

## Homvana H104

# Homvana H104 4L Cool Mist Humidifier

## USER INSTRUCTION MANUAL

Model: H104 | Brand: Homvana

### 1. Introduction

Thank you for choosing the Homvana H104 4L Cool Mist Humidifier. This device is designed to improve your indoor air quality by adding moisture to the air, helping to alleviate dry skin, irritated sinuses, and other discomforts caused by dry environments. It also functions as an aroma diffuser and a nightlight, offering a comprehensive comfort solution.

Key features include:

- **3-in-1 Functionality:** Humidifier, Aroma Diffuser, and Nightlight.
- **Efficient Mist Output:** Up to 300ml/h for rapid humidity restoration.
- **Long Runtime:** 4L tank provides up to 40 hours of continuous operation on low mist mode.
- **Ultra-Quiet Operation:** Operates at less than 25dB, ideal for bedrooms and nurseries.
- **Easy Maintenance:** Top-fill design and filter-free for effortless cleaning.

## 2. Important Safety Information

Please read and understand all safety instructions before using this appliance to prevent injury or damage. Keep this manual for future reference.

- Always place the humidifier on a firm, flat, water-resistant surface away from direct sunlight and heat sources.
- Do not place the humidifier directly on carpet, wood floors, or surfaces that may be damaged by water or moisture.
- Use only clean, cool tap water. Distilled or demineralized water is recommended to prevent mineral buildup.
- Do not add water to the mist outlet.
- Do not immerse the base unit in water or other liquids.
- Unplug the humidifier before filling, cleaning, or moving it.
- Keep out of reach of children and pets.

- Do not block the mist outlet or air intake vents.
- Only use essential oils specifically designed for humidifiers/diffusers in the designated aroma tray. Do not add oils directly to the water tank.
- If the humidifier is damaged, do not operate it. Contact customer support.

### 3. What's in the Box

Carefully unpack all components and ensure you have the following items:

- Homvana H104 Humidifier Body
- Power Cord
- Cleaning Brush
- User Manual (this document)

### 4. Product Overview

Familiarize yourself with the different parts of your Homvana H104 humidifier:

Image: A detailed view of the Homvana H104 humidifier, showing its main components including the water tank, control panel, mist outlet, and aroma tray.

- **Mist Outlet:** Where the cool mist is released.
- **Water Tank:** 4-liter capacity for water.
- **Base Unit:** Contains the electronic components and control panel.
- **Control Panel:** Digital display and touch buttons for operation (On/Off, Timer, Light, Mist Level).
- **Aroma Tray:** Small compartment for adding essential oils.

## 5. Setup Guide

Follow these steps to set up your humidifier for first use:

1. **Unpack:** Remove all packaging materials and place the humidifier on a flat, stable surface.
2. **Fill Water Tank:** Remove the top cover. Pour clean, cool water directly into the water tank up to the MAX fill line. Do not overfill. Distilled or demineralized water is recommended to minimize mineral buildup.

Image: Demonstrates the easy top-fill feature of the Homvana H104 humidifier, showing water being poured directly into the open top of the unit.

3. **Add Essential Oils (Optional):** If using essential oils, pull out the aroma tray located at the base of the unit. Add 2-3 drops of *water-soluble* essential oil onto the aroma pad. Do not add essential oils directly into the water tank. Push the tray back in.
4. **Connect Power:** Plug the power cord into the humidifier's power port, then plug the other end into a standard electrical outlet.

## 6. Operating Instructions

Learn how to use the various functions of your Homvana H104 humidifier:

1. **Power On/Off:** Touch the **ON/OFF** button on the control panel to turn the humidifier on or off. The digital display will illuminate.

2. **Adjust Mist Level:** Rotate the dial on the control panel to adjust the mist output from minimum to maximum. The mist output is powerful, providing fast dryness relief.

Image: The Homvana H104 humidifier demonstrating its upgraded mist output, capable of reaching 40 inches high and covering up to 323 sq ft.

3. **Night Light Control:** Touch the **LIGHT** button to cycle through 7 LED mood light colors or turn the light off. This feature can serve as a gentle nightlight.

# 7 LED Mood Lights

4. **Set Timer:** Touch the **TIMER** button to set the operating time (e.g., 2H, 4H, 8H). The humidifier will automatically shut off after the selected time.
5. **Auto Shut-Off:** The humidifier will automatically shut off when the water level is too low or the tank is removed, ensuring safety.

The Homvana H104 operates at an ultra-quiet level (below 25dB), ensuring peaceful sleep and an undisturbed environment.

# Ultra-Quiet for Light Sleepers

Image: A couple sleeping undisturbed in a bedroom, with the Homvana H104 humidifier operating quietly on a nightstand, illustrating its ultra-quiet performance (under 25dB).

## 7. Maintenance and Cleaning

Regular cleaning is crucial for optimal performance and hygiene. The Homvana H104 is designed for easy cleaning with its filter-free and detachable mist tube features.

### 1. Daily Maintenance:

- Unplug the humidifier.
- Empty any remaining water from the tank and base.
- Wipe the tank and base dry with a clean cloth.
- Refill with fresh water before next use.

### 2. Weekly Cleaning (or every 3 days for best results):

- Unplug the humidifier and empty all water.
- Remove the top cover and detachable mist tube.
- Clean the water tank and base with a soft brush (included) and mild detergent. Rinse thoroughly to remove any residue.
- For mineral buildup, fill the tank with a mixture of white vinegar and water (1:1 ratio) and let it soak for 30 minutes. Gently scrub with the cleaning brush, then rinse thoroughly.
- Wipe all surfaces dry before reassembling.

The Homvana H104 features an Ag+ enhanced tank, which helps inhibit impurity build-up and odors, contributing to long-lasting cleanliness.

## Fully Adjustable Mist

Image: A diagram illustrating how the Ag+ enhanced tank in the Homvana humidifier reduces impurity build-up by 92.5%, promoting cleaner water.

Image: A side-by-side comparison of humidifier tanks, one with Ag+ infusion showing minimal residue and another without Ag+ showing significant impurity build-up, demonstrating long-lasting cleanliness.

- **Storage:** When not in use for an extended period, clean and dry the humidifier thoroughly. Store it in a cool, dry place.

## 8. Troubleshooting

If you encounter issues with your humidifier, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No Mist Output	Low water level Unit not plugged in Mist outlet blocked	Refill water tank Ensure power cord is securely plugged in Check and clear any obstructions from the mist outlet
Unusual Odor	Stagnant water Mineral buildup Improper cleaning	Empty and refill with fresh water daily Perform weekly deep cleaning with vinegar solution Ensure thorough drying after cleaning

Problem	Possible Cause	Solution
Water Leakage	Overfilling the tank Unit not on a flat surface Damaged tank/base	Do not fill past the MAX line Place on a firm, level surface Contact customer support if damage is suspected
Loud Noise	Unit not on a flat surface Water level too low	Ensure unit is on a stable, flat surface Refill water tank

If the problem persists after trying these solutions, please contact Homvana Customer Support.
