Regair 1170

Regair 52-Inch Ceiling Fan with Light User Manual

Model: 1170

Product Overview

The Regair 52-inch ceiling fan with light combines practicality with decorative appeal. It features 5 double-sided fan blades and an acrylic cover with a flicker-free LED light source for soft illumination. Its modern design is suitable for various indoor and covered outdoor spaces such as dining rooms, kitchens, living rooms, and bedrooms.

- **Practical and Decorative Design:** 52-inch fan with 5 double-sided blades and an acrylic LED light cover.
- **Adjustable Light & Color Temperature:** Energy-efficient LED with remote control for 10%-100% brightness and 3000K (warm white) to 6500K (cool white) color temperature adjustment.
- **Multifunctional Silent Remote Control:** 6 air speed settings and 3 timer settings (1H/3H/6H) for quiet operation.
- **Reversible DC Motors:** Switches air direction for summer (downward airflow) and winter (upward airflow) to optimize energy savings (up to 80% compared to AC motors) and maintain low noise levels (<35 dB).
- **Easy Installation:** Most parts pre-installed for simplified assembly.

Key Features

Adjustable Light & Color Temperature

The integrated LED light allows for seamless adjustment of brightness from 10% to 100% and color temperature from warm white (3000K) to natural white (4000K) to cool white (6500K) to suit any mood or activity.

Figure 2: Light color temperature and dimming range.

Reversible DC Motors

The fan's reversible DC motor allows you to change the direction of airflow. In summer, it creates a downward airflow for cooling. In winter, it switches to an upward airflow to circulate warm air, improving heat distribution and saving energy.

Figure 3: Summer (downdraft) and Winter (updraft) modes.

Multifunctional Remote Control

Control all fan functions from anywhere in the room with the included remote. Adjust fan speed (6 settings), light brightness, color temperature, fan direction, and set a timer (1H/3H/6H).

Figure 4: Remote control layout and functions.

Low-Noise DC Motors

The advanced DC motor operates quietly, with noise levels below 35 dB, ensuring a peaceful environment for sleep or study. This also contributes to significant energy savings.

Setup & Installation

The Regair ceiling fan is designed for straightforward installation with most parts pre-assembled. Follow the detailed user manual included in the package for step-by-step guidance. Ensure power is off at the circuit breaker before beginning installation.

Video 1: 1170A Installation Tutorial. This video provides a comprehensive guide to installing your Regair ceiling fan, covering electrical

connections, mounting, and blade attachment.

Key installation steps include:

1. Securely attach the mounting bracket to your ceiling junction box.
2. Connect the electrical wires (live, neutral, ground) from your ceiling to the fan's wiring. Ensure all connections are tight and insulated with wire nuts.
3. Attach the fan motor assembly to the mounting bracket.
4. Install the fan blades onto the motor housing. The blades are dual-sided, allowing you to choose between a wooden pattern or a solid color.
5. Connect the LED light kit and secure the light cover.

Operating Instructions

Operate your Regair ceiling fan using the included remote control. The remote provides full control over all fan and light functions.

Video 2: Easy to install? really? let me try it! Regair Ceiling Fan. This video demonstrates the ease of use and various functions of the remote control, including fan speed and light adjustments.

- **Power On/Off:** Press the power button on the remote to turn the fan and light on or off.
- **Fan Speed:** Select from 6 different fan speeds using the numbered buttons (1-6) on the remote.
- **Light Control:** Turn the LED light on/off and cycle through color temperatures (warm, natural, cool white) using the light button.
- **Light Dimming:** Use the '+' and '-' buttons to adjust the brightness of the LED light from 10% to 100%.
- **Reverse Airflow:** Change the fan's direction (summer/winter mode) with the dedicated reverse button.
- **Timer Function:** Set the fan to automatically turn off after 1, 3, or 6 hours using the timer buttons (1H, 3H, 6H).

Maintenance

Regular maintenance ensures optimal performance and longevity of your Regair ceiling fan.

- **Cleaning:** Dust the fan blades and motor housing regularly with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Blade Balancing:** If the fan wobbles at higher speeds, ensure all blade screws are tightened. A balancing kit (not included) may be used if wobbling persists.
- **Light Source:** The LED light source is designed for long-lasting performance and typically does not require replacement.

Troubleshooting

If you encounter issues with your Regair ceiling fan, refer to the following common solutions:

- **Fan Not Operating:** Ensure the power supply is connected correctly and the circuit breaker is on. Check remote control batteries.
- **Light Delay/Not Turning On:** Some units may have a slight delay when turning on the light via a wall switch. Ensure the remote control is set to the desired light state.
- **Fan Wobbling:** Verify that all screws securing the fan blades and mounting bracket are tightened. Ensure blades are installed correctly.

- **Remote Control Issues:** Check battery orientation and power. Ensure there are no obstructions between the remote and the fan receiver.
- **Noise:** Ensure all screws are tight. Check for any loose parts or obstructions. The DC motor is designed for quiet operation (<35 dB).

For persistent issues, please consult a qualified electrician or contact Regair customer support.

Specifications

Brand	Regair
Model Name	1170
Size	52 inches
Color	Sand Nickel
Material	Engineered Wood, Metal (Blades: Acrylic)
Style	Modern
Light Source Type	LED
Control Method	Remote Control
Special Features	Adjustable Color Temperature, Dimmable, Timer
Power Source	Corded Electric
Indoor/Outdoor Usage	Indoor (Note: For outdoor use, humidity should be no greater than 70%. Prevent water ingress.)
Voltage	120 Volts
Wattage	32 watts
Item Weight	13.99 pounds
Product Dimensions	52 x 52 x 12.5 inches
Specification Met	ETL

Warranty & Support

For warranty information or technical support, please refer to the warranty card included in your product packaging or contact Regair customer service directly. Keep your purchase receipt for warranty claims.
