

JIJIWANG JJW0031

JIJIWANG Full Size Loft Metal Bed Instruction Manual

Model: JJW0031

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your JIJIWANG Full Size Loft Metal Bed. Please read all instructions carefully before assembly and use to ensure safe and proper operation. Keep this manual for future reference.

SAFETY INFORMATION

- **Always secure the bed to the wall** using the provided Anti-Tipping Nails to prevent accidental tipping.
- Exercise caution when using the top bunk, especially with children.
- Ensure guardrails are properly installed and are high enough to prevent falls. The top of the mattress must be at least 5 inches from the edge of the guardrail.
- Recommended mattress thickness is 4-6 inches.
- Assemble the bed carefully, following all instructions provided in this manual.
- Do not exceed the maximum weight capacity of 800 pounds for the bed.
- Regularly inspect all components for tightness and wear. Tighten screws as needed.

PACKAGE CONTENTS

Verify that all components and hardware are present before beginning assembly. All necessary tools for assembly are included in the package.

- Metal frame components
- Wooden desk and shelf panels
- Charging station unit
- LED lighting strip

- Fabric storage bags (2)
- Assembly hardware (screws, bolts, washers)
- Anti-Tipping Nails
- Assembly tools

SETUP AND ASSEMBLY

Follow these steps to assemble your JJIWANG Full Size Loft Metal Bed. It is recommended to have two adults for assembly.

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Refer to the included parts list to identify each piece.
2. **Assemble Base Frame:** Connect the main metal frame sections according to the diagrams. Ensure all bolts are finger-tightened initially.
3. **Install Bed Slats:** Secure the metal bed slats to the top bunk frame. Ensure they are evenly spaced and firmly attached.
4. **Attach Guardrails:** Install the full-length guardrails to the top bunk. Confirm they are securely fastened.
5. **Assemble Stairs and Shelves:** Attach the stairs and the wooden shelves to the designated frame sections.
6. **Install Desk and Charging Station:** Mount the wooden desk panel. Integrate the charging station into the pre-drilled opening on the desk. Connect its power cable.
7. **Install LED Lighting:** Affix the LED lighting strip to the underside of the top bunk or desired location. Connect its power source.
8. **Final Tightening:** Once all components are in place, systematically tighten all bolts and screws using the provided tools. Do not overtighten.
9. **Secure to Wall:** Use the Anti-Tipping Nails to securely fasten the bed to a wall stud. This is a critical safety step.

OPERATING INSTRUCTIONS

Charging Station

The built-in charging station provides convenient power access for your devices.

- Plug the charging station's power cord into a standard wall outlet.
- Use the integrated USB ports to charge compatible devices.
- Utilize the standard electrical sockets for other electronic devices.

Light belt

socket

USB port

LED Lighting

The integrated LED lights enhance the ambiance of your space.

- Connect the LED light belt to its power source as instructed during assembly.
- Operate the LED lights using the attached switch or remote control (if included).

Storage and Desk Area

- The desk area provides a dedicated space for work, study, or leisure.
- Utilize the shelves on the stairs and the additional shelves (on Full size models) for organizing items.
- The two included cloth bags can be attached to the frame for additional storage of small items.

MAINTENANCE

- **Cleaning:** Wipe metal surfaces with a damp cloth and mild detergent. Dry immediately. For wooden surfaces, use a dry or slightly damp cloth. Avoid harsh chemicals.
- **Inspection:** Periodically check all bolts, screws, and connections to ensure they remain tight. Tighten any loose fasteners to maintain stability and safety.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 800 pounds for the bed.

TROUBLESHOOTING

Issue: Bed feels unstable or wobbly.

Solution: Check all assembly bolts and screws. Tighten any loose connections. Ensure the bed is properly secured to the wall using the Anti-Tipping Nails.

Issue: Charging station is not working.

Solution: Verify that the charging station's power cord is securely plugged into a functional wall outlet. Check the outlet with another device to confirm it has power.

Issue: LED lights are not illuminating.

Solution: Ensure the LED light belt is correctly connected to its power source. Check the power connection and any associated switches.

SPECIFICATIONS

Feature	Detail
Model Number	JJW0031
