

TECXERLLON T95

TECXERLLON T95 9.0" Portable CarPlay & Android Auto Screen User Manual

Model: T95 | Brand: TECXERLLON

1. INTRODUCTION

Thank you for choosing the TECXERLLON T95 9.0" Portable CarPlay & Android Auto Screen. This device is designed to enhance your driving experience by integrating smartphone functionalities directly into your vehicle's dashboard. It supports Apple CarPlay, Android Auto, Mirror Link, GPS navigation, and various audio output options.

Important Safety Information:

- Always ensure the device is securely mounted and does not obstruct your view or interfere with vehicle controls.
- Do not operate the device or adjust settings while driving. Always pull over to a safe location before making any adjustments.
- Keep the device away from extreme temperatures, direct sunlight for prolonged periods, and moisture.
- Use only the provided power cable and accessories to prevent damage or malfunction.

2. WHAT'S IN THE BOX

Please check the contents of your package to ensure all items are present:

- Carplay Screen Body with Soft Plastic Base
- Power Cord
- AUX Cable
- User Manual

PACKAGING LIST

3. PRODUCT OVERVIEW

The TECXERLLON T95 features a 9.0-inch HD IPS display designed for clear visibility and intuitive interaction. Its compact design allows for flexible placement in various vehicle models.

Figure 3.1: Front view of the TECXERLLON T95 screen.

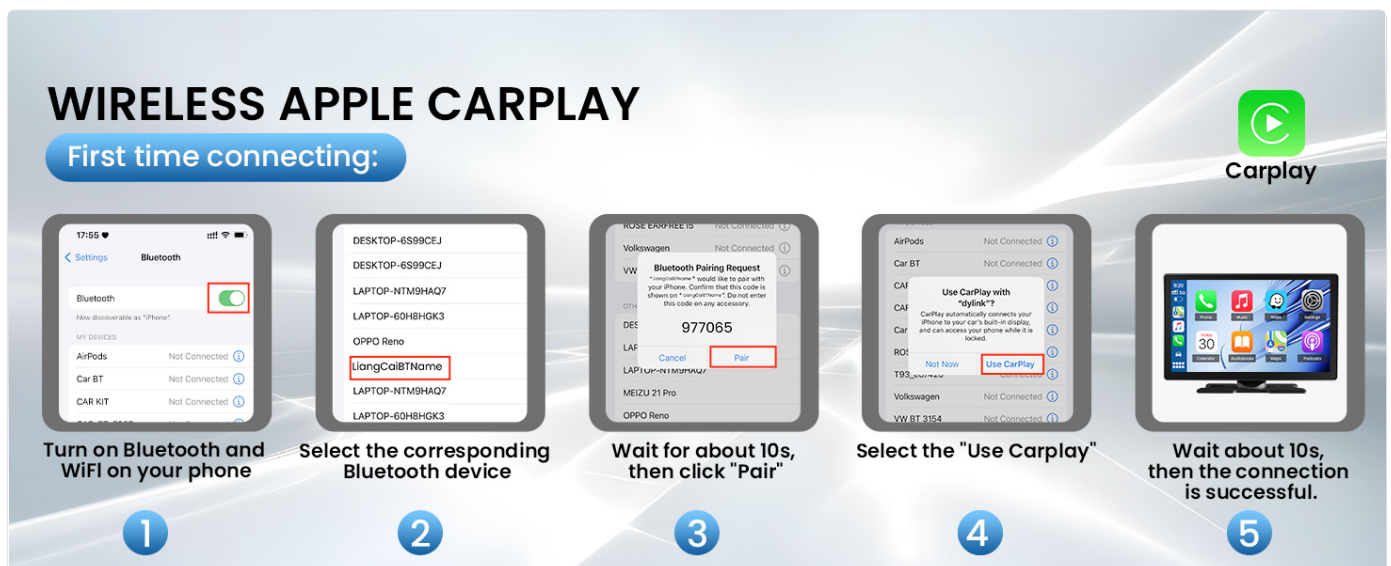

Figure 3.2: Rear view of the screen with built-in speaker.

4. SETUP

4.1. Installation

1. **Choose a Location:** Select a suitable flat surface on your dashboard or windshield that does not obstruct your view or vehicle controls.
2. **Attach the Base:** Use the included 3M adhesive rubber base to securely attach the screen. The bendable base allows for installation on uneven surfaces.
3. **Adjust Position:** Adjust the mount to achieve the optimal viewing angle.

SPECIAL SOFT PLASTIC BAS

Bendable base, uneven car center console can also be firmly installed

Figure 4.1: Flexible soft plastic base for secure mounting.

4.2. Initial Power-On

1. Connect the provided power cord to the device and then to your car's 12V power outlet (cigarette lighter).

2. The device will automatically power on. Follow any on-screen prompts for initial setup.

5. OPERATING INSTRUCTIONS

5.1. Wireless Apple CarPlay Connection

Connect your iPhone wirelessly to access CarPlay features.

1. On the TECXERLLON T95 screen, select the "CarPlay" icon.
2. On your iPhone, go to **Settings > Bluetooth** and ensure Bluetooth is enabled.
3. From the list of available devices on your iPhone, select the device name displayed on the TECXERLLON T95 screen (e.g., "CLW_5B145C60").
4. Confirm the pairing request on both devices.
5. Once paired, a prompt will appear on your iPhone to "Use CarPlay". Tap **Connect**.
6. CarPlay will launch on the TECXERLLON T95 screen.

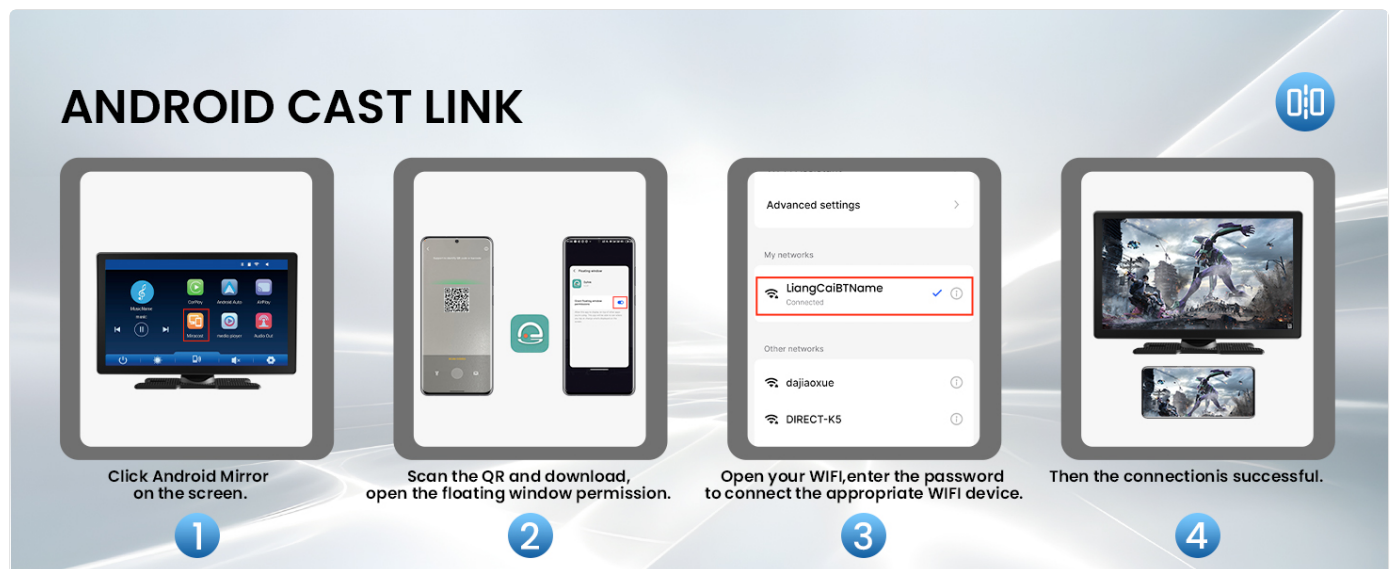

Figure 5.1: Wireless Apple CarPlay connection steps.

Video 5.1: Tutorial on how to connect Apple CarPlay to the TECXERLLON T95 screen.

5.2. Wireless Android Auto Connection

Connect your Android phone wirelessly to access Android Auto features.

1. On the TECXERLLON T95 screen, select the "Android Auto" icon.
2. On your Android phone, turn on Wi-Fi and Bluetooth.
3. In your phone's Bluetooth settings, select the device name displayed on the TECXERLLON T95 screen (e.g., "CLW_5B145C60") and pair.
4. Allow the connection on your phone. Android Auto will then launch on the TECXERLLON T95 screen.

COMPATIBLE WITH 99% 12V-24V VEHICLE

Unlike traditional car stereos, it fits most car models without requiring specific size standards like single DIN or double DIN.

Video 5.4: Tutorial on how to connect Android Cast Mirror Link to the TECXERLLON T95 screen.

5.5. Audio Output Options

The TECXERLLON T95 offers multiple ways to output audio to your car's speakers:

- **Bluetooth:** Stream audio wirelessly to your car's stereo speakers for a lossless music experience.
- **FM Transmission:** Transmit audio to your car's FM radio by tuning both devices to the same frequency.
- **AUX Connection:** Use the provided AUX cable to connect the device directly to your car's AUX input for a wired audio connection.
- **Built-in Speaker:** The device also features a built-in high-quality speaker for direct audio output.

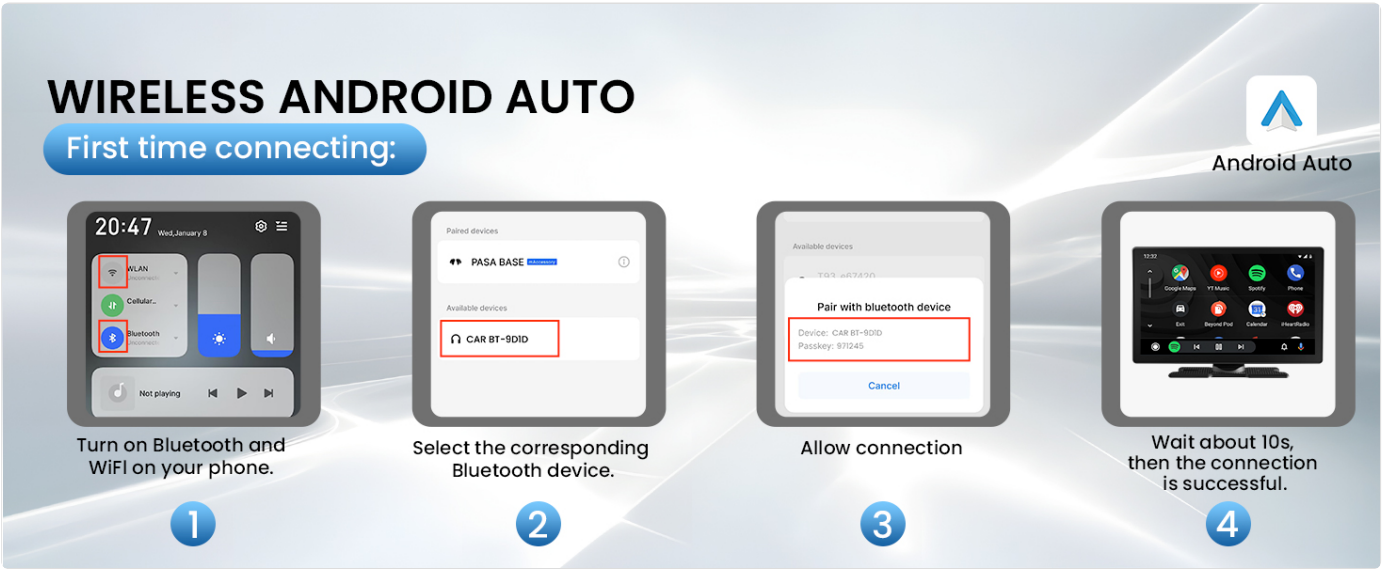

Figure 5.5: Audio output connection methods.

5.6. GPS Navigation

Utilize your smartphone's navigation apps directly on the 9.0-inch HD IPS display.

- Supports popular navigation apps like Google Maps, Waze, and Apple Maps.
- Syncs with your smartphone's latest GPS data for real-time navigation without frequent updates.

ONLINE GPS NAVIGATION

Connect Apple CarPlay or A-Auto and use the online navigation function

Figure 5.6: Online GPS Navigation interface.

5.7. Voice Control

Access Siri or Google Assistant for hands-free control.

- Use voice commands for navigation, making phone calls, playing music, and other operations.
- Ensure voice wake-up function is enabled on your smartphone for optimal use.

Siri & Google VOICE CONTROL

You can use a voice assistant to control the navigation, make phonecalls, play music and other operation commands

Figure 5.7: Siri & Google Voice Control functionality.

5.8. Hands-Free Calling

Make and receive calls safely while driving through the connected CarPlay or Android Auto interface.

Figure 5.8: Hands-Free Calling interface.

6. MAINTENANCE

To ensure the longevity and optimal performance of your TECXERLLON T95 screen, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth to gently wipe the screen. For stubborn smudges, slightly dampen the cloth with water or a screen-safe cleaner. Avoid harsh chemicals or abrasive materials.
- **Storage:** If storing the device for an extended period, disconnect it from power and store it in a cool, dry place away from direct sunlight.
- **Cable Care:** Regularly check all cables for any signs of wear or damage. Replace damaged cables immediately to prevent electrical issues.

7. TROUBLESHOOTING

If you encounter issues with your TECXERLLON T95 screen, please refer to the following common solutions:

Issue	Possible Solution
Device does not power on.	Ensure the power cord is securely connected to both the device and the car's 12V outlet. Check if the car's 12V outlet is functioning.
CarPlay/Android Auto connection issues (e.g., iOS 26, certain Samsung models).	For iOS 26 issues, please contact our support team via the email provided in this manual for a device update file and guide. Some Samsung Android models (e.g., Galaxy S21, S22, S24 Ultra) may experience connectivity issues. Ensure your phone's Wi-Fi and Bluetooth are enabled and visible. Try restarting both the device and your phone.
Audio quality is poor or no sound.	Check your selected audio output method (Bluetooth, FM, AUX). If using FM, ensure the frequency is clear and matches your car radio. If using AUX, ensure the cable is fully inserted. Adjust volume on both the device and your car stereo.

Issue	Possible Solution
Screen Mirroring (AirPlay/Android Cast) not working.	Ensure both devices are connected to the same Wi-Fi network. Verify that Wi-Fi and location services are enabled on your phone. Some streaming apps (e.g., Netflix, YouTube, Apple TV, Amazon Video, ESPN, MLB) may restrict casting due to copyright protection.
Touchscreen unresponsive or lagging.	Restart the device. Ensure the screen is clean and free of debris. If the issue persists, contact support.
