## 3. SETUP INSTRUCTIONS

The memzuoix Disco Ball Party Light is designed for simple plug-and-play functionality. Follow these steps for quick setup:

1. **Placement:** Choose a suitable location for your disco ball. It can be placed directly on a table, desk, or floor. For enhanced lighting effects, you can fix it to a wall or ceiling using the provided mounting screws. Ensure the surface is stable and can support the device.
2. **Power Connection:** Plug the power cord into a standard 110V electrical outlet. The device is now ready for operation.
3. **Remote Control:** The remote control comes with a pre-installed button battery. Remove any plastic tab protecting the battery before first use. A spare battery is also included for your convenience.

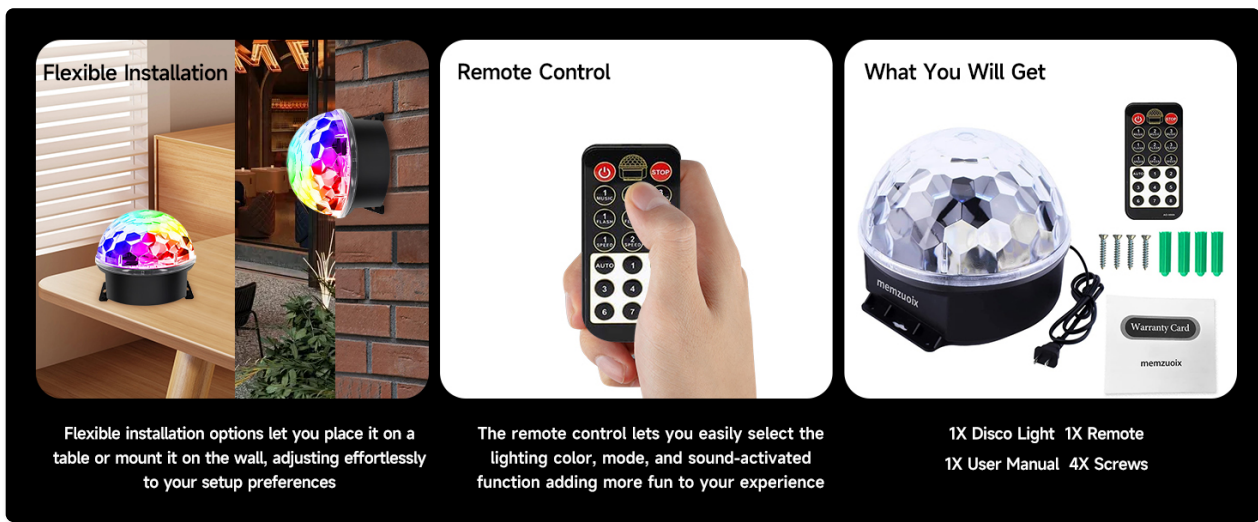

Image 3: Visual guide illustrating various installation methods for the disco ball light, including placement on a table and mounting on a wall.

## 4. OPERATING INSTRUCTIONS

The disco ball offers multiple lighting modes and control options via the included remote control.

### 4.1 Remote Control Functions

The remote control allows you to manage various functions from a distance:

- **Power On/Off:** Turn the light on or off.
- **Lighting Modes:** Switch between 6 distinct lighting modes.
- **Sound-Activated Modes:** Activate one of 3 voice control modes where lights react to music and sounds.
- **Strobe Flash Modes:** Select from 3 strobe flash settings.
- **Motor Rotation Speed:** Adjust the rotation speed of the disco ball with 3 available settings.

## 4.2 Color Change Modes

The disco light features 6 primary colors (Red, Green, Blue, White, Orange, Pink) and various combinations:

- '1': Red & Yellow combination.
- '2': Green & Purple combination.
- '3': Blue & White combination.
- '4' - '7': Multicolor cycling and changing patterns.
- '8': Multicolor cycling with strobe lights.

## 4.3 Sound Activation

The built-in voice-activated sensor allows the disco ball light to react dynamically to music and other sounds. This feature is ideal for parties, karaoke, DJ sets, and other entertainment venues, creating an immersive light show synchronized with audio.

## 5. MAINTENANCE

---

To ensure the longevity and optimal performance of your disco ball light, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the exterior of the disco ball with a soft, dry cloth. Do not use abrasive cleaners or solvents, as these may damage the surface.
- **Storage:** When not in use, store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Power Disconnection:** Always unplug the device from the power outlet before cleaning or when not in use for extended periods.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your memzuoix Disco Ball Party Light, please refer to the following common troubleshooting tips:

- **Light Not Turning On:** Ensure the power cord is securely plugged into a working electrical outlet. Check if the remote control battery needs replacement.
- **Remote Not Responding:** Verify that the remote control battery is correctly inserted and has sufficient power. Ensure there are no obstructions between the remote and the disco ball's sensor.
- **Sound Activation Not Working:** Make sure the sound-activated mode is selected on the remote. Ensure there is sufficient audio input for the sensor to detect.

For any issues not covered here, or if problems persist, please contact customer support.

## 7. SPECIFICATIONS

---

Feature	Detail
Brand	memzuoix
Model Number	L-T03

Color	Black
Shape	Round
Material	Plastic
Light Source Type	Light Emitting Diode
Power Source	Corded Electric
Voltage	110 Volts
Mounting Type	Floor Mount and Ceiling Mount
Bulb Features	Sound Activated, RGB, Multiple Lighting Modes
