

## Braun 9360cc

# Braun Series 9 Sport+ 9360cc Electric Shaver User Manual

Model: 9360cc

## 1. INTRODUCTION

This manual provides essential information for the safe and effective use of your Braun Series 9 Sport+ 9360cc electric shaver. Please read these instructions thoroughly before using the appliance and retain them for future reference.

## 2. SAFETY INFORMATION

### Warning:

- This product is an electric shaver. Exercise caution during use.
- Blades can cause cuts. Handle with care.
- Do not expose the shaver to water during charging.
- Ensure proper cleaning and storage to maintain hygiene and performance.

## 3. PRODUCT OVERVIEW

The Braun Series 9 Sport+ 9360cc is designed for a close and comfortable shave. It features advanced cutting technology and a compact head for optimal performance.

### Key Features:

- **4+1 Cutting System:** Includes Lift&Cut trimmer, Direct&Cut trimmer, two OptiFoil blades, and a SkinGuard for a deep yet gentle shave.
- **PRO Close-Contact Head:** A compact, flexible head designed to fit difficult areas like under the jaw for an ultimate close shave.
- **Sonic Vibration Technology:** 10,000 micro-vibrations per minute reduce friction for a smooth, deep shave.
- **Artificial Intelligence Technology:** Automatically adjusts shaving power based on beard density,

ensuring gentle shaving even for sparse beards.

- **Wet & Dry Shaving:** Suitable for use in the shower or with foam/gel.
- **6-in-1 Alcohol Cleaning System:** Braun's unique system cleans, lubricates, dries, and charges the shaver, maintaining a new-shaver feel for up to 18 months.
- **100% Waterproof Design:** Engineered for durability and easy cleaning under running water.
- **Long-lasting Battery:** Provides 60 minutes of cordless shaving on a full charge.

## 4. SETUP

### 4.1 Initial Charging

1. Connect the shaver to the power outlet using the provided charger.
2. Allow the shaver to charge for approximately 1 hour for a full charge. The LED display will indicate charging status.
3. For quick use, a 5-minute quick charge provides enough power for one shave.

### 4.2 Preparing the Cleaning System (if applicable)

If your model includes the 6-in-1 alcohol cleaning system:

1. Open the cleaning station and insert a Braun cleaning cartridge.
2. Place the shaver head-down into the cleaning station.
3. The cleaning station will automatically clean, lubricate, dry, and charge the shaver.

## 5. OPERATING INSTRUCTIONS

### 5.1 Shaving

1. Ensure the shaver is charged.
2. Press the power button to turn on the shaver.
3. Hold the shaver at a right angle (90°) to your skin.
4. Stretch your skin and shave against the direction of beard growth.
5. The shaver's AI technology will automatically adjust power based on your beard density.
6. For wet shaving, apply shaving foam or gel to your face before use.

### 5.2 Smart LED Display

The shaver features a smart LED display that provides important information:

- Blade replacement indicator
- Alcohol cleaning indicator

- Charging status indicator
- Battery remaining gauge
- Travel lock indicator

## 6. MAINTENANCE

### 6.1 Manual Cleaning

1. After each shave, turn off the shaver and remove the shaver head.
2. Rinse the shaver head and the cutting elements under warm running water until all hair residues are removed.
3. Shake off excess water and allow the shaver head to air dry.

### 6.2 Cleaning with the Cleaning Station

For thorough cleaning, use the 6-in-1 alcohol cleaning system:

1. Place the shaver into the cleaning station after use.
2. Press the start button on the cleaning station.
3. The system will automatically clean, lubricate, dry, and charge the shaver, ensuring optimal hygiene and performance.

### 6.3 Blade Replacement

For optimal shaving performance, it is recommended to replace the shaver head (foil and cutter block) every 18 months.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Shaver does not turn on.	Battery is depleted.	Charge the shaver for at least 5 minutes.
Poor shaving performance.	Blades are dull or clogged.	Clean the shaver head thoroughly or replace the shaver head.
Skin irritation after shaving.	Incorrect shaving technique or sensitive skin.	Ensure you are shaving against the grain and not applying excessive pressure. Consider using a pre-shave lotion or aftershave balm.
Cleaning station not working.	Cleaning cartridge is empty or improperly inserted.	Replace the cleaning cartridge or ensure it is correctly seated.
