Rhinowalk MJX2003

Rhinowalk Motorcycle Touring Seat Bag

Model: MJX2003

INTRODUCTION

This manual provides detailed instructions for the proper setup, operation, and maintenance of your Rhinowalk Motorcycle Touring Seat Bag, Model MJX2003. Designed for versatility and durability, this bag offers adjustable capacity and multiple carrying options to enhance your motorcycle touring experience.

SETUP AND INSTALLATION

The Rhinowalk MJX2003 bag features a stable design with a four-point fixation system for secure attachment to your motorcycle. Follow these steps for proper installation:

1. **Prepare the Bag:** Ensure the bag is empty or contains only essential items before installation to facilitate easier handling.
2. **Position the Bag:** Place the bag on the rear seat or luggage rack of your motorcycle.
3. **Secure with Straps:** Utilize the four included 56.5cm length straps to secure the bag. Connect the male and female buckles on the bag to corresponding attachment points on your motorcycle or luggage rack. Tighten the webbing securely to prevent movement during transit. The thick steel wire supports on both sides of the bag help maintain its shape and stability.
4. **Verify Stability:** After securing, gently tug on the bag from various angles to ensure it is firmly attached and does not

shift.

02 Stable Border Design, Sturdy Four Point Fixation.

Thick Steel Wires Are Used To Support Both Sides Of The Bag To Ensure No Deformation Or Shaking

OPERATION AND FEATURES

Adjustable Expansion Capacity

The MJX2003 bag offers an adjustable capacity to suit your travel needs. The normal capacity is approximately 50 liters, which can be expanded to about 70 liters for longer trips or when additional storage is required. To expand, simply unzip the expansion zipper located around the perimeter of the main compartment.

01 Adjustable Expansion Capacity

70L MECHANIC

The Normal Capacity Is About 50L, And The Unfolded Capacity Is About 70L, Which Meets The Needs Of Medium And Long-Distance Cycling.

Multiple Carrying Options

This versatile bag can be used in various ways depending on your situation:

- **Backpack:** Attach the 38mm width shoulder strap to convert the bag into a backpack for hands-free carrying off the motorcycle.
- **Crossbody Bag:** Use the shoulder strap for a crossbody carrying style.
- **Shoulder Bag:** Carry the bag over one shoulder using the shoulder strap.
- **Handbag:** Use the integrated top handles for convenient hand carrying.

MOLLE Expansion System

The front, sides, and top of the bag are equipped with a MOLLE (Modular Lightweight Load-carrying Equipment) system. This allows you to attach additional pouches, gear, or accessories, expanding the bag's functionality and carrying capacity for smaller items.

04 Powerful MOLLE Expansion System

The Front, Side, And Top Of The Bag Are Designed With Molle System, Which Can Accommodate A Variety Of External Items.

Multi-Compartment Design

The MJX2003 bag features a thoughtful compartment design for organized storage:

- **Inside:** Includes a dry/wet separation compartment, a dedicated laptop compartment (fits up to 14-inch laptops), and two independent mesh pockets for smaller items.
- **Outside:** Features a debris bag on the front, a zipper bag on the side, and independent separations on the top for quick access items.

MAINTENANCE

Rain Cover Usage

The bag comes with a dedicated rain cover to protect your belongings from wet weather. To use, simply unfold the rain cover and place it over the bag. Fix it securely using the buckles located on both sides of the rain cover, ensuring a snug fit to prevent water ingress.

06 Comes With Rain Cover/ Folding Storage

Fix It On The Bag With The Buckles On Both Sides Of The Rain Cover.

Cleaning and Care

- **Spot Cleaning:** For minor dirt or stains, use a damp cloth with mild soap to gently clean the affected area. Avoid harsh chemicals.
- **Drying:** Allow the bag to air dry completely before storing or reusing. Do not machine wash or tumble dry.
- **Storage:** When not in use, store the bag in a cool, dry place away from direct sunlight to preserve its material integrity. The bag can be folded for compact storage.

TROUBLESHOOTING

- **Bag feels unstable:** Ensure all four fixation straps are securely buckled and tightened. Check that the bag is properly centered on the seat or rack.
- **Zippers are stiff:** Apply a small amount of zipper lubricant or wax to the zipper teeth to improve smoothness.
- **Rain cover not fitting properly:** Ensure the bag is not overpacked, which might prevent the cover from fully enclosing

- it. Adjust the cover's buckles for a tighter fit.
- **Difficulty expanding capacity:** Check for any obstructions or fabric caught in the expansion zipper. Ensure the zipper is fully unzipped to achieve maximum capacity.
