3. SETUP

Your Reebok Royal Bb4500 Hi2 trainers are ready to wear right out of the box. Follow these simple steps for initial setup:

1. **Unboxing:** Carefully remove the trainers from their packaging.
2. **Lacing:** Ensure the laces are properly threaded through all eyelets. Adjust the lacing to achieve a comfortable and secure fit for your foot.
3. **First Wear:** Wear the trainers for a short period initially to allow them to conform to your foot shape.

4. OPERATING

These trainers are designed for casual wear and light athletic activities. To ensure optimal performance and comfort:

- **Proper Fit:** Always ensure your trainers are laced snugly but not too tightly to prevent discomfort or rubbing.
- **Intended Use:** While durable, these trainers are best suited for daily wear, walking, and light recreational activities. They are not designed for specialized sports requiring specific performance footwear.
- **Surface Consideration:** Be mindful of the surfaces you walk on to minimize wear and tear on the sole.

5. MAINTENANCE

Proper care will extend the life and appearance of your Reebok Royal Bb4500 Hi2 trainers:

- **Cleaning:**
 - For general dirt, wipe the surface with a damp cloth and mild soap.
 - For suede areas, use a soft brush or a specialized suede cleaner.
 - Do not machine wash or tumble dry.
- **Drying:** Allow trainers to air dry naturally at room temperature. Avoid direct heat sources like radiators or direct sunlight, which can damage materials.
- **Storage:** Store trainers in a cool, dry place away from direct sunlight when not in use.
- **Odor Control:** Use shoe deodorizers or baking soda inside the trainers to absorb moisture and odors if needed.

6. TROUBLESHOOTING

Here are some common issues and their solutions:

Issue	Possible Cause	Solution
Discomfort/Rubbing	Laces too tight/loose, incorrect size, new shoe break-in period.	Adjust lacing. Ensure correct size. Allow time for shoes to break in. Wear appropriate socks.
Unpleasant Odor	Moisture buildup, lack of ventilation.	Air out trainers after use. Use shoe deodorizers or baking soda. Ensure trainers are fully dry before storage.
Stains on Fabric/Suede	Dirt, liquid spills.	Clean immediately with a damp cloth and mild soap for fabric. Use a suede brush or cleaner for suede. Do not rub aggressively.
