CHUWELL storage cabinet

CHUWELL 10-Drawer Dresser Instruction Manual

Model: storage cabinet

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your CHUWELL 10-Drawer Dresser. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

2. SAFETY INFORMATION

- **Anti-Tipping Device:** It is crucial to install the included anti-tipping device to prevent accidental tipping, especially in households with children or pets. Securely fasten the dresser to the wall as instructed.
- **Assembly:** For safe and efficient assembly, it is recommended that two adults perform the installation.
- **Weight Capacity:** Do not exceed the maximum weight capacity for the top surface (150 lbs) and individual drawers (large drawers: 35 lbs, small drawers: 30 lbs).
- **Placement:** Place the dresser on a flat, stable surface to ensure stability.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts and hardware are present and undamaged. Refer to the parts list provided in your assembly guide. Typically, the package includes:

- Dresser panels (top, bottom, sides, back)
- Drawer components (fronts, sides, backs, bottoms)
- Drawer slides and hardware
- Handles and screws
- Anti-tipping device
- Assembly hardware (screws, dowels, cam locks, etc.)
- Instruction manual

4. SETUP AND ASSEMBLY INSTRUCTIONS

The CHUWELL 10-Drawer Dresser requires assembly. Clear instructions with labeled parts are provided to facilitate the process. We recommend two people for assembly to ensure a smoother experience.

1. **Preparation:** Unpack all components and lay them out on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches. Identify each part using the labels and the provided parts list.
2. **Follow Step-by-Step Guide:** Refer to the detailed assembly manual included in your package. Each step is illustrated and clearly described.
3. **Secure Connections:** Ensure all screws, dowels, and cam locks are tightened securely but do not overtighten to avoid damaging the engineered wood.
4. **Drawer Assembly:** Assemble the drawers according to the instructions, ensuring the drawer slides are correctly oriented for smooth operation.
5. **Install Anti-Tipping Device:** As a final and critical step, install the anti-tipping device to secure the dresser to a wall stud. This prevents the dresser from falling forward.

5. OPERATING INSTRUCTIONS

Your CHUWELL 10-Drawer Dresser is designed for organized storage in various rooms.

- **Drawer Usage:** The dresser features 6 spacious large drawers and 4 smaller drawers. Use the gold handles to smoothly open and close each drawer. Organize items by size or category for efficient storage.
- **Top Surface:** The wide top tabletop can be used to display decorative items, photo frames, plants, or as a surface for a television. Ensure items placed on top do not exceed the weight limit of 150 lbs.
- **Weight Distribution:** Distribute weight evenly across drawers and the top surface to maintain stability and prevent strain on the structure.

6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your dresser.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** The top surface is designed to be water-resistant. Promptly wipe up any spills to prevent water damage.
- **Dusting:** Regularly dust the dresser with a dry, soft cloth.
- **Hardware Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the finish.

7. TROUBLESHOOTING

If you encounter issues with your dresser, refer to the following common solutions:

- **Drawers not opening/closing smoothly:**
 - Check if the drawer slides are properly aligned and free of obstructions.

- Ensure the drawer is assembled correctly and not overloaded.
 - Verify that all screws on the drawer slides are tight.
- **Dresser feels unstable:**
 - Ensure the dresser is placed on a level surface.
 - Verify that all assembly hardware is securely tightened.
 - Confirm the anti-tipping device is correctly installed and secured to a wall stud.
- **Missing parts or damaged components:**
 - Contact CHUWELL customer support immediately for assistance. Do not attempt to assemble with missing or damaged parts.

8. SPECIFICATIONS

Feature	Detail
