LQPFBSM Green Heavy Mecha Building Set (Model M38-B1153) Instruction Manual

Model: M38-B1153 | Brand: LQPFBSM

1. PRODUCT OVERVIEW

The LQPFBSM Green Heavy Mecha Building Set is a 542-piece construction kit designed for assembling an articulated armored robot action figure. This model features a robust design, military-green tactical color scheme, and comes equipped with a unique meteor hammer weapon. It is intended for individuals aged 3 years and up, offering an engaging building experience and a detailed collectible figure.

Key Features:

- **Heavy Armor Design:** Constructed with broad shoulders, thick chest plating, and a military-green tactical color scheme, creating a tank-like, imposing figure.
- **Meteor Hammer Weapon:** Includes a massive Meteor Hammer (Chain Flail) with a realistic chain connection, allowing for dynamic posing and unique display options.
- **Articulated Skeleton:** Features ball joints in the shoulders, elbows, hips, and knees, enabling a wide range of motion for various battle stances and poses.
- **Intricate Assembly:** Comprises 542 precision bricks that fit tightly to achieve a gap-free, high-density armor appearance, providing a satisfying building challenge.

2. SETUP AND ASSEMBLY

Follow the step-by-step instructions provided in the included manual to assemble your LQPFBSM Green Heavy Mecha. The building process is designed to be straightforward, with components organized into numbered bags corresponding to the manual's sections.

Assembly Steps:

1. **Unpack Components:** Carefully open the product box and locate the instruction manual and numbered bags containing the building bricks.
2. **Follow Manual Sections:** The instruction manual guides you through the assembly process section by section. Each section corresponds to a specific numbered bag of bricks.
3. **Identify Parts:** Before starting each section, identify the required bricks as shown in the manual's visual diagrams.
4. **Connect Bricks:** Assemble the bricks according to the detailed illustrations. Ensure a tight fit for stability.
5. **Apply Stickers (Optional):** If included, apply any decorative stickers to the designated areas on the robot for a finished look.

3. OPERATING AND POSING

Once assembled, the Green Heavy Mecha is designed for dynamic display and interactive posing. Its articulated joints allow for a variety of configurations.

Posing Guidelines:

- **Joint Articulation:** Utilize the ball joints in the shoulders, elbows, hips, and knees to adjust the robot's posture. Gently manipulate the limbs to achieve desired poses.
- **Weapon Handling:** The Meteor Hammer weapon features a chain connection. This allows for realistic swinging motions or can be positioned to rest alongside the robot.
- **Stability:** When posing, ensure the robot's weight is evenly distributed to maintain stability, especially in dynamic action stances.

4. MAINTENANCE

Proper care will ensure the longevity and appearance of your LQPFBSM Green Heavy Mecha Building Set.

Care Instructions:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the assembled model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Handling:** Handle the model with care to avoid accidental disassembly or damage to delicate parts and joints.

5. TROUBLESHOOTING

If you encounter any issues during assembly or with the completed model, refer to the following common

troubleshooting tips.

Common Issues and Solutions:

- **Missing Pieces:** Double-check all packaging and bags. If a piece is genuinely missing, contact the manufacturer's customer support with details of the missing part (as identified in the manual).
- **Difficulty Connecting Bricks:** Ensure bricks are aligned correctly and apply firm, even pressure. Some connections may require more force than others.
- **Loose Joints:** If joints become loose over time, carefully re-seat the ball joint components. Avoid excessive force when posing to prevent wear.
- **Incorrect Assembly Step:** Review the instruction manual carefully, paying close attention to the visual diagrams for each step. Disassemble and reassemble the problematic section if necessary.

6. SPECIFICATIONS

Feature	Detail
Product Dimensions	1 x 0.98 x 1 inches
Item Weight	1.37 pounds
Model Number	M38-B1153
Manufacturer Recommended Age	3 years and up
Number of Pieces	542
Brand	LQPFBSM
