ZIPFORCE ZF-565P

ZIPFORCE True Wireless Earbuds User Manual

Model: ZF-565P

1. INTRODUCTION AND OVERVIEW

The ZIPFORCE True Wireless Earbuds are designed to provide a comfortable and high-quality audio experience with an open-ear design, allowing you to stay aware of your surroundings. Featuring advanced Bluetooth 5.4 technology, these earbuds ensure stable connectivity and efficient power consumption. Equipped with Environmental Noise Cancellation (ENC) and four microphones, they deliver crystal-clear calls. Their IPX6 water resistance makes them suitable for various activities, including sports and outdoor use.

2. WHAT'S IN THE BOX

Upon opening your ZIPFORCE True Wireless Earbuds package, you should find the following items:

- ZIPFORCE True Wireless Earbuds (Left and Right)
- Charging Case
- USB Charging Cable
- User Manual (this document)

3. SETUP

3.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the provided USB charging cable to the charging port on the case and a compatible USB power source. The indicator lights on the case will show the charging status. A full charge for the earbuds takes approximately 30 minutes, providing up to 5 hours of use. The charging case provides an additional 35 hours, totaling 40 hours of combined battery life.

14mm Dynamic Driver

The 14mm large dynamic drivers deliver pure and high-quality sound with powerful bass.

3.2 Pairing with Your Device

The earbuds feature one-step auto pairing. Follow these steps to connect them to your device:

1. Open the charging case. The earbuds will automatically power on and enter pairing mode.
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "ZF Airfit Pro" from the list of found devices.
4. Once connected, the earbuds will indicate successful pairing. They will automatically reconnect to the last paired device when taken out of the case.

4. OPERATING INSTRUCTIONS

4.1 Touch Controls

The ZIPFORCE earbuds feature intuitive touch controls on the outer surface of each earbud. Refer to the diagram below for common functions:

Image: A visual guide to the touch control functions of the earbuds, including Volume Up, Volume Down, Play, Pause, Hang Up, Answer, Interrupt, Next Song, Previous Song, Voice Assistant, and Reject Call.

Earbud Touch Control Functions

Action	Function
Single Tap	Play/Pause music, Answer/End call
Double Tap (Left Earbud)	Volume Down
Double Tap (Right Earbud)	Volume Up
Triple Tap (Left Earbud)	Previous Song
Triple Tap (Right Earbud)	Next Song
Long Press (2 seconds)	Reject call, Activate Voice Assistant

4.2 Call Features (ENC Noise Reduction)

Each earbud is equipped with two built-in microphones and Environmental Noise Cancellation (ENC) technology. This system intelligently suppresses up to 80% of background noise, ensuring your voice is clear and audible during calls, even in noisy environments.

Image: A visual demonstrating the Environmental Noise Cancellation (ENC) technology, showing a sound wave being reduced by -30dB, indicating effective noise suppression.

Open-ear Design, Enjoy Music Without Blocking Your Ears

Enjoy music without plugging up your ears, striking a perfect balance between safety and convenience.

4.3 Comfort and Fit (Rotation Design)

The earbuds feature an ergonomic open-ear design with a unique rotation mechanism, allowing you to adjust the angle of the earbuds by 60 degrees to achieve a perfect and comfortable fit for your ears. This design ensures pressure-free listening and allows you to remain aware of your surroundings.

IPX6 Water Resistance, Ideal for Sports and Outdoor Use

With IPX6 water resistance certification, OpenBuds provide excellent waterproof performance, making them ideal for sports and outdoor use

5. MAINTENANCE

5.1 Cleaning

To maintain optimal performance and hygiene, regularly clean your earbuds and charging case. Use a soft, dry, lint-free cloth to wipe down the surfaces. For stubborn dirt, slightly dampen the cloth with water. Do not use harsh chemicals or abrasive materials.

5.2 Water Resistance (IPX6)

The earbuds are rated IPX6 water resistant, meaning they can withstand powerful jets of water. This makes them suitable for workouts and outdoor activities where they might be exposed to sweat or light rain. However, they are not designed for submersion in water. Avoid exposing the charging case to water.

ZIPFORCE Rotation Design Ensures a Perfect Fit

With the innovative ZIPFORCE rotation design, you can adjust the angle of the earbuds in two ways to suit your preferences and needs.

Image: The earbuds with water splashing around them, visually representing their IPX6 water resistance, ideal for sports and outdoor use.

Image: The earbuds shown with water droplets, emphasizing their IPX6 sweat-resistant rating and Bluetooth 5.4 connectivity, suitable for active lifestyles.

6. TROUBLESHOOTING

If you encounter any issues with your ZIPFORCE True Wireless Earbuds, please refer to the following common troubleshooting steps:

- **No Sound:** Ensure the earbuds are charged and properly paired with your device. Check the volume levels on both the earbuds and your device.
- **Cannot Pair:** Make sure Bluetooth is enabled on your device and the earbuds are in pairing mode (indicator lights flashing). Turn off Bluetooth on other nearby devices that might be trying to connect. Try resetting the earbuds by placing them back in the case and taking them out again.
- **Intermittent Connection:** Ensure there are no significant obstacles between the earbuds and your device. Move closer to your device. Avoid environments with strong electromagnetic interference.
- **Microphone Issues:** Ensure the microphones are not obstructed. Check your device's settings to confirm the earbuds are selected as the audio input device.
- **Earbuds Not Charging:** Verify the charging cable is securely connected to both the case and the power source. Ensure the charging contacts on the earbuds and inside the case are clean and free of debris.

If these steps do not resolve your issue, please contact customer support for further assistance.

7. SPECIFICATIONS

Detailed technical specifications for the ZIPFORCE True Wireless Earbuds:

Feature	Specification
Model Name	Airfit Pro (ZF-565P)
Connectivity Technology	Wireless (Bluetooth)
Bluetooth Version	5.4
Bluetooth Range	10 Meters (approx. 33 feet)
Earbud Battery Life	Up to 10 hours (single charge)
Total Battery Life (with case)	Up to 40 hours
Charging Time	Approx. 30 minutes for earbuds
Water Resistance Level	IPX6
Microphones	4 (with ENC Noise Reduction)
Control Type	Touch Control, Volume Control
Ear Placement	Open Ear
Audio Driver Type	Dynamic Driver (14mm)
Impedance	32 Ohm
Material	Plastic
Item Weight	0.018 ounces (earbuds)
Product Dimensions	3.54 x 2.95 x 1.77 inches (charging case)
Compatible Devices	Cellphones, Telephones, Laptops, Smart Speakers, Desktops

8. WARRANTY AND SUPPORT

ZIPFORCE products are manufactured with high-quality standards and undergo rigorous inspections. For any product-related inquiries, technical support, or warranty claims, please contact ZIPFORCE customer service. We offer dedicated support to ensure an exceptional user experience.

Please refer to the product packaging or the official ZIPFORCE website for the most current warranty information and contact details.
