Pipishell AMDC02W

Pipishell White 7-Drawer Dresser Instruction Manual

Model: AMDC02W

INTRODUCTION

Thank you for choosing the Pipishell White 7-Drawer Dresser. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture. Please read it thoroughly before beginning assembly and retain it for future reference.

IMPORTANT SAFETY INFORMATION

Your safety is paramount. Please adhere to the following guidelines:

- **Anti-Tip Device:** This dresser includes a wall-mounted safety strap and anti-tip kit. It is crucial to install this device to prevent accidental tipping, especially in households with children and pets. Failure to install the anti-tip device can result in serious injury or death.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 176 lbs for the top surface and 22 lbs per drawer. Overloading can compromise stability and structural integrity.
- **Assembly:** Assemble the dresser on a soft, clean surface to prevent scratches. Ensure all parts are securely fastened before use.
- **Supervision:** Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- **Placement:** Place the dresser on a level surface to ensure stability.

Built To Stand The Test of Time

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. Refer to the included parts list in your packaging. If any parts are missing or damaged, please contact customer support.

- Dresser Frame Components

- 7 Drawer Components (with pre-assembled slides)
- Bar Handles
- Assembly Hardware (screws, dowels, etc.)
- Anti-Tip Kit (safety strap, wall anchors)
- Instruction Manual

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required for this dresser. Please follow these steps carefully. It is recommended to have two people for assembly.

1. **Prepare the Area:** Clear a spacious, clean, and soft area (e.g., a carpeted floor) for assembly to prevent damage to the furniture.
2. **Identify Parts:** Unpack all components and identify them using the parts list provided in your packaging.
3. **Assemble the Frame:** Follow the diagrams in your separate assembly guide to connect the side panels, back panel, and top panel of the dresser frame using the provided hardware. Ensure all connections are tight and secure.
4. **Install Drawer Handles:** Attach the bar handles to each of the 7 drawer fronts using the provided screws.
5. **Insert Drawers:** The metal drawer slides are pre-assembled on the drawers. Carefully align the drawer slides with the tracks inside the dresser frame and push the drawers in until they click into place. Ensure smooth operation.

Quiet, Seamless Drawer Slide

Image: A hand demonstrating the smooth, quiet operation of a drawer, highlighting the pre-installed metal drawer slides.

6. Install Anti-Tip Kit: This is a critical safety step.

- Position the dresser in its final desired location.
- Attach one end of the safety strap to the back of the dresser using the provided screw.
- Mark the wall where the other end of the strap will attach, ensuring the strap is taut.
- Drill a pilot hole in the wall at the marked spot and insert the wall anchor.
- Secure the other end of the safety strap to the wall using the provided screw.
- Verify that the dresser is securely anchored to the wall.

7. **Final Check:** Ensure all drawers open and close smoothly and that the dresser is stable and securely anchored.

OPERATING INSTRUCTIONS

The Pipishell 7-Drawer Dresser is designed for convenient storage.

- **Drawer Usage:** Gently pull the bar handles to open drawers and push to close. Avoid forcing drawers, especially if they feel stiff.
- **Weight Distribution:** Distribute items evenly within drawers to maintain balance and prevent strain on the drawer slides. Avoid placing excessively heavy items in a single drawer.
- **Top Surface:** The top surface can hold up to 176 lbs. Place items such as lamps, decorative objects, or small electronics. Do not sit or stand on the dresser.

CARE AND MAINTENANCE

Proper care will ensure the longevity and appearance of your dresser.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals, abrasive cleaners, or polishes that may damage the finish.

- **Spills:** Immediately wipe up any spills to prevent staining or water damage to the engineered wood.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration.
- **Humidity:** Maintain a stable room temperature and humidity level to prevent warping or cracking of the wood.
- **Hardware:** Periodically check and tighten all screws and fasteners to ensure stability.

Sustainable Style, Enduring Quality

Sustainable

Odorless

Easy to Clean

Waterproof

TROUBLESHOOTING

Problem	Possible Cause	Solution
Drawers do not slide smoothly.	Misaligned drawer slides. Obstruction in the slide mechanism. Overloaded drawer.	Remove the drawer and re-insert, ensuring proper alignment. Check for any debris or objects blocking the slides. Reduce the weight in the drawer.
Dresser feels wobbly or unstable.	Loose hardware. Dresser not on a level surface. Anti-tip kit not installed or improperly installed.	Tighten all assembly screws. Adjust the dresser's position or use shims to level it. Ensure the anti-tip kit is correctly installed and secured to the wall.
Drawer handles are loose.	Screws securing the handles are loose.	Tighten the screws on the inside of the drawer front.
