Reobrix Narthil Sword Building Set

MODEL: 99024

Introduction

Thank you for choosing the Reobrix Narthil Sword Building Set. This set allows you to construct a detailed model of the legendary Narthil sword, designed for display and collection. This manual provides essential information for assembly, care, and safe handling of your model.

Safety Information

- **Age Recommendation:** This building set is recommended for individuals aged 14 years and older.
- **Small Parts:** The set contains small parts which may pose a choking hazard for young children. Keep all components out of reach of children under 3 years.
- **Not a Toy:** This model is designed for display and is not intended for active play or combat. The assembled sword may have sharp edges or points; handle with care.
- **Assembly Environment:** Assemble the model in a well-lit, clean, and spacious area to prevent loss of parts.

Parts List

Your Reobrix Narthil Sword Building Set (Model 99024) includes **521 pieces**. Before beginning assembly, carefully open all bags and verify that all components are present according to the included parts list in your physical instruction booklet. If any parts are missing or damaged, please contact Reobrix customer support.

Setup and Assembly

Follow the step-by-step instructions provided in the dedicated assembly booklet included with your set. Each step is illustrated to guide you through the construction process. Pay close attention to the orientation of pieces and ensure they are securely connected.

1. **Unpack Components:** Carefully remove all building blocks from their packaging.
2. **Organize Parts:** Sort pieces by color and size to facilitate easier assembly.
3. **Follow Booklet:** Refer to the numbered steps in the instruction booklet. Each step details the specific pieces required and their placement.
4. **Secure Connections:** Ensure all blocks are firmly pressed together to create a stable structure.
5. **Blade Assembly:** The blade sections are designed to interlock precisely. Align the engraved runes as shown in the instructions.
6. **Handle and Crossguard:** Assemble the handle and crossguard components, ensuring the grip texture is correctly oriented.

7. **Final Inspection:** After completing all steps, review the assembled model to confirm all parts are correctly placed and secure.

Operating and Display

Once assembled, the Reobrix Narthil Sword Model 99024 is ready for display. Its robust construction allows for careful handling, but it is primarily intended as a static display piece.

- **Handling:** Hold the sword by its handle. Avoid applying excessive force or bending the blade, as this may cause parts to detach or damage the model.
- **Display:** The model can be displayed on a flat surface or mounted on a wall (mounting hardware not included). Choose a stable location away from direct sunlight, extreme temperatures, and high humidity to preserve the integrity of the plastic components.
- **Not for Play:** This is a collector's item and not a toy. Avoid using it for mock battles or any activity that could lead to breakage or injury.

Maintenance

Proper care will ensure your Reobrix Narthil Sword Model remains in excellent condition for years to come.

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For stubborn dirt, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Storage:** If disassembling for storage, keep all pieces organized in a container to prevent loss. Store in a cool, dry place.
- **Inspection:** Periodically check for any loose connections or parts. Re-attach any pieces that may have come loose.

Troubleshooting

Should you encounter any issues during or after assembly, consider the following:

- **Missing Parts:** Double-check the packaging and surrounding area. If a part is genuinely missing, contact Reobrix customer support with your model number and the specific part needed.
- **Loose Connections:** Ensure pieces are fully pressed together. Sometimes, a slight twist or firm push is needed.
- **Difficulty Assembling:** Review the instruction booklet carefully. Sometimes, a small detail or orientation can be overlooked.
- **Model Instability:** Verify that all structural components are correctly assembled and tightly connected.
