SBS 10K FAST Power Bank User Manual

Model: TTBB10000FASTPD20K

INTRODUCTION

Thank you for choosing the SBS 10K FAST Power Bank. This portable charger is designed to provide reliable and fast power to your mobile devices on the go. With its 10,000mAh capacity, Power Delivery (PD) and Adaptive Fast Charge (AFC) technologies, and compact design, it's an ideal companion for daily use and travel.

This manual provides important information on how to set up, operate, and maintain your power bank to ensure optimal performance and longevity.

WHAT'S IN THE BOX

- SBS 10K FAST Power Bank
- USB-A to USB-C Cable
- User Manual

PRODUCT OVERVIEW

The SBS 10K FAST Power Bank features a sleek, compact design with multiple ports for versatile charging. Its intuitive LED indicators allow for easy monitoring of the battery level.

Image: Front view of the SBS 10K FAST Power Bank, showcasing its compact size, USB-A, USB-C, and Micro-USB ports, and LED charge indicators.

Ports and Indicators:

- **USB-C Port (IN & OUT):** Supports 20W Power Delivery (PD) for fast charging of compatible devices and for recharging the power bank itself.
- **USB-A Ports (x2):** Supports 22.5W Adaptive Fast Charge (AFC) for rapid charging of various smartphones and tablets.
- **Micro-USB Port (IN):** An alternative input port for recharging the power bank.
- **LED Indicators:** Four LED lights indicate the remaining battery level of the power bank.

Tutte le funzionalità del Power Bank

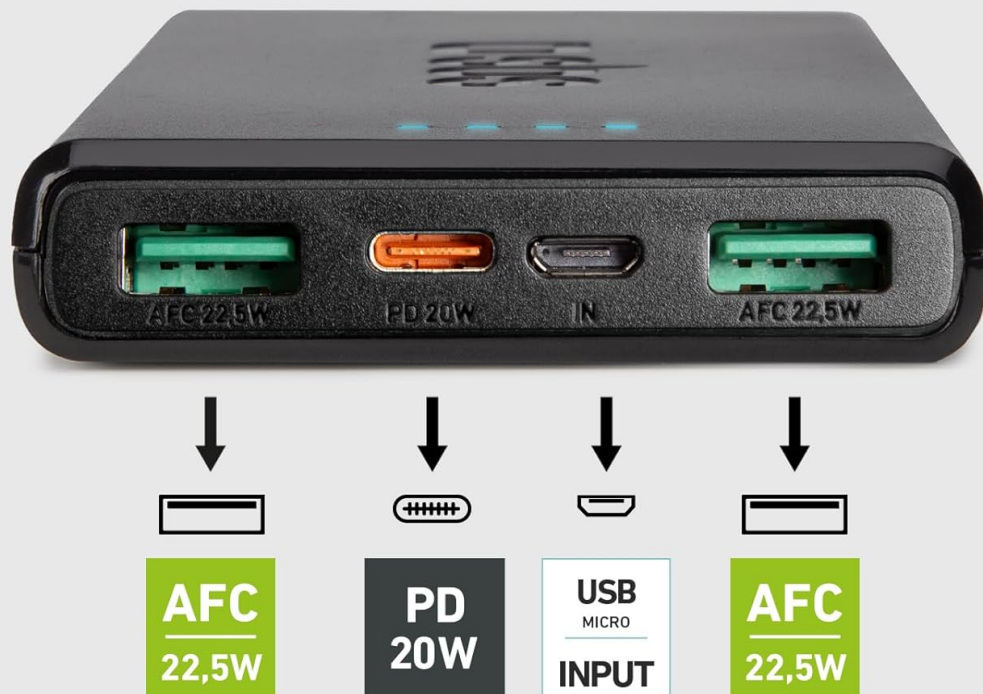

Image: Detailed view of the power bank's ports, labeling the USB-A ports with AFC 22.5W, the USB-C port with PD 20W, and the Micro-USB port as IN.

Raffinato design slim

SETUP

Your SBS 10K FAST Power Bank comes partially charged and ready for immediate use. For optimal performance, it is recommended to fully charge the power bank before its first use.

Initial Charging:

1. Connect the provided USB-A to USB-C cable to the USB-C port on the power bank.
2. Connect the other end of the cable to a USB wall adapter (not included) or a computer's USB port.
3. The LED indicators will light up progressively to show the charging status. All four LEDs will be solid when fully charged.

OPERATING INSTRUCTIONS

Charging the Power Bank:

You can recharge your power bank using either the USB-C port or the Micro-USB port.

- **Using USB-C (Recommended for faster charging):** Connect a USB-C cable to the power bank's

USB-C port and to a compatible USB-C wall charger.

- **Using Micro-USB:** Connect a Micro-USB cable to the power bank's Micro-USB port and to a USB wall charger.

The LED indicators will flash during charging and remain solid when fully charged.

Charging Devices with the Power Bank:

The power bank can charge up to three devices simultaneously.

1. Connect your device's charging cable to one of the available output ports (USB-C or USB-A) on the power bank.
2. Connect the other end of the cable to your device.
3. Charging will begin automatically. The power bank's LED indicators will show its remaining charge.

Image: The power bank connected to and simultaneously charging three different mobile devices, demonstrating its multi-device charging capability.

Fino a 4 ricariche complete
del tuo smartphone*

*a seconda della batteria dello smartphone in carica

Image: The power bank connected to a smartphone, with text highlighting its 10,000mAh capacity and the ability to provide up to 4 full smartphone charges.

Understanding LED Indicators:

Press the power button once to check the remaining battery level:

- **4 LEDs Solid:** 75-100% charge
- **3 LEDs Solid:** 50-75% charge
- **2 LEDs Solid:** 25-50% charge
- **1 LED Solid:** 0-25% charge (Recharge soon)

Controlla con un click la carica residua

Image: A hand holding the power bank, with the LED indicators clearly visible, demonstrating how to check the remaining charge.

Dual Charge Functionality:

The power bank supports "Dual Charge," meaning it can be recharged itself while simultaneously charging another device.

Dual Charge il Power Bank si ricarica mentre alimenta il device

Dual Charge

Image: The power bank connected to a wall charger for its own recharge, while also connected to and charging a smartphone, illustrating the Dual Charge feature.

MAINTENANCE

- Keep the power bank away from extreme temperatures, direct sunlight, and liquids.
- Clean the surface with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store in a cool, dry place when not in use.
- Recharge the power bank at least once every three months to maintain battery health if not used regularly.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Power bank not charging	Cable not connected properly; faulty cable/charger; power bank fully discharged.	Ensure cables are securely connected. Try a different cable or wall adapter. Allow a few minutes for the power bank to respond if completely drained.

Problem	Possible Cause	Solution
Device not charging from power bank	Power bank is out of charge; device cable not connected properly; device is not compatible; power bank in protection mode.	Check power bank's charge level. Ensure cable is securely connected to both power bank and device. Try a different cable. Disconnect and reconnect the device.
Slow charging	Using a non-fast charging port/cable; device not supporting fast charge; multiple devices charging simultaneously.	Ensure you are using the PD (USB-C) or AFC (USB-A) ports with compatible cables for fast charging. Charging multiple devices may reduce individual charging speed.
LEDs not lighting up	Power bank is off; fully discharged; internal fault.	Press the power button to activate. Try charging the power bank. If issues persist, contact customer support.

SPECIFICATIONS

Feature	Detail
Model Name	TTBB10000FASTPD20K
Battery Capacity	10,000 mAh
Battery Type	Lithium Polymer
USB-C Output/Input	20W Power Delivery (PD)
USB-A Output (x2)	22.5W Adaptive Fast Charge (AFC)
Micro-USB Input	Standard charging input
Dimensions	13.5 x 1.8 x 7 cm
Weight	270 grams
Compatible Devices	Smartphones, Tablets, Headphones, Smartwatches, Speakers
Special Features	Lightweight, LED indicators, Short-circuit protection, Overload protection, Fast charging, Travel-friendly (airplane compatible)

SAFETY INFORMATION

- Do not disassemble, open, or shred the power bank.
- Do not expose to heat or fire. Avoid storage in direct sunlight.

- Do not short-circuit the power bank. Do not store in a box or drawer where it may be short-circuited by other metal objects.
- Do not expose the power bank to mechanical shock.
- In the event of a leak, do not allow the liquid to come into contact with the skin or eyes. If contact has been made, wash the affected area with copious amounts of water and seek medical advice.
- Keep out of reach of children.
- Supervise children when using the power bank.
- Ensure that the power bank is used in accordance with local regulations and requirements.

WARRANTY AND SUPPORT

SBS products are covered by a standard manufacturer's warranty. For detailed warranty information, please refer to the warranty card included with your product or visit the official SBS website.

For technical support, troubleshooting assistance, or any inquiries regarding your SBS 10K FAST Power Bank, please contact SBS customer service through their official channels. Contact information can typically be found on the SBS website or on the product packaging.
