Sriya Powerful Turbo Fan Air Blower User Manual

Model: Sriyah4izev1u8y

1. PRODUCT OVERVIEW

The Sriya Powerful Turbo Fan Air Blower is a compact, handheld, and rechargeable device designed for efficient cooling, cleaning, and blowing tasks. It features a high-speed motor capable of 130,000 RPM, providing strong airflow for various applications.

Figure 1: Front view of the Sriya Powerful Turbo Fan Air Blower.

Key Features:

- **Compact Mini Air Blower:** Delivers powerful airflow with an impressive 130,000 RPM speed for quick drying and efficient air movement.
- **Quality and Stylish Design:** Constructed from high-hardness, high-temperature ABS materials for durability. Features a mechanized design with low heat output for efficient operation.
- **Magnetic Nozzle:** Includes a magnetic nozzle to concentrate airflow, enhancing drying and dusting efficiency.
- **Long-Lasting Battery and Fast Charging:** Cordless design with a USB Type-C charging cable. Provides 1 to 4 hours of use on a full charge. Incorporates overheat safety and multiple heat dissipation holes.
- **Portable and Lightweight:** Pocket-sized design for easy portability and storage, suitable for various on-the-go applications.

2. SAFETY INFORMATION

Please read all safety instructions carefully before using the device. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Keep the device away from water and moisture.
- Do not operate the device if it has been damaged.
- Ensure the charging cable is not damaged before connecting.
- Do not block the air intake or outlet during operation.
- Keep hair, loose clothing, fingers, and all body parts away from openings and moving parts.
- Do not use the device near flammable liquids or gases.
- Store the device in a cool, dry place when not in use.
- This device is not a toy. Keep out of reach of children.
- Only use the provided charging cable and recommended power adapters.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x Sriya Powerful Turbo Fan Air Blower
- 1 x USB Type-C Charging Cable
- 1 x Storage Bag
- 1 x User Manual

Figure 2: Package contents including the turbo fan, charging cable, and storage bag.

4. SETUP

4.1 Initial Charging

1. Before first use, fully charge the device.
2. Connect the USB Type-C charging cable to the charging port on the device.
3. Connect the other end of the cable to a compatible USB power adapter (not included) or a computer USB port.
4. The charging indicator (if present, refer to device for specific indicator behavior) will show charging status.
5. Once fully charged, disconnect the charging cable. A full charge provides 1 to 4 hours of operation.

4.2 Attaching the Magnetic Nozzle

1. Align the magnetic nozzle with the air outlet of the turbo fan.
2. The nozzle will snap into place due to its magnetic attachment.
3. Ensure the nozzle is securely attached before operation.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

- To power on the device, press and hold the power button (typically an orange button on the side).
- To power off the device, press and hold the power button again until the fan stops.

5.2 Adjusting Airflow Speed

The turbo fan features adjustable speed settings. While the device is on, short press the power button to cycle through different speed levels. Release the button at your desired speed.

5.3 Usage Tips

- For cleaning electronics or delicate surfaces, use lower speed settings.
- For quick drying or blowing away debris, use higher speed settings.
- Direct the airflow precisely using the magnetic nozzle.
- Avoid prolonged continuous use at maximum speed to preserve battery life and prevent overheating. The device has overheat safety features.

6. MAINTENANCE

6.1 Cleaning

- Ensure the device is powered off and disconnected from any charging source before cleaning.
- Wipe the exterior of the device with a soft, dry cloth.
- Do not use harsh chemicals, abrasive cleaners, or immerse the device in water.
- Periodically check the air intake and outlet for any dust or debris accumulation and gently remove it using a soft brush or another air blower on a low setting.

6.2 Storage

- Store the turbo fan in a cool, dry place, away from direct sunlight and extreme temperatures.
- Use the provided storage bag to protect the device from dust and scratches.
- For long-term storage, charge the battery to approximately 50% to maintain battery health.

7. TROUBLESHOOTING

If you encounter issues with your Sriya Powerful Turbo Fan Air Blower, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not turn on.	Battery is depleted.	Charge the device fully using the provided USB Type-C cable.
Weak airflow.	Low battery or blocked air intake/outlet.	Charge the device. Check and clear any obstructions from the air intake or nozzle.
Device overheats.	Prolonged use at high speed or blocked ventilation.	Allow the device to cool down. Ensure ventilation holes are clear. Reduce usage time at maximum speed.
Nozzle does not attach securely.	Misalignment or debris on magnetic surface.	Ensure proper alignment. Clean the magnetic surfaces on both the nozzle and the device.

If the problem persists after trying these solutions, please contact customer support.

8. SPECIFICATIONS

Specification	Detail
Model Number	Srliyah4izev1u8y
Material	High hardness, high temperature ABS
Battery Type	1 x Polymer Battery (built-in)
Battery Capacity	8000mAh
Rated Speed	130000RPM \pm 10% (Adjustable)
Working Time	1 to 4 hours (depending on speed setting)
Charging Interface	USB Type-C

9. WARRANTY AND SUPPORT

For warranty information or technical support, please refer to the documentation included with your

purchase or contact Sriya customer service through the retailer where the product was purchased. Please have your model number (Sriyah4izev1u8y) and purchase date available when contacting support.
