Reobrix 33026

Reobrix HH-60J Rescue Helicopter Building Set (Model 33026) Instruction Manual

INTRODUCTION

This instruction manual provides comprehensive guidance for assembling, operating, and maintaining your Reobrix HH-60J Rescue Helicopter Building Set, model 33026. This detailed model kit allows enthusiasts to construct a replica of the Coast Guard Black Hawk helicopter, featuring functional elements and intricate design. Please read all instructions carefully before beginning assembly.

SAFETY INFORMATION

This product contains small parts and is not suitable for children under 3 years of age due to choking hazards. Adult supervision is recommended during assembly, especially for younger builders. Keep all packaging materials away from children. Ensure all connections are secure to prevent parts from detaching during handling or display.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. The package should contain:

- 1093 Building Pieces (various shapes and sizes)
- Instruction Manual

ASSEMBLY INSTRUCTIONS

Follow the included step-by-step visual instructions to construct your HH-60J Rescue Helicopter. Organize pieces by type and color to streamline the building process. Pay close attention to the orientation of each piece as indicated in the manual.

General Assembly Tips:

- **Sorting:** Before starting, sort all building blocks by color and size to easily locate required pieces.
- **Step-by-Step:** Complete each step fully before moving to the next. Do not force pieces together; if a piece does not fit, recheck the previous steps.
- **Secure Connections:** Ensure all blocks are firmly pressed together to create a stable structure.

Key Assembly Areas:

Image: Detailed views of the dashboard, retractable rope, rotatable tail propeller, and rescue cabin interior.

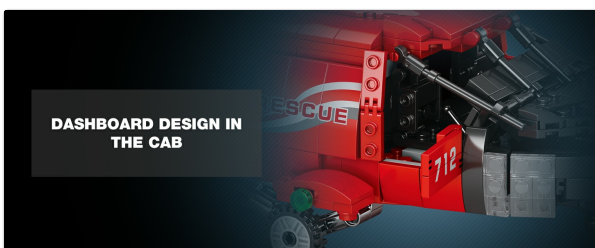

Image: Focus on the detailed dashboard design within the helicopter's cockpit.

Image: The retractable rope feature, crucial for rescue simulations.

OPERATING INSTRUCTIONS

Once assembled, your Reobrix HH-60J Rescue Helicopter model offers several interactive features:

- **Retractable Rescue Rope:** Manually extend and retract the rescue rope from the side of the helicopter.
- **360° Rotating Tail Rotor:** The tail rotor can be manually rotated 360 degrees.
- **Rescue Cabin Access:** The rescue hatch opens and closes, allowing access to the detailed rescue cabin interior.
- **Main Rotor Blades:** The main rotor blades can be manually spun.

MAINTENANCE

To ensure the longevity and appearance of your model:

- **Cleaning:** Dust the model regularly with a soft, dry cloth. For deeper cleaning, use a slightly damp cloth and mild soap, then dry thoroughly. Avoid harsh chemicals.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration and material degradation.
- **Handling:** Handle the model with care, especially delicate parts like the rotor blades and retractable rope mechanism.

TROUBLESHOOTING

If you encounter issues during assembly or with the completed model, consider the following:

- **Missing Pieces:** If you find any parts missing from your kit, please refer to the 'Warranty and Support' section for assistance.
- **Pieces Not Fitting:** Ensure you are using the correct pieces for each step. Refer to the instruction manual's diagrams carefully. Do not force pieces, as this can cause damage.
- **Model Falling Apart:** This can occur if pieces are not fully pressed together. Revisit the affected sections and ensure all connections are secure. For display, consider placing the model on a stable surface.
- **Sticker Application:** Apply stickers slowly and carefully to avoid tearing or misplacement. Use tweezers for precision if needed.

SPECIFICATIONS

| Feature | Detail |
|------------------------------|--|
| Product Dimensions | 26.6 x 3.9 x 11 inches |
| Item Weight | 2.99 pounds |
| Model Number | 33026 |
| Number of Pieces | 1093 PCS |
| Manufacturer Recommended Age | 18 months - 3 years (Note: Product description suggests 14+ for building complexity) |
| Material | ABS Plastic |

Note: The manufacturer recommended age of 18 months - 3 years appears to be a general placeholder. Given the 1093 pieces and complexity, this model is more suitable for ages 14+ as indicated in the product title and feature bullets.

WARRANTY AND SUPPORT

Reobrix is committed to customer satisfaction. If you find that any parts are missing from your kit upon receipt, please contact our customer support. We will arrange to send the missing parts to you as soon as possible. For further assistance or inquiries, please visit the [Reobrix Store on Amazon](#).
