed for polyester, testing on an inconspicuous area first.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading. Position the sofa away from direct sun or use curtains/blinds.
- **Removable Seat Covers:** The seat covers are removable. Follow the care label instructions for washing. Typically, machine wash cold on a gentle cycle and air dry. Do not tumble dry.

## Memory Foam Mattress Care

- **Rotation:** Rotate the mattress periodically (e.g., every 3-6 months) to ensure even wear.
- **Ventilation:** Allow the mattress to air out regularly by removing bedding.
- **Cleaning:** Spot clean any spills on the mattress cover with a mild detergent and damp cloth. Do not saturate the memory foam. Ensure it is completely dry before replacing bedding.
- **Protective Cover:** Consider using a mattress protector to shield against spills and stains.

Image: Close-up of the mattress label, indicating 'Formidable 16cm' for total thickness and 'Memoire de Forme 3cm' for memory foam layer thickness. It also shows a '5 ans' (5 years) warranty for the mattress.

## Frame and Mechanism Care

- **Check Fasteners:** Periodically check all bolts and screws and tighten them if necessary.
- **Lubrication:** If the bed mechanism becomes stiff, apply a silicone-based lubricant to the moving parts. Do not use oil-based lubricants as they can attract dust.
- **Cleaning Metal Parts:** Wipe metal legs and frame components with a soft, damp cloth.

## TROUBLESHOOTING

- **Sofa Bed Mechanism is Stiff:** Ensure no objects are obstructing the mechanism. Check if all parts are properly aligned. Apply a silicone-based lubricant to moving joints if needed.

- Squeaking Noises:** Check all bolts and screws for tightness. Tighten any loose fasteners. Lubricate moving parts of the bed mechanism.
- Fabric Stains:** Refer to the 'Fabric Care' section for spot cleaning instructions. For persistent stains, professional cleaning may be required.
- Uneven Mattress:** Ensure the mattress is correctly positioned on the bed base. Rotate the mattress regularly.
