# daylight Slimline 4 LED Floor Lamp Instruction Manual

Model: Slimline 4 Floor - Ice Grey (U35219)

## 1. INTRODUCTION

Thank you for choosing the daylight Slimline 4 LED Floor Lamp. This manual provides essential information for the safe and efficient use of your new lamp. Please read these instructions carefully before assembly and operation, and retain them for future reference.

The Slimline 4 LED Floor Lamp is designed to provide high-quality, natural daylight illumination for various tasks, including crafting, reading, and detailed work. It features adjustable brightness, a flexible design, and a convenient USB-C charging port.

## 2. SAFETY INFORMATION

- Ensure the lamp is placed on a stable, level surface to prevent tipping.
- Do not operate the lamp with a damaged cord or plug. If damaged, contact customer support.

- Keep the lamp away from water or other liquids. Do not use in wet conditions.
- Do not attempt to disassemble or modify the lamp. Refer all servicing to qualified personnel.
- Avoid looking directly into the LED light source for extended periods, as it may cause eye strain.
- Unplug the lamp from the power outlet before cleaning or when not in use.

---

### 3. PACKAGE CONTENTS

Please check that all components are present and in good condition:

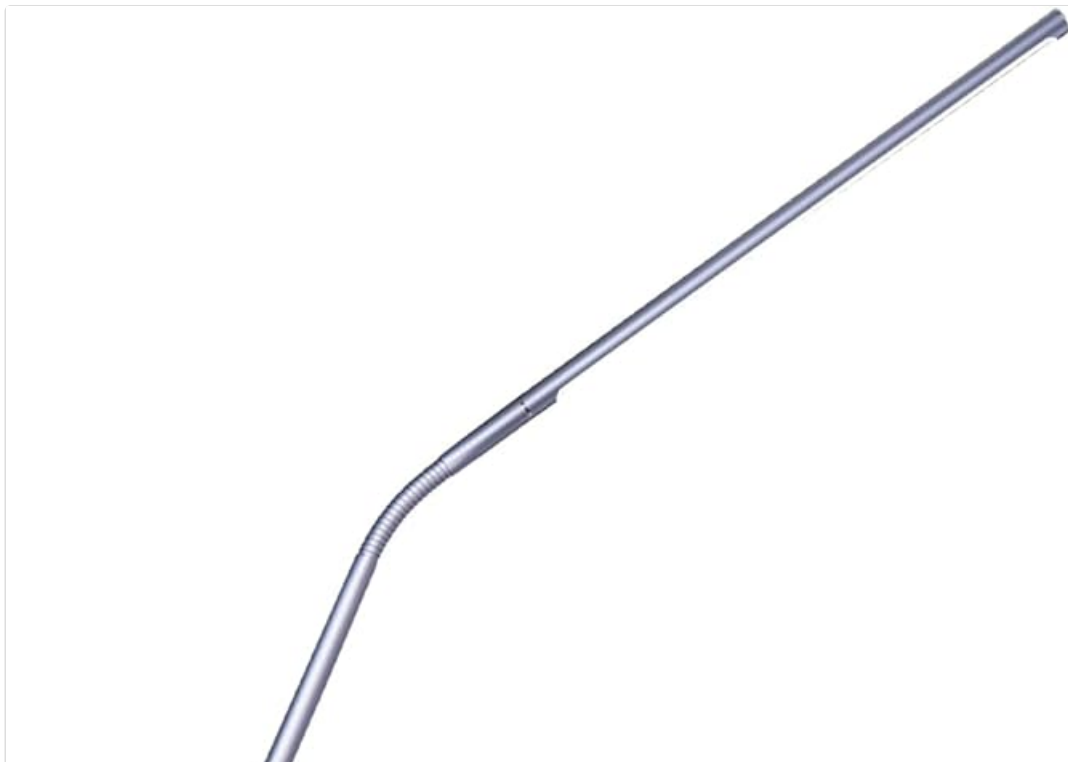

- Slimline 4 LED Floor Lamp Head and Flexible Arm
- Main Pole Section
- Base Plate
- Power Adapter
- Instruction Manual

---

### 4. ASSEMBLY AND SETUP

The Slimline 4 LED Floor Lamp is designed for easy assembly without the need for additional tools.

1. Carefully unpack all components from the packaging.
2. Attach the main pole section to the base plate by screwing it clockwise until secure.
3. Connect the lamp head and flexible arm assembly to the top of the main pole section, ensuring a firm connection.
4. Plug the power adapter into the lamp's power input port, typically located near the base or along the main pole.
5. Plug the power adapter into a suitable wall outlet.

## 5. OPERATING INSTRUCTIONS

The Slimline 4 LED Floor Lamp features intuitive controls for light adjustment and device charging.

### 5.1 Power On/Off and Brightness Adjustment

The lamp is controlled by a tactile micro-switch button located on the main pole.

- **To Turn On:** Press the micro-switch button once. The lamp will illuminate at its lowest brightness setting.
- **To Adjust Brightness:** Repeatedly press the micro-switch button to cycle through the 4 available brightness levels (750–3,200 Lux).
- **To Turn Off:** Continue pressing the micro-switch button until the lamp turns off after cycling through all brightness levels.

## 5.2 USB-C Charging Port

A high-power 5V/2A USB-C port is integrated into the lamp for convenient charging of mobile devices.

- Locate the USB-C port on the lamp's pole.
- Connect your mobile device using a compatible USB-C cable.
- The port provides fast charging even when the lamp is off, as long as the lamp is plugged into a power outlet.

The Slimline 4™ is the latest evolution in our lighting series. Built on the success of the Slimline 3, it offers enhanced functionality, superior design, and exciting new color options.

## 7. MAINTENANCE AND CARE

- **Cleaning:** Disconnect the lamp from the power supply before cleaning. Use a soft, dry cloth to wipe the lamp's surfaces. Do not use abrasive cleaners or solvents.
- **Storage:** If storing the lamp for an extended period, ensure it is clean and dry. Store in a cool, dry place, preferably in its original packaging.
- **LEDs:** The LED light source is designed for long-term use and is not user-replaceable.

## 8. TROUBLESHOOTING

If you encounter issues with your Slimline 4 LED Floor Lamp, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in, power outlet not active, power adapter faulty.	Ensure the power adapter is securely plugged into both the lamp and a working wall outlet. Test the outlet with another device.
Light flickers or is dim.	Loose connection, power supply issue.	Check all connections. Ensure the power adapter is fully inserted. Try a different power outlet.

Problem	Possible Cause	Solution
USB-C port not charging.	Lamp not plugged in, faulty cable, device incompatibility.	Ensure the lamp is plugged into a live power outlet. Try a different USB-C cable. Verify your device is compatible with 5V/2A charging.

If the problem persists after attempting these solutions, please contact daylight customer support.
