# AGPTEK A02PL 64GB MP3 Player User Manual

## 1. INTRODUCTION

This manual provides detailed instructions for the operation and maintenance of your AGPTEK A02PL 64GB MP3 Player. Please read this manual thoroughly before using the device to ensure proper functionality and to maximize your user experience. Keep this manual for future reference.

## 2. PRODUCT OVERVIEW

The AGPTEK A02PL is a compact and lightweight MP3 player designed for portable music playback. It features a classic button interface for easy navigation and supports various audio formats, offering up to 70 hours of playback on a single charge.

### 3. SETUP

#### 3.1 Charging the Device

Before first use, fully charge your MP3 player. The device features a built-in Lithium ion polymer 420mAh battery, providing up to 70 hours of playback. A full charge typically takes 2-3 hours using the included USB charging cable.

### 3.2 Transferring Music Files

To transfer music to your MP3 player:

1. Connect the MP3 player to your computer using the provided USB cable.
2. On the MP3 player screen, select "Charge & Transfer" if prompted.
3. Your computer should recognize the device as a removable disk.
4. Open the device folder on your computer. You can manually create a new folder (e.g., "Music") within the device's storage.
5. Drag and drop your desired music files (MP3, WMA, OGG, WAV, APE, FLAC, AAC-LC, ACELP) into the created folder. For proper sorting, it is recommended to rename songs with sequential numbers (e.g., "0001-Song Title.mp3").
6. Once transfer is complete, safely eject the MP3 player from your computer.

## 4. OPERATING INSTRUCTIONS

### 4.1 Basic Navigation

Use the physical buttons on the front of the device to navigate through menus and control playback. The central button typically acts as 'Enter' or 'Play/Pause', while the surrounding buttons are for navigation (up, down, left, right) and menu access.

### 4.2 Music Playback and Playback Modes

To play music, navigate to the 'Music' option from the main menu. You can browse by 'All songs', 'Artists', 'Albums', 'Genres', or 'Playlists'. After transferring new music, select 'Update Playlist' to refresh the music library.

Your browser does not support the video tag.

## 5. MAINTENANCE

### 5.1 Battery Care

- Avoid fully discharging the battery frequently to prolong its lifespan.
- Charge the device using only the provided USB cable or a certified charger.
- Do not expose the device to extreme temperatures.

### 5.2 Cleaning

Wipe the device with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials that could damage the screen or casing.

## 6. TROUBLESHOOTING

### 6.1 Computer Not Recognizing MP3 Player

If your computer fails to recognize the MP3 player, try the following steps:

1. Ensure you are using the original USB cable provided with the device. Some cables may only support charging, not data transfer.
2. Try connecting to a different USB port on your computer.
3. Restart both your computer and the MP3 player.
4. Check your computer's Device Manager for any unrecognized devices and update drivers if necessary.
