FLEXISPOT OC1-SE

FLEXISPOT Foldex Ergonomic Office Chair Instruction Manual

MODEL: OC1-SE

Introduction

Thank you for choosing the FLEXISPOT Foldex Ergonomic Office Chair. This manual provides essential information for the proper assembly, operation, and maintenance of your new chair. Designed for comfort and space-saving efficiency, this chair features multi-adjustments, a foldable backrest, and a footrest, making it ideal for various environments including home offices, departments, and dormitories. Please read these instructions carefully before use to ensure safe and optimal performance.

Important Safety Information

Always ensure the chair is fully assembled and stable before use. Do not exceed the maximum weight capacity of 300 pounds. Be cautious when folding and unfolding the chair to prevent injury.

Setup and Assembly

Your FLEXISPOT Foldex Ergonomic Office Chair comes with a pre-assembled chair body, significantly simplifying the setup process. You will primarily need to attach the headrest.

- Unpacking:** Carefully remove all components from the packaging. Verify all parts are present according to the packing list.
- Headrest Attachment:** Locate the headrest and align it with the designated slots at the top of the chair's backrest. Secure it firmly using the two provided screws.
- Final Check:** Ensure all connections are tight and the chair is stable before first use.

Operating Instructions

The FLEXISPOT Foldex chair offers multiple adjustments for personalized comfort and ergonomic support.

Chair Adjustments

- 3D Adjustable Headrest:** The headrest can be adjusted in multiple dimensions (height, angle, rotation) to provide precise neck support. Simply grasp the headrest and move it to your desired position. It will lock into place.

3D HEADREST

Adjust the headrest in multiple dimensions to achieve precise support

Figure 2: Detailed view of the 3D adjustable headrest, illustrating its range of motion for optimal neck support.

- **Height-Adjustable Lumbar Support:** The lumbar support can be moved up or down to perfectly fit the curve of your lower back, enhancing comfort and posture.

LUMBAR

Move up/down to support the waist more accurately

Figure 3: Illustration of the adjustable lumbar support, demonstrating how it can be positioned for accurate waist support.

- **Flip-up Armrests:** The armrests can be flipped up or down. This feature allows you to easily push the chair closer to your desk or save space when not in use.

Figure 4: The chair's flip-up armrests, providing flexibility for desk clearance and space-saving.

- **Tilt Function:** Adjust the chair's backrest tilt to your preferred angle for relaxation or focused work. The tilt tension can also be adjusted for personalized resistance.

Folding for Space-Saving

The chair's unique foldable backrest allows for significant space-saving. To fold the chair:

1. Ensure the armrests are flipped up.
2. Locate the buttons on each side of the chair's backrest hinge.
3. Press both buttons simultaneously and gently fold the backrest forward until it rests compactly over the seat.
4. Once folded, the chair can be easily tucked under most desks, saving approximately 1.5m² of space.

FOLDABLE

Space Saving **1.5m²**

Figure 7: The chair's folding mechanism, highlighting the buttons used to collapse the backrest for compact storage.

Maintenance

To ensure the longevity and appearance of your FLEXISPOT Foldex Ergonomic Office Chair, follow these simple maintenance guidelines:

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners, as they may damage the mesh or foam materials.
- **Spills:** The chair features a waterproof surface. In case of spills, wipe immediately with a dry cloth to prevent absorption.

WATER-PROOF

EXTRA COMFORT

Figure 8: Demonstrates the waterproof feature of the chair's material, aiding in easy cleaning of spills.

- **Regular Checks:** Periodically check all screws and connections to ensure they remain tight. Tighten if necessary.
- **Casters:** Keep the smooth-rolling casters free of debris to ensure effortless movement.

Troubleshooting

If you encounter any issues with your chair, please refer to the following common solutions:

- **Chair feels unstable:** Check all assembly points, especially the base and backrest connections, to ensure they are securely fastened.
- **Adjustments are stiff:** Ensure no obstructions are present in the adjustment mechanisms. A small amount of silicone spray (avoiding fabric) can sometimes help if mechanisms feel sticky.
- **Casters not rolling smoothly:** Check for hair or debris wrapped around the wheels. Clean them thoroughly.
- **Difficulty folding:** Ensure the armrests are fully flipped up and both release buttons on the backrest hinge are pressed simultaneously and completely.

For issues not covered here, please contact FLEXISPOT customer support.

Specifications

Feature	Detail
Brand	FLEXISPOT
Model Name	Flexispot Foldex (OC1-SE)
