

## ETENWOLF P200

# ETENWOLF P200 Electric Ball Pump User Manual

Model: P200

## PRODUCT OVERVIEW

The ETENWOLF P200 Electric Ball Pump is a compact and lightweight sports air pump designed for efficient inflation and deflation of various sports balls. Featuring a 2000mAh battery and a digital pressure gauge, it ensures precise inflation for optimal performance.

- **Small Pump, Big Convenience:** Compact and lightweight, this electric ball pump fits easily in your bag, making it perfect for on-the-go use, wherever you play.
- **Precision Pressure for Every Sport:** No more guesswork. With 4 preset pressures, inflate any ball accurately—from basketball to soccer—ensuring optimal sport performance.
- **Quick Pump, More Play:** Speed up game day with fast, 6.5L/min pumping, 50% faster than others—Inflate a basket in 40 seconds and spend more time playing.
- **Intuitive Digital Display:** Monitor your pump's battery with a clear digital indicator and switch from PSI, BAR, or KPA with our 3-unit display.
- **Built to Endure:** Robustly designed to withstand dents, bumps, and falls, our pump delivers lasting reliability for sporting.

# PRODUCT OVERVIEW

Detailed diagram showing the components and display of the ETENWOLF P200 Electric Ball Pump, including target pressure, preset modes, current pressure, battery level, current unit, inflate/deflate ports, and USB-C charging port.

## WHAT'S IN THE BOX

## SETUP

1. **Charge the Device:** Connect the included USB-C cable to the charging port on the pump and to a 5V/2A power source. The battery indicator on the digital display will show charging status.
2. **Attach Needle:** Select the appropriate ball needle and screw it firmly into the 'INF' (Inflate) port on the top of the pump.

## OPERATING INSTRUCTIONS

---

1. **Power On:** Long press the power button (labeled with a circle and vertical line) to turn on the device. The digital display will illuminate.
2. **Select Unit:** Press the 'U' button to cycle through pressure units: PSI, BAR, or KPA.
3. **Select Mode/Preset Pressure:** Press the 'M' button to cycle through preset modes for different sports balls (Basketball: 8 PSI, Soccer: 12 PSI, Football: 9 PSI) or a custom mode.
4. **Adjust Target Pressure:** Use the '+' and '-' buttons to manually adjust the target pressure if not using a preset, or to fine-tune a preset.
5. **Inflate:** Insert the needle into the ball's valve. Short press the power button to begin inflation. The pump will automatically stop once the target pressure is reached.
6. **Deflate:** To deflate, remove the needle from the 'INF' port and insert it into the 'DEF' (Deflate) port. Short press the power button to begin deflation.

# EFFORTLESS SPORTS BALL INFLATION

This electric ball pump fits easily in your bag, making it perfect for on-the-go use, wherever you play.

A person using the ETENWOLF P200 Electric Ball Pump to inflate a basketball, demonstrating the ease of use and compact design for on-the-go inflation.

# NO MORE GUESSWORK

With 4 preset pressures, inflate any ball accurately, ensuring optimal sport performance.

The ETENWOLF P200 Electric Ball Pump positioned among a basketball, soccer ball, and football, highlighting its versatility for different sports with precise pressure settings.

## MAINTENANCE

- Keep the device clean and free from dust and debris.
- Store the pump and accessories in the provided storage bag when not in use.
- Avoid exposing the device to extreme temperatures or direct sunlight for prolonged periods.

- Ensure the charging port is dry before connecting the USB-C cable.

## TROUBLESHOOTING

- **Pump not starting:** Ensure the device is sufficiently charged. If the ball's current pressure is below 4 PSI, the pump may not initiate inflation automatically. Manually inflate slightly with a hand pump if necessary, then use the electric pump.
- **Inaccurate pressure reading:** Ensure the needle is fully inserted into the ball's valve and there are no air leaks.
- **Slow inflation:** Check if the battery is low. A fully charged pump provides optimal performance.

## SPECIFICATIONS

Feature	Detail
Air Flow	6.5 L/min
Battery Capacity	2,000mAh (Lithium-ion)
Pressure Range	3-17 PSI
Preset Pressures	Basketball (8 PSI), Soccer (12 PSI), Football (9 PSI)
Special Features	Needle Storage, Deflate Mode
Input	5V/2A, USB-C Port
Material	Plastic
Item Weight	0.3 Kilograms
Product Dimensions	1.85"L x 1.73"W x 6.71"H

## WARRANTY

The ETENWOLF P200 Electric Ball Pump comes with a **2-YEAR** warranty. Please retain your proof of purchase for warranty claims.
