Chrangmay 524

Chrangmay Modern Vanity Desk with 31.5" Mirror and Lights

Model: 524 | Brand: Chrangmay

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Chrangmay Modern Vanity Desk. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

The Chrangmay Vanity Desk is designed with an E0 grade environmental protection density board, a high-clarity silver mirror with LED lights, and sturdy metal legs. It features a built-in power strip, multiple drawers, and a dustproof glass door for organized storage.

Setup Instructions

1. Unpacking and Inspection

- Carefully unpack all components from the foam shock absorption box package.
- Verify that all parts listed in the included parts list are present and undamaged. If any parts are missing or damaged, please contact customer service.

2. Assembly

The vanity desk requires self-assembly. Follow the clear and concise instructions provided in the separate assembly guide included with your product. Ensure all screws and fasteners are tightened securely to ensure stability.

Note: Assembly typically requires two people for ease and safety.

3. Mirror and Light Kit Installation

The light kit is included. Refer to the assembly guide for specific steps on attaching the mirror and connecting the LED lighting system. Ensure all electrical connections are secure before plugging into a power source.

Operating Instructions

1. LED Mirror Lighting

The 31.5-inch mirror features dimmable LED lighting with three color modes:

- **Cool White Light:** Ideal for precise morning makeup application.
- **Natural Light:** Suitable for daily skincare routines.
- **Warm Light:** Best for evening and party preparation.

To change the light color or adjust brightness, use the touch controls located on the mirror surface. A long press typically adjusts brightness, while a short press cycles through color modes.

2. Built-in Power Outlet

The vanity desk is equipped with a power strip for convenience:

- **2 Standard AC Sockets:** For hair dryers, curling irons, and other appliances.
- **1 USB Port (5V/2A):** For charging phones or other USB-powered devices.
- **1 Type-C Port (5V/10W):** For charging compatible devices.

The power strip has a 4.9-foot power cord. Ensure the vanity desk is plugged into a suitable wall outlet.

3. Drawer and Storage Use

The vanity desk features 8 drawers and a dustproof glass door cabinet for organizing skincare and cosmetics.

- **8 Drawers:** Provide generous storage space. The drawers operate on three-section smooth metal glides for quiet and full extension, allowing easy access to items.
- **Clear Glass Tabletop:** Allows for quick visual identification of items stored beneath.
- **Dustproof Glass Door Cabinet:** Protects cosmetics from dust and allows for quick access.

Maintenance

1. Cleaning the Surface

The vanity desk is made of scratch-resistant, moisture-resistant MDF boards with a waterproof and easy-to-clean surface. For general cleaning, wipe the surfaces with a light damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.

2. Metal Handles and Glides

The sturdy metal handles are designed not to rust over time. The metal glides for the drawers are durable. If drawers become stiff, a small amount of silicone-based lubricant can be applied to the glides.

3. Mirror Care

Clean the mirror surface with a standard glass cleaner and a soft, lint-free cloth. Avoid spraying cleaner directly onto the mirror to prevent liquid from seeping into the LED components.

Troubleshooting

1. LED Lights Not Working

- Ensure the vanity desk is properly plugged into a functional power outlet.
- Check all connections for the light kit as per the assembly guide.

- Verify that the touch controls on the mirror are clean and responsive.

2. Power Outlets Not Functioning

- Confirm the main power cord of the vanity desk is securely plugged into a live wall outlet.
- Test the wall outlet with another device to ensure it is working.
- Avoid overloading the power strip with too many high-power devices simultaneously.

3. Drawers Sticking or Not Sliding Smoothly

- Check for any obstructions in the drawer glides.
- Ensure the drawer is properly aligned on the glides.
- Apply a small amount of silicone lubricant to the metal glides if necessary.

If you encounter issues not covered here, please contact customer service for assistance.

Specifications

Feature	Detail
Model Number	524
Brand	Chrangmay
Color	White
Material	E0 Grade Environmental Protection Density Board, Engineered Wood, Metal
Product Dimensions (Overall)	10"D x 20"W x 10"H (Note: This appears to be a partial dimension. Refer to dimension image for full details.)
