ocioc 52 Inch Smart Ceiling Fan User Manual

Model: 9001

INTRODUCTION

Thank you for choosing the ocioc 52 Inch Smart Ceiling Fan. This manual provides detailed instructions for installation, operation, maintenance, and troubleshooting to ensure optimal performance and safety. Please read this manual thoroughly before installation and keep it for future reference.

IMPORTANT SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or personal injury, always follow these basic precautions:

- Read all instructions before installing the fan.
- Ensure the installation site is suitable for the fan's weight and size.
- All wiring must be in accordance with national and local electrical codes.
- Turn off power at the circuit breaker before installation or servicing.
- Do not operate the fan with a damaged power cord or plug.
- This fan is compatible with standard wall switches, but not with dimmer switches or rotary control switches.

switches.

PRODUCT FEATURES

The ocioc 52 Inch Smart Ceiling Fan offers advanced features for enhanced comfort and convenience:

- **Voice & App & Remote Control:** Control functions via remote, Smart Life app, Google Assistant, or Alexa.
- **Powerful & Quiet DC Motor:** 30W DC motor with 5 high-strength ABS blades, airflow up to 6025 CFM, operating at just 30 decibels.
- **Customizable LED Lighting:** Adjustable brightness (10%-100%) and color temperatures (3000K-6500K) with memory function.
- **All-Season Availability:** 6 adjustable speeds and reversible function for summer cooling and winter air circulation.
- **Built-in Timer:** Set operation duration for 2, 4, or 8 hours.
- **Easy Installation:** Includes all necessary hardware and step-by-step instructions. Compatible with flat or sloped ceilings (up to 12°).

Figure 2: The ocioc 52 Inch Smart Ceiling Fan, showcasing its smart control capabilities with remote, app, and voice assistants.

Figure 3: Reversible DC Motor for all-season comfort. Blue arrows indicate downward airflow for summer cooling, orange arrows indicate upward airflow for winter air circulation.

Figure 4: Personalized LED Lighting. The fan light can be adjusted from warm (3000K) to cool white (6500K) and dimmed from 10% to 100% brightness.

Figure 5: Quiet Operation. The fan operates at a low noise level of 30 decibels, ensuring a peaceful environment.

SETUP AND INSTALLATION

Before beginning installation, ensure all components are present and the power is turned off at the circuit breaker.

Package Contents:

- Ceiling Fan Motor Assembly
- Fan Blades (5)
- Light Kit
- Remote Control
- Downrod (6-inch)
- Mounting Hardware
- User Manual

Installation Steps:

1. **Prepare the Installation Site:** Ensure the ceiling junction box is securely mounted and capable of supporting the fan's

weight.

2. **Mount the Mounting Bracket:** Attach the mounting bracket to the ceiling junction box using the provided screws.
3. **Assemble the Downrod:** Insert the downrod through the canopy and coupling, securing it with the pin and cotter pin.
4. **Hang the Fan:** Carefully lift the fan assembly and hang it on the mounting bracket.
5. **Wire the Fan:** Connect the electrical wires according to the wiring diagram in the full user manual. Ensure all connections are secure.
6. **Attach Fan Blades:** Securely attach each of the five fan blades to the motor housing.
7. **Install the Light Kit:** Connect the light kit wiring and attach the light kit to the fan motor assembly.
8. **Secure the Canopy:** Slide the canopy up and secure it to the mounting bracket.

For a visual guide, please refer to the detailed user manual and step-by-step video guide included with your product.

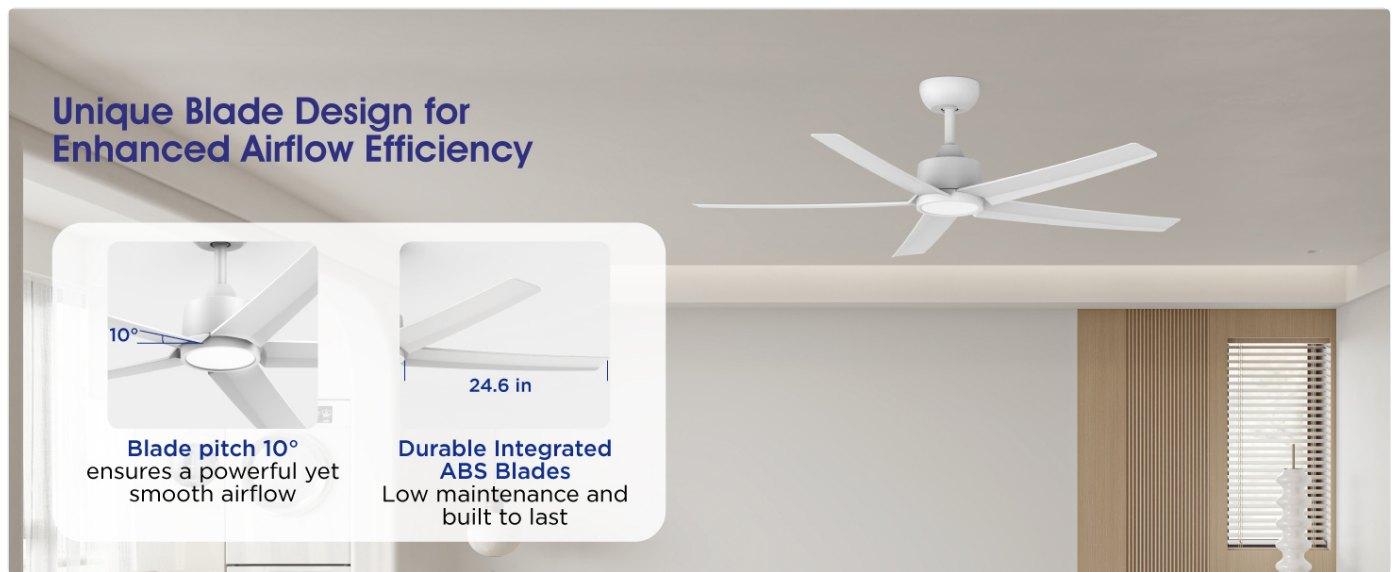

Figure 6: Fan dimensions and ceiling compatibility. The 52-inch fan is suitable for rooms 12ft x 12ft to 18ft x 18ft and can be installed on flat or sloped ceilings up to 12 degrees.

OPERATING INSTRUCTIONS

Remote Control Operation:

The included remote control allows full functionality of the fan and light.

- **Fan Speed:** Use the speed buttons (1-6) to adjust airflow.
- **Light On/Off:** Press the light button to toggle the light.
- **Light Color Temperature:** Cycle through warm, neutral, and cool white light by pressing the light color button.
- **Light Dimming:** Use the dimming buttons to adjust light brightness (10%-100%).
- **Reversible Function:** Press the reverse button to change fan direction for summer (downward airflow) or winter (upward airflow).
- **Timer:** Set the fan to turn off after 2, 4, or 8 hours.

Figure 7: Control options for the ocioc Smart Ceiling Fan, including the remote control and Smart Life mobile application.

Smart App Control (Smart Life App):

Download the Smart Life app from your app store. Follow the in-app instructions to pair your fan. Once paired, you can control all fan functions from your smartphone, including scheduling and advanced settings.

Voice Control (Alexa/Google Home):

Enable the Smart Life skill/action in your Alexa or Google Home app. Link your Smart Life account. You can then use voice commands such as "Alexa, set the fan speed to 4" or "Hey Google, turn on the ceiling fan light."

Figure 8: Voice control integration. The ocioc Smart Ceiling Fan is compatible with Amazon Alexa and Google Assistant for hands-free operation.

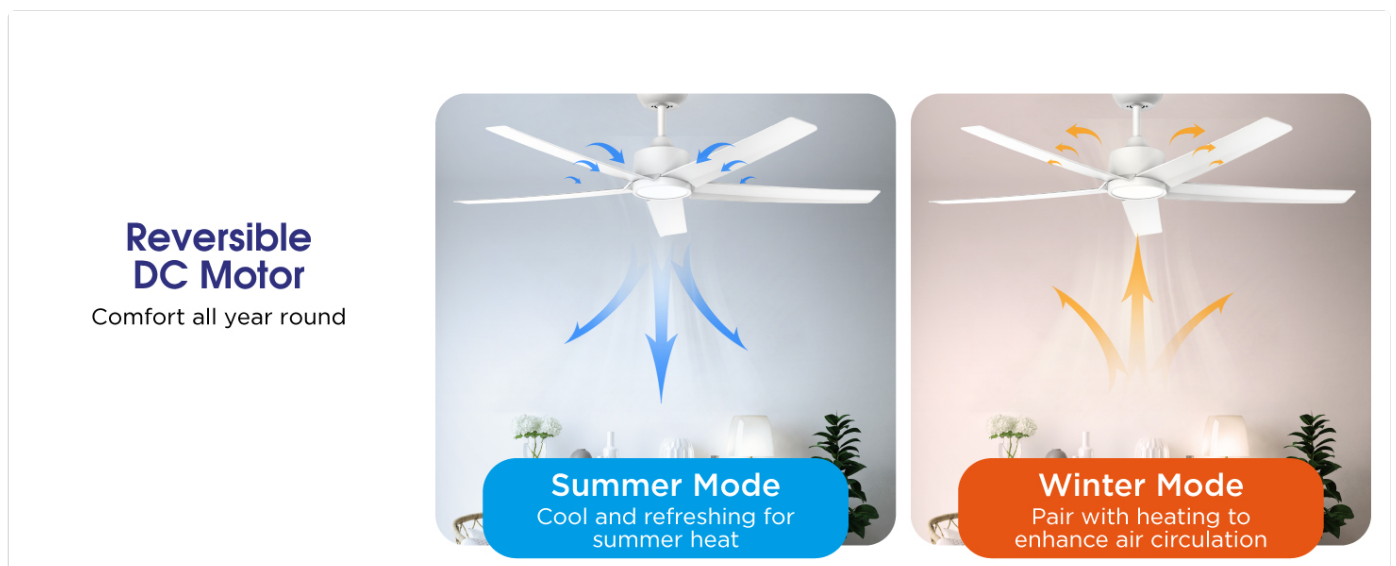

Figure 9: 6 Adjustable Fan Speeds. Choose from low (1-2), medium (3-4), or high (5-6) speeds to suit your airflow needs.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your ocioc Smart Ceiling Fan.

- **Cleaning:** Dust the fan blades and motor housing periodically with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Inspection:** Check fan blades for any signs of damage or warping. Ensure they are securely attached.
- **Tighten Screws:** Periodically check and tighten all screws on the fan and mounting hardware.
- **Light Source:** The integrated LED light source is designed for long life and typically does not require replacement.

CAUTION: Always turn off power at the circuit breaker before cleaning or performing any maintenance on the fan.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not start.	No power to the fan; Loose wire connections; Remote control battery low.	Check circuit breaker; Ensure all wires are securely connected; Replace remote control battery.
Fan wobbles.	Loose fan blades; Unevenly tightened screws; Improper mounting.	Ensure all blade screws are tight; Check mounting bracket for secure installation; Use balancing kit if necessary.
Light does not work.	Loose light kit wiring; Power issue; LED driver malfunction.	Check light kit connections; Verify power supply; Contact customer support if LED is faulty.
Remote control not working.	Battery low/dead; Remote not paired; Interference.	Replace battery; Re-pair remote control (refer to full manual); Reduce interference sources.
Fan is noisy.	Loose screws; Motor issue; Obstruction.	Tighten all screws; Ensure no obstructions are hitting the blades; Contact customer support if motor noise persists.
Light color changes every time it's turned on/off.	Memory function reset due to quick power cycling.	Wait at least 7 seconds after turning off the light before turning it back on to allow the memory function to retain the setting.

SPECIFICATIONS

- **Model:** 9001
- **Dimensions:** 52"D x 52"W x 13"H
- **Blade Length:** 52 Inches
- **Number of Blades:** 5
- **Motor Type:** DC Motor
- **Wattage:** 45 watts (Fan: 30W)
- **Voltage:** 120 Volts (AC)
- **Noise Level:** 30 dB (at highest speed)
- **Luminous Flux:** 1500 Lumen

- **Color Temperature:** 3000K-6500K (Adjustable)
- **Control Method:** App, Remote, Voice
- **Indoor/Outdoor Usage:** Indoor
- **Item Weight:** 10.36 Pounds

WARRANTY AND SUPPORT
