DoHonest CC15

DoHonest 3-in-1 Magnetic Wireless Charger

Model: CC15 | Brand: DoHonest

1. PRODUCT OVERVIEW

The DoHonest 3-in-1 Magnetic Wireless Charger is designed to efficiently charge your iPhone, AirPods, and Apple Watch simultaneously. This compact and travel-friendly device provides 15W fast charging with strong magnetic alignment, ensuring a secure and reliable connection for your compatible Apple devices. Its all-in-one design helps reduce cable clutter, making it ideal for use at home, in the office, or while traveling.

3 in 1 Wireless Charger

Convenient, efficient for users with multiple Apple devices

The adapter of 20W or higher (sold separately) is required.

MagSafe-Compatible AirPods

All Apple Watch Series

3. SPECIFICATIONS

Feature	Detail
Model Number	CC15
Brand	DoHonest
Package Dimensions	6.5 x 2.99 x 0.67 inches
Item Weight	2.39 ounces
Connector Type	USB Type C
Input Voltage	120 Volts
Wattage	15 watts (Max)
Special Features	Fast Charging, Lightweight Design, Magnetic, MagSafe Compatible, Wireless Charging
Color	White
Manufacturer	Shenzhen Feng Yue Electronic Technology Co., LTD

4. SAFETY INFORMATION

Your safety is paramount. The DoHonest 3-in-1 Magnetic Wireless Charger incorporates advanced safety features to protect your devices and ensure a secure charging experience. It is certified to CE, UL, FCC, and RoHS standards.

- Overcurrent Protection:** Prevents excessive current flow to your devices.
- Overshoot Protection:** Safeguards against voltage spikes.
- Overheating Protection:** Built-in temperature control to prevent overheating during charging.
- Short Circuit Protection:** Protects against electrical shorts.
- Foreign Object Detection:** Detects foreign metal objects on the charging surface to prevent damage.
- Durable Fireproof Material:** Constructed with fireproof ABS material for enhanced safety and longevity.

Always use the charger in a well-ventilated area and avoid placing it on soft surfaces that may obstruct airflow. Do not disassemble or modify the charger.

Safe & Fast Charging

5. SETUP

Follow these steps to set up your DoHonest 3-in-1 Magnetic Wireless Charger:

- Connect to Power:** Plug the USB-C end of the charging cable into the wireless charger.
- Choose Power Adapter:** Connect the other end of the cable to a compatible power adapter. For optimal 15W fast charging, an 18W or 20W (or higher) USB-C or USB-A power adapter is recommended (not included). Use the provided USB-C to USB-A adapter if your power source only has USB-A ports.
- Power On:** Plug the power adapter into a wall outlet. The charger is now ready for use.

6. OPERATING INSTRUCTIONS

The DoHonest 3-in-1 Magnetic Wireless Charger simplifies charging with its intuitive design.

- Magnetic Alignment:** Place your compatible iPhone (iPhone 12 series and newer) directly onto the charging pad. The strong magnets will automatically align your device for optimal charging.
- Charging Confirmation:** Your device's screen will indicate that charging has begun.
- AirPods Charging:** Place your AirPods case (with wireless charging capability) on the designated AirPods charging area.
- Apple Watch Charging:** Place your Apple Watch on the dedicated Apple Watch charging module.

Ensure your devices are centered on their respective charging areas for the best performance. The charger is designed to provide efficient and fast charging for all three devices simultaneously.

8. MAINTENANCE

To ensure the longevity and optimal performance of your charger, follow these maintenance guidelines:

- Cleaning:** Disconnect the charger from the power source before cleaning. Use a soft, dry cloth to wipe the surface. Avoid using harsh chemicals or abrasive materials.
- Storage:** When not in use, store the charger in a cool, dry place away from direct sunlight and extreme temperatures. The compact design allows for easy storage.
- Cable Care:** Avoid bending or twisting the charging cable excessively, as this can damage the internal wires.

9. TROUBLESHOOTING

If you encounter any issues with your DoHonest 3-in-1 Magnetic Wireless Charger, please refer to the following common troubleshooting steps:

- **Device Not Charging:**

- Ensure the charger is properly connected to a working power outlet.
- Verify that your device is correctly aligned on the charging pad. Magnetic precision is key.
- Check if your device's case is too thick (exceeding 2mm) or contains metal, which can interfere with wireless charging.
- Confirm your device is compatible with wireless charging.

- **Slow Charging:**

- Use an 18W or 20W (or higher) USB-C or USB-A power adapter for optimal fast charging. Lower wattage adapters may result in slower charging speeds.
- Ensure no foreign objects are between the charger and your device.

- **Overheating:**

- While the charger has built-in temperature control, excessive heat can occur if the device is not properly aligned or if there are foreign objects. Remove the device and allow it to cool before attempting to charge again.
- Ensure the charger is in a well-ventilated area.

- **Magnetic Connection Issues:**

- Ensure your iPhone is from the 12 series or newer for MagSafe compatibility.
- Remove any non-MagSafe compatible cases or accessories that might weaken the magnetic connection.

If the issue persists after trying these steps, please contact customer support.

10. WARRANTY AND SUPPORT

The DoHonest 3-in-1 Magnetic Wireless Charger comes with a Lifetime Coverage warranty. For any inquiries or assistance, please contact our support team.
