2.2. SIM Card and TF Card Installation

The DOOGEE Note 59 Pro supports dual SIM cards and a TF card for expandable storage.

1. Locate the SIM card tray on the side of the phone.
2. Insert the provided SIM ejector tool into the small hole next to the tray and press firmly until the tray pops out.
3. Place your Nano-SIM card(s) and/or TF card into the designated slots on the tray. Ensure they are correctly oriented.
4. Gently push the tray back into the phone until it is flush with the device's side.

2.3. Initial Power On and Setup

1. Press and hold the Power button (located on the right side) until the DOOGEE logo appears.
2. Follow the on-screen prompts to select your language, connect to a Wi-Fi network, and sign in with your Google account.
3. Configure security settings such as fingerprint unlock and face recognition for convenient and secure access.

3. OPERATING INSTRUCTIONS

3.1. Basic Navigation

- **Home Screen:** Swipe left or right to access different home screens.
- **App Drawer:** Swipe up from the bottom of the screen to open the app drawer and view all installed applications.
- **Notifications & Quick Settings:** Swipe down from the top of the screen to access notifications and quick settings toggles (Wi-Fi, Bluetooth, etc.).
- **Recent Apps:** Swipe up from the bottom and hold, then release to view recently used applications.

3.2. Making Calls and Sending Messages

- **Calls:** Tap the Phone icon, enter the number, and tap the call button.
- **Messages:** Tap the Messages icon, start a new conversation, enter the recipient's number or select from contacts, and type your message.

3.3. Connecting to Networks

- **Wi-Fi:** Go to *Settings > Network & internet > Wi-Fi* Turn on Wi-Fi, select your desired network, and enter the password if required.
- **Bluetooth:** Go to *Settings > Connected devices > Bluetooth* Turn on Bluetooth, scan for devices, and pair with your desired accessory.
- **Mobile Data:** Ensure your SIM card is active. Go to *Settings > Network & internet > Mobile network* and enable Mobile data.
