KIMMOO F905

KIMMOO F905 Solar Camping Fan with Light - 10000mAh Rechargeable Portable Instruction Manual

Model: F905 | Brand: KIMMOO

1. INTRODUCTION

Thank you for choosing the KIMMOO F905 Solar Camping Fan. This versatile device combines a powerful fan, an LED light, and a 10000mAh power bank, making it an essential companion for outdoor adventures, home use, and emergency situations. Its integrated solar panel allows for convenient outdoor charging, while multiple features ensure comfort and utility.

2. SETUP

Unpacking and Initial Inspection

- Carefully remove all components from the packaging.
- Verify that all items are present: fan unit, USB charging cable, and remote control.
- Inspect the device for any signs of damage. Do not use if damaged.

Positioning the Fan

The fan features a foldable design for versatile placement. It can be used as a desktop fan or hung using its integrated handle.

A Bit Pricier, but Worth Every Penny!

3. OPERATING INSTRUCTIONS

Controls and Digital Display

The fan features an intuitive control panel and a smart LED digital display that shows real-time wind speed and accurate battery percentage.

Fan Operation

- **Power On/Off:** Press the power button on the control panel or remote.
- **Speed Settings:** Cycle through 6 adjustable wind speeds (1300-2300 RPM) by pressing the speed button. The digital display will indicate the current speed level.
- **Oscillation:** Activate 120° wide-angle oscillation for broader coverage. The fan head can also be manually adjusted 90° for personalized comfort.

Powerful 6 Speeds

Min Speed 1300RPM / 23H

Max Speed 2300RPM / 4H

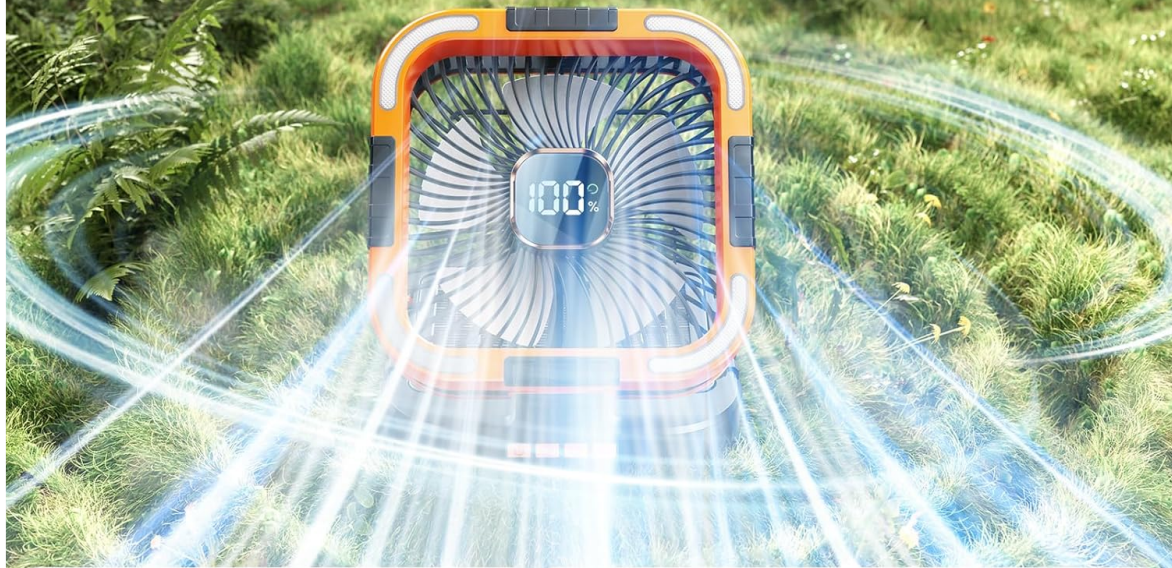

Image 3: Visual representation of the fan's 6 adjustable speeds and 120° oscillation feature.

LED Light Operation

- **Light Modes:** The fan includes 3 lighting modes: Warm Yellow Light (for relaxing ambiance), Bright White Light (for task lighting), and White-Yellow Light (combined).
- **Activation:** Press the light button on the control panel or remote to cycle through the modes.

4 Timing Modes

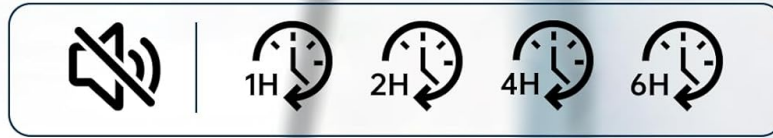

Image 4: The fan displaying its three distinct lighting modes and timer options.

Timer Function

- **Settings:** Choose from 4 programmable timer settings: 1 Hour, 2 Hours, 4 Hours, or 6 Hours.
- **Activation:** Press the timer button to set the desired cooling duration.

Emergency Power Bank

The integrated 10000mAh high-capacity battery can function as an emergency power bank. Use the USB output port to charge smartphones and other USB-compatible devices.

Emergency Emergency Charging Charge your phone

4. CHARGING

The KIMMOO F905 offers dual charging options to ensure continuous power.

USB Charging (Indoor)

- Connect the provided USB charging cable to the fan's Type-C input port and a compatible USB power adapter (not included).
- A full charge typically takes 7-8 hours.

Solar Charging (Outdoor)

- Unfold the integrated solar panel and position it directly towards sunlight.
- Outdoor solar charging takes approximately 8-15 hours, depending on sunlight conditions.

Battery Indicator

The digital display provides an accurate battery percentage, allowing you to monitor the charge level and know when recharging is needed.

5. MAINTENANCE

- **Cleaning:** Ensure the fan is turned off and unplugged before cleaning. Use a soft, dry cloth to wipe down the exterior. Do not use abrasive cleaners or immerse the unit in water.
- **Storage:** Store the fan in a cool, dry place when not in use. Ensure the solar panel is protected from damage.

6. TROUBLESHOOTING

- **Fan not turning on:** Check battery level. Recharge the fan if the battery is low.

- **Fan not charging via solar:** Ensure the solar panel is unfolded and positioned directly in strong sunlight. Clean the solar panel surface if dirty.
- **Fan not oscillating:** Check if the oscillation function is activated via the control panel or remote.

7. SPECIFICATIONS

Feature	Detail
Brand	KIMMOO
Model Name	F905
