1. INTRODUCTION

This manual provides detailed instructions for the assembly, use, and care of your Vidalido 3-4 Person Tent, Model Shanying. Designed for outdoor camping and hiking, this tent offers comfort and protection for 3 to 4 individuals. Key features include a mesh door, two large mesh windows, and a double-layer waterproof design for enhanced durability and ventilation.

2. WHAT'S INCLUDED

Please verify that all components are present before beginning assembly:

- 1 x 4 Person Tent Body
- 1 x Rainfly
- 1 x Tent Poles Set
- 16 x Tent Stakes
- 6 x Guylines
- 1 x Carry Bag

3. SETUP INSTRUCTIONS

Estimated assembly time for two people is approximately 5-8 minutes. For visual guidance, please refer to the installation video provided below.

3.1. Step-by-Step Assembly

1. **Unpack Components:** Remove all tent components from the carry bag and lay them out on a clear, flat surface free of debris.
2. **Position Tent Body:** Spread the tent body flat on the ground at your desired camping location.
3. **Assemble Poles:** Connect the tent pole sections to form the complete pole structure.
4. **Attach Poles to Tent:** Insert the assembled poles into the designated sleeves or clip them onto the tent body's attachment points. Ensure all clips are securely fastened.
5. **Raise Tent Structure:** Carefully lift the tent, allowing the poles to form the tent's shape.
6. **Secure Tent Body:** Drive the 16 tent stakes through the tent's corner loops and other designated points into the ground to secure the base.
7. **Install Rainfly:** Drape the rainfly over the tent body, aligning it with the tent's structure. Secure the rainfly to the tent poles or base using the attached buckles or ties.
8. **Attach Guylines:** Extend the 6 guylines from the tent and rainfly attachment points, securing them with stakes to provide additional stability, especially in windy conditions.

4. OPERATING YOUR TENT

4.1. Ventilation and Views

The tent features one mesh door, two mesh windows, and a mesh tent top. These elements are designed to allow for excellent airflow, keeping the interior well-ventilated while preventing insects from entering. The large mesh roof also provides an opportunity to view the stars at night.

4.2. Interior Features

- **Large Lobby:** The tent includes a spacious lobby area, suitable for storing gear such as tables, chairs, or shoes, keeping the main sleeping area clear.
- **Electrical Access Hole:** A dedicated access point allows for convenient routing of electrical cords into the tent.
- **Lamp Hook:** A hook is provided at the top of the tent for hanging a camping lamp or light source.
- **Double-side Zippers:** All zippers are double-sided for easy access from both inside and outside the tent.

5. MAINTENANCE AND CARE

- **Cleaning:** Hand wash the tent using mild soap and water. Avoid using harsh detergents, bleach, or abrasive cleaners, as these can damage the fabric's waterproof coating.
- **Drying:** Ensure the tent is completely dry before packing it away. Packing a damp tent can lead to mildew growth and fabric degradation.
- **Storage:** Store the tent in its carry bag in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically inspect the tent for any damage to the fabric, poles, zippers, or seams. Address minor issues promptly to prevent further damage.

6. TROUBLESHOOTING

- **Difficulty with Setup:** If you encounter issues during setup, re-watch the installation video and carefully review the step-by-step instructions. Ensure all poles are correctly inserted and securely fastened. Some users have noted that instructions for the rainfly may require careful attention.
- **Water Leakage:** Ensure the rainfly is properly installed and taut. Note that the front door is not fully rainproof; always position the tent to orient the door away from strong winds and rain to prevent water entry.
- **Zipper Issues:** Operate zippers smoothly and avoid forcing them. If a zipper snags, gently work it free. Keep zippers clean from dirt and debris.
- **Condensation Inside Tent:** Ensure adequate ventilation by keeping mesh windows and doors partially open when weather permits. Proper airflow helps reduce condensation buildup.

7. SPECIFICATIONS

Feature	Detail
Brand	Vidalido
Model Name	Shanying
Occupancy	3-4 Person
Product Dimensions (L x W x H)	94.48" x 94.48" x 70.86" (7.8ft x 7.8ft x 70.8in)

8. SAFETY INFORMATION

- **Weather Conditions:** Do not use the tent in heavy rain or severe rainstorms. The front door is not fully waterproof; always position the tent to prevent rain from entering through the door during windy and rainy conditions.
- **Fire Safety:** Keep all open flames, heaters, and other heat sources away from the tent fabric. The tent material is not fireproof and can ignite.
- **Ventilation:** Ensure proper ventilation to prevent carbon monoxide buildup if using any fuel-burning devices (e.g., lanterns, stoves) inside or near the tent. Never use such devices inside a closed tent.
- **Site Selection:** Choose a level campsite free of sharp objects. Avoid pitching the tent under trees with dead branches that could fall.
- **Securing the Tent:** Always use all provided stakes and guylines to secure the tent firmly, especially in windy conditions, to prevent it from collapsing or blowing away.

9. WARRANTY INFORMATION

Vidalido offers a 100% money-back refund within 30 days of purchase. Please retain your proof of purchase for any warranty claims.

10. CUSTOMER SUPPORT

For further assistance, product inquiries, or to report any issues, please contact Vidalido customer support through the retailer's platform or the official Vidalido website.
