## Rokid Rokid AR Joy

# Rokid AR Joy Pack 2 AR Glasses and Station User Manual

Model: Rokid AR Joy

Brand: Rokid

## IMPORTANT SAFETY INFORMATION

---

Please read all safety instructions before using your Rokid AR Joy Pack 2 AR Glasses and Station. Failure to follow these instructions may result in injury or damage to the device.

- Do not walk or operate vehicles while wearing the AR glasses, especially with the blackout cover, as this can obstruct your vision and lead to accidents.
- Avoid prolonged use to prevent eye strain. Take regular breaks.
- Keep the device away from water and extreme temperatures.
- Do not attempt to disassemble or repair the device yourself. Contact customer support for assistance.

## SETUP

---

### Unboxing Your Rokid AR Joy Pack 2

Your Rokid AR Joy Pack 2 includes the following items:

- Rokid Max 2 AR Glasses
- Rokid Station
- USB-C Cable
- Nose Pads (various sizes)
- Lens Cleaning Cloth
- Hard Protective Carrying Case
- User Manuals

# IN THE BOX

Video: An unboxing demonstration of the Rokid Station, highlighting its components and initial setup.

## Glasses Adjustment

The Rokid Max 2 AR Glasses offer personalized vision adjustment for optimal comfort and clarity.

- **Diopter Adjustment:** Use the diopter dials located on top of the glasses to adjust for myopia up to 600°. This eliminates the need for corrective lenses for many users. (Astigmatism is not supported; users with myopia greater than 600° may require separate prescription lenses).
- **Nose Pads:** The package includes various nose pad sizes. Swap them out to find the best fit for your face, ensuring comfort and optimal screen positioning.

Video: A demonstration of how to fit and replace the lenses on the Rokid AR glasses.

### Connecting Your Devices

The Rokid AR Joy Pack 2 offers versatile connectivity options:

- **Direct USB-C Connection:** Connect the Rokid Max 2 glasses directly to mobile devices (e.g., iPhone 15/16 series, Android phones supporting DisplayPort) or laptops with USB-C ports for screen mirroring.
- **HDMI Adapter/Rokid Hub:** For devices without USB-C DisplayPort support (e.g., PS4/5, Xbox Series X/S, Nintendo Switch, Windows laptops with HDMI), use an HDMI adapter or the Rokid Hub for connectivity.
- **Wireless Casting:** Cast your phone or Steam screen wirelessly via Chromecast or Steam Link for a larger virtual display.

# OPERATING THE ROKID AR JOY PACK 2

---

## Powering On and Basic Controls

The Rokid Station and Max 2 glasses are designed for intuitive control:

- **Rokid Station:** Features a touchpad for navigation and dedicated buttons for volume, home, and menu functions.
- **Rokid Max 2 Glasses:** Brightness can be adjusted using buttons on the right leg of the glasses.

## Display Modes

Experience content in various immersive display modes:

- **Virtual OLED Screen:** Enjoy a sharp, high-contrast 215-inch virtual screen with advanced Micro OLED technology, 50° wide FOV, and an ultra-smooth 120Hz refresh rate. Adjustable 600 nits brightness ensures vivid visuals.
- **Theater Mode:** Transform your viewing experience with a stunning 360-inch virtual display, ideal for movies and immersive content.
- **Multi-Window:** Utilize spatial computing to manage multiple virtual screens simultaneously for enhanced productivity or entertainment.
- **Reading Mode:** Optimizes text display for comfortable reading.
- **Movement Mode:** The image follows your head movement when connected to a PD source, offering a dynamic viewing experience.

## Content and Apps

The Rokid Station, powered by Google-certified Android TV OS 12, provides access to a vast library of content:

- **Google Play Store:** Download millions of movies, shows, and apps directly to the Station.
- **Streaming Services:** Enjoy popular platforms like YouTube, Disney+, Prime Video, and Apple TV. (Note: The Station does not support content in EAC3 audio format, which may affect sound on some apps like Apple TV. Refer to Troubleshooting for solutions).
- **Cloud Gaming:** Experience cloud gaming with

compatible services.

## MAINTENANCE

### Cleaning

To maintain optimal visual clarity, regularly clean the lenses of your Rokid Max 2 AR Glasses using the provided lens cleaning cloth. Avoid using abrasive materials or harsh chemicals.

### Storage

When not in use, store your Rokid AR Joy Pack 2 components in the hard protective carrying case to prevent scratches and damage.

## TROUBLESHOOTING

### Common Issues

- **No Sound on Apple TV (EAC3 Audio Format):** The Rokid Station does not support content in the EAC3 audio format, which can result in no sound on Apple TV. To resolve this, go to Plex Client Settings, select "Optical" (not the default "HDMI") in "Passthrough," and then set "Optical Encodings" to "DTS" only (uncheck "AC3"). This should enable sound for videos with EAC3 format.
- **Fuzzy or Unclear Display:** Ensure all protective films have been removed from both the outer and inner lenses of the AR glasses. Adjust the diopter dials for your specific vision needs.
- **Connectivity Issues:** Verify that your device supports USB-C DisplayPort Alt Mode for direct connection. If not, consider using a Rokid Hub or an HDMI adapter for compatibility.
