## 2. KEY FEATURES

The Carhartt 100493 Force® T-Shirt incorporates several features designed for performance and comfort:

- **Fabric Composition:** Constructed from 4.25-ounce, 100% polyester bird's-eye knit for lightweight comfort.
- **Force Technology:** Engineered to wick sweat away from the body and dry quickly, promoting comfort in active conditions.
- **Stain Breaker Technology:** Designed to release stains during washing, aiding in garment cleanliness and

longevity.

- **Side-Seam Construction:** Minimizes fabric twisting, contributing to a consistent fit and appearance.
- **Left-Chest Pocket:** Includes a functional left-chest pocket with a sewn-on Carhartt patch for utility.
- **Tagless Neck Label:** Enhances comfort by eliminating chafing often associated with traditional neck tags.

### 3. INITIAL PREPARATION AND USE

Before first use, it is recommended to wash the t-shirt according to the care instructions to ensure optimal performance and fit. The shirt is designed for immediate wear after washing and drying.

### 4. WEARING INSTRUCTIONS

This t-shirt is intended for use as workwear or casual attire. Its Force® technology is most effective when worn directly against the skin or as a base layer. The color-enhanced fabric provides increased visibility, which can be beneficial in certain work settings.

### 5. CARE AND MAINTENANCE

Proper care will extend the life and performance of your Carhartt Force® T-Shirt.

- **Washing:** Machine wash cold with like colors. Do not bleach.
- **Drying:** Tumble dry low. Remove promptly to minimize wrinkling.
- **Ironing:** Do not iron.
- **Stain Treatment:** The Stain Breaker technology assists in releasing stains during a normal wash cycle. For stubborn stains, pre-treat according to standard fabric care practices before washing.

### 6. TROUBLESHOOTING

## 6.1 Common Issues

- **Snags:** While durable, the polyester knit fabric can snag if exposed to sharp objects or rough surfaces. Exercise caution in environments where snags are likely. Minor snags can sometimes be carefully worked back into place or trimmed if necessary.
- **Persistent Stains:** Although equipped with Stain Breaker technology, some heavy or set-in stains may require additional treatment. Apply a suitable stain remover before washing and follow the product's instructions.
- **Adhesive Residue:** If the shirt comes with temporary labels or stickers, remove them carefully. If adhesive residue remains, gently rub with a small amount of mild soap and warm water, then wash as directed.
