

## AGM AGM Legion

# AGM Legion Rugged GPS Smartwatch User Manual

Model: AGM Legion

## 1. INTRODUCTION

---

This manual provides essential information for the proper use and maintenance of your AGM Legion Rugged GPS Smartwatch. Please read it thoroughly before operating the device to ensure optimal performance and longevity.

## 2. WHAT'S IN THE BOX

---

Verify that all items are present in the packaging:

- AGM Legion Smartwatch
- Charging Cable
- User Manual
- Watch Band

Video: Unboxing the AGM Legion Smartwatch. This video demonstrates the contents of the product packaging, including the smartwatch, charging cable, user manual, and watch band.

## 3. SETUP

---

### 3.1 Initial Charge

Before first use, fully charge your smartwatch using the provided magnetic charging cable. Align the magnetic pins on the cable with the charging points on the back of the watch. A full charge typically takes approximately 2 hours.

## Power That Lasts

With a 300mAh battery, the AGM Legion is ready for days of action. Less charging, more doing—your adventures won't wait, and neither should you.

### 3.2 App Installation and Pairing

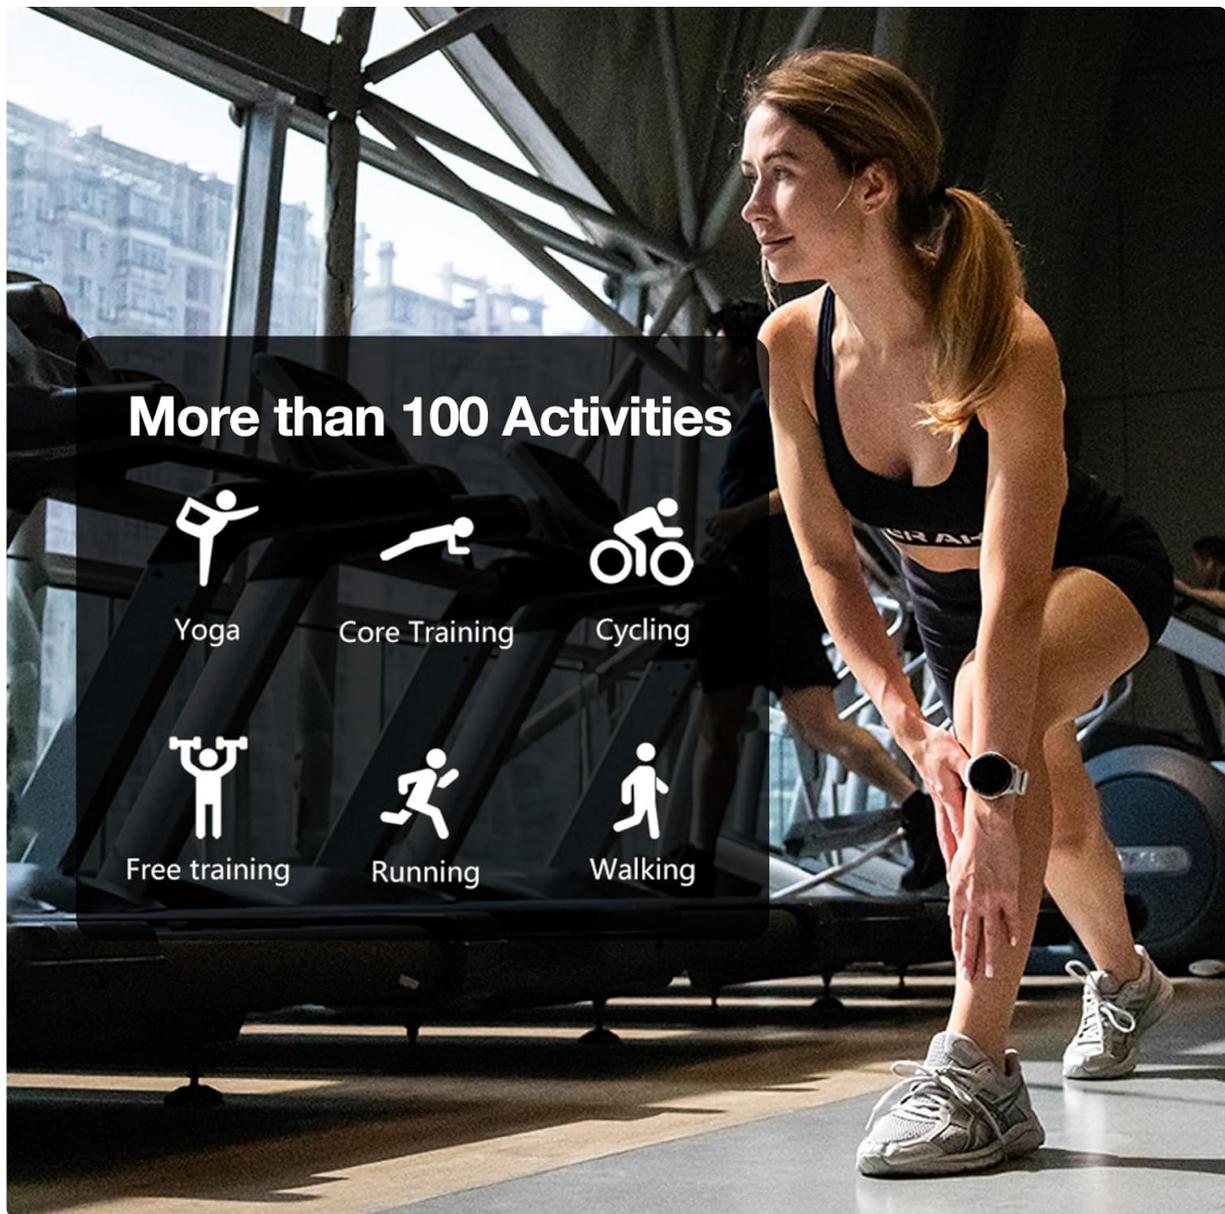

To unlock the full functionality of your AGM Legion Smartwatch, download and install the companion application on your smartphone. The app is compatible with both Android and iOS devices. Follow the on-screen instructions within the app to pair your smartwatch via Bluetooth. Ensure Bluetooth is enabled on your phone during the pairing process.

*Note: If the app is not available on your device's official app store, please refer to the manufacturer's website for alternative download instructions. Exercise caution when downloading applications from unofficial sources.*

## 4. OPERATING INSTRUCTIONS

### 4.1 Display and Navigation

The smartwatch features a 1.43-inch AMOLED display. Navigate through menus and functions by swiping across the touchscreen and using the physical buttons. The display offers adjustable brightness levels for optimal visibility in various lighting conditions. Customize your watch face from over 100 available options via the companion app.

## More than 100 Activities

Yoga

Video: This video showcases the multi-sport tracking capabilities of the AGM Legion Smartwatch, including outdoor running, cycling, and strength training, demonstrating how it helps users exceed their limits.

### 4.5 Compass, Barometer, and Altimeter

For outdoor enthusiasts, the smartwatch integrates a compass, barometer, and altimeter. These tools provide essential environmental data, assisting with navigation and tracking changes in altitude and atmospheric pressure during your adventures.

### 4.6 Camera Control

Control your smartphone's camera remotely by shaking your wrist while wearing the smartwatch. This feature allows for convenient photo capture, especially for group shots or when your phone is positioned at a distance.

Video: This video demonstrates how to use the 'Shake to Take Photos' feature with the AGM Legion Smartwatch, allowing remote camera control from your wrist.

### 4.7 Find My Phone

Utilize the 'Find My Phone' feature to locate your paired smartphone. Activating this function on your smartwatch will cause your phone to ring, even if it's on silent mode, helping you quickly find it.

## 5. DURABILITY AND WATER RESISTANCE

The AGM Legion Smartwatch is built to military-grade durability standards (MIL-STD-810H), making it shockproof and drop-proof. It is designed to withstand extreme conditions, including temperature fluctuations and dust. With a 5ATM water resistance rating, the watch can endure depths of up to 50 meters. This makes it suitable for swimming, water sports, and use in rainy conditions, but it is not recommended for deep-sea diving.

## 6. BATTERY LIFE

The AGM Legion Smartwatch is equipped with a 300 Milliamp Hours (mAh) Lithium Polymer battery. With typical usage, the battery lasts between 7 to 10 days. In standby mode, it can last up to 15 days. Actual battery life may vary based on usage patterns and settings.

## 7. SPECIFICATIONS

Feature	Detail
Operating System	Rt-thread
Special Features	GPS, Multisport Tracker, Notifications, Shockproof, Touchscreen
Battery Capacity	300 Milliamp Hours
Connectivity Technology	Bluetooth
Wireless Communication Standard	Bluetooth
Battery Cell Composition	Lithium Polymer
GPS	Built-in GPS
Shape	Round
Screen Size	1.43 Inches
Band Material Type	Silicone
Water Resistance Level	Waterproof
Human Interface Input	Buttons, Touchscreen
Supported Application	Alarm, Find My Phone, Fitness Tracker, GPS, Multisport Tracker
Water Resistance Depth	50 Meters
Supported Satellite Navigation System	GPS
Metrics Measured	Heart Rate, Sleep Duration, Calories Burned
Color	Gray
Band Color	Grey
Communication Feature	Notification, Phone Call
Compatible Devices	Smartphone (Android Devices, iOS Devices)
Item Weight	34.8 Grams

## 8. MAINTENANCE

---

### 8.1 Cleaning

Regularly clean your smartwatch and watch band to prevent skin irritation and maintain device hygiene. Use a soft, lint-free cloth. For stubborn dirt, dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.

### 8.2 Storage

When not in use for extended periods, store the smartwatch in a cool, dry place away from direct sunlight and extreme temperatures. Ensure the battery is partially charged (around 50%) before long-term storage to preserve battery health.

## 9. TROUBLESHOOTING

---

### 9.1 App Download Issues

If you encounter difficulties downloading the companion app from official app stores, please visit the official AGM Mobile website for direct download links or alternative installation methods. Ensure your device meets the minimum system requirements for the app.

### 9.2 Notification Problems

If you are not receiving all expected notifications (e.g., certain text messages or app alerts), verify the following:

- The smartwatch is properly paired and connected to your phone via Bluetooth.
- Notification permissions are granted to the companion app in your phone's settings.
- The specific app notifications are enabled within the smartwatch companion app.
- For text messages, some watches may only display basic SMS messages and truncate longer ones.

### 9.3 Watch Face Management

The smartwatch allows for customization of watch faces. If you wish to change or add watch faces, use the companion app. Note that some pre-installed watch faces may not be removable, limiting the number of custom faces you can store simultaneously.

## 10. WARRANTY AND SUPPORT

---

### 10.1 Manufacturer Warranty

The AGM Legion Smartwatch comes with a 1-year manufacturer warranty. Please retain your proof of purchase for warranty claims. For detailed warranty terms and conditions, refer to the warranty card included in your packaging or visit the official AGM Mobile website.

### 10.2 Customer Support

For further assistance, technical support, or inquiries, please visit the [AGM Mobile Store on Amazon](#) or consult the official AGM Mobile website for contact information.
